I. Parent Involvement Hearing

Parent Involvement Policy Annual Requirements:

1. Hold a Public Hearing to discuss, consider, and receive input on the Parental Involvement Policy. The public will be given an opportunity to present information and opinions on a proposed Parental Involvement Policy.

Attached is our parent involvement policy. I think we have taken steps in expanding our parent involvement through our strategic planning process. We are focused on implementing programs to further our programs to improve parent participation at all levels. Through our open houses, parent-teacher conferences, and parent volunteer and parent education programs at the pre-school and elementary buildings. See attached parent involvement policy.

The Parent Involvement Hearing was opened at 6:30 PM. This annual hearing is required to be held.
The focus of parental involvement is to further parent participation at all levels through open-houses, parent-teacher conferences, and parent education.
The hearing was closed at 6:35 PM

II. Student Fees Hearing

Student Fees Policy Annual Requirement:

1. Review the amount of money collected from student pursuant to, and the use of waivers provided in, the student fee policies of the District for the 2016-2017 school year.

2. Hold a Public Hearing to discuss, consider and receive input on a proposed Student Fee Policy. The public will be given an opportunity to present information and opinions on the proposed Student Fee Policy.

The Student Fees Hearing was opened at 6:35 PM. This annual hearing is required. Student fees collected in the 2016-17 school year were $30,000; fees totaling $3,600 were waived. To receive a fee waiver, a family must fill out a

waiver form for an individual fee. All fees must be approved by an administrator prior to issuance. The hearing closed at 6:45 PM.

Summer School/Curriculum/Textbook Update: Dr. Dave Gibbons

Summer School - We are up to 331 students registered for the June K - 8 Summer Camp. Of those students, 290 have regularly attended. We have 75 students attending summer classes at SCHS. 194 students are signed up for the STEM camp in July. Overall, that is about 100 more students than last year.

If you haven't yet seen this article, it is as story from the Schuyler Sun demonstrating the value of our summer classes: http://columbustelegram.com/schuyler/news/schs-graduates-find-their-passions-in-classroom/article_63253ea1-02ff-5179-8e39-c14efc6132d7.html

Curriculum Materials - The following new curriculum materials have been approved for purchase. The total cost, including yearly purchases should come to about $175,000. This includes the 6 - 8th Science, Social Studies and Math Techbooks that were a part of the SIG grant.

K-5 Math - Will purchase a newer edition of EnVision Math. This includes updated online access.

K-5 Newcomers Program - Language Central for Newcomers

K-5 ELL English - Voyager Sopris Reading

6-8 ELL Reading - Keystone Reading (adding the online component).

9-12 Ag Science - Updated edition of Agriscience Fundamentals and Applications

9-12 Graphic Arts - Communicating through Graphic Design, Teacher's Edition

9-12 Sports & Entertainment Mktg - Cengage Sports & Entertainment. book

9-12 Anatomy & Physiology - Pearson Essentials of Human Anatomy & Physiology

3-5 Music - Additional music supplies

VII.D. Superintendent's Report

1. **State Aid Certification:** See attached state aid certification for 2017-18. I also attached the 2016-17 for comparison purpose. In preparation for

this reduction, administration is cutting $500,000 from the 2017-18 budget allowing us to basically freeze the budget at the 2016-17 level.

2. **Board Policy Update:** I received the board policy updates from the service unit. I sent it to the NASB for their review and final recommendations. These policy revisions will be on the agenda for action in July and August.

3. **Building Construction Update**: Obrist is working on the storm sewer between the buildings. We have rerouted the storm sewer to the south by the camper clean-out at the advisement of Jim McGowan and the City Street Superintendent from JEO. Their concern was that the line to the southwest of the building carries a large section of town and often runs at capacity. If we were to connect to that line, we would need to put in a check valve to prevent back-flow. Footings are completed and as soon as the storm sewer is completed near the building, Biermann will begin pouring the floor and are scheduled, weather permitting, to have that near completion by the end of the week.

4. **Other Scheduled Building and Grounds Projects:**

Elementary Sidewalk: The sidewalk connecting the elementary building to 22nd street was poured today.

Middle School Landscaping: We are currently working with Peterson Sprinkler and Jeff Gall on the dirt prep, sprinklers, and seeding.

Preschool Lawn: We will start the dirt work, sprinkler installation, and seeding on the west side of the preschool building as soon as we are finished at the middle school.

High School West Hallway: The sheetrock on the west hallway in the high school building is completed and ready for paint. We are in the process of tile removal and have scheduled the floor prep and new tile over the next few weeks.

5. **Board Website:** NASB is in the process of migrating the past board information to the new board website. They said board members may not see much difference, but the people putting the meeting in will see the most difference. I will let you know if the website is migrated this month, if so, Sally will need to be appointed as recording secretary in July.

6. **Bus Barn Rental:** We will be discontinuing our rent of our current bus barn and moving over to the new Semerad building over the next two months. The new facility is heated and will house all of our buses. In addition, we have 360 ft. of shelving that will allow us to have a central warehouse for custodial and school supplies. The cost for the rental is $400 per bay. We are in the process of reducing our transportation and building and grounds budget as a result of this move.

In preparation for a $1.3 million dollar reduction in State Aid, administration is cutting $500,000 from the 2017-18 budget allowing it to remain at the 2016-17 level.

Board policy updates have been sent to the NASB for review and final recommendations.

During the next two months all buses will be moved to a new facility which is heated and contains 360 ft. of storage shelving that will allow us to have a central warehouse for custodial and school supplies. Excess items will be sold at auction, recycled, or disposed of.

PARENTAL INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent of any student of the district to review textbooks, tests, curriculum and instructional materials, records of a student of any such parent, unless otherwise prohibited by law, and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or administrator.

Requests by parents to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the administrator or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

The request for the student to be excused will be reviewed by the superintendent and a decision provided to the parents. While verbal objections and decisions are valid, written follow-up to verbal communications is required from the parent and the superintendent. If a student is excused from the requested activity no penalty will be assessed but an agreed upon alternative activity must be performed to the satisfaction of the teacher and superintendent.

It is the policy of the district to use only testing methods and testing instruments that are not of an experimental nature and to avoid using any testing materials or testing techniques that are not generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents of any survey which may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents may find items of the survey objectionable.

(In each of the following six items, the board must describe in policy how it will accomplish the goal described.)

1. The board will involve parents in the development of the Title I plan, the process for school review of the plan and the process for improvement;
2. The board will provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance;
3. The board will build the schools' and parents' capacity for strong parental involvement;
4. The board will coordinate and integrate parental involvement strategies under Title I with other programs such as Head Start, Reading First, etc.;

5. The board will conduct with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the school served including identifying barriers to greater participation by parents in Title I activities (with particular attention to low-income parents, Limited English Proficient (LEP) parents, minorities, parents with disabilities and parents with low literacy) and use the findings of the evaluation to design strategies for more effective parental involvement and to revise, as necessary, the parental involvement policies; and
6. The board will involve parents in Title I activities.

The parent or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.

This policy is adopted following a public hearing to receive public comments and suggestions.

STUDENT FEES POLICY

The Board of Education of Schuyler Community Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children, which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations, which may be adopted from time to time. The Policy includes Appendix "1," which provides further specifics of student fees and materials required of students. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

(1) Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are

directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(2) Personal or consumable items & miscellaneous

a. (a) Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.

(b) Courses

(i) General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

(iii) Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(iv) Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(v) Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

(3) Extracurricular Activities–Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire.

Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extra curricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

(4) Extracurricular Activities–Fees for participation. Any fees for participation in extra-curricular activities are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.

(5) Postsecondary education costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

(6) Transportation costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

(7) Copies of student files or records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

(8) Participation in before-and-after-school or prekindergarten services. Students are responsible for fees required for participation in before-and-after-school or prekindergarten services offered by the District, except to the extent such services are required to be provided without cost.

(9) Participation in summer school or night school. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

(10) Breakfast and lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

(11) Waiver Policy. The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced-price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.

(12) Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.

(13) Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

CERTIFICATION

On the 16th day of June, 2014, the school board held a public hearing at a meeting of the school board on a proposed student fee policy. Such public hearing followed a review of the amount of money collected from students pursuant to, and the use of waivers provided in, the student fee policy for the 2013-14 school year. The foregoing student fee policy was adopted after such public hearing by a majority vote of the school board at an open public meeting in compliance with the public meetings laws.

PARENTAL INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent of any student of the district to review textbooks, tests, curriculum and instructional materials, records of a student of any such parent, unless otherwise prohibited by law, and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or administrator.

Requests by parents to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the administrator or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

The request for the student to be excused will be reviewed by the superintendent and a decision provided to the parents. While verbal objections and decisions are valid, written follow-up to verbal communications is required from the parent and the superintendent. If a student is excused from the requested activity no penalty will be assessed but an agreed upon alternative activity must be performed to the satisfaction of the teacher and superintendent.

It is the policy of the district to use only testing methods and testing instruments that are not of an experimental nature and to avoid using any testing materials or testing techniques that are not generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents of any survey which may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents may find items of the survey objectionable.

(In each of the following six items, the board must describe in policy how it will accomplish the goal described.)

1. The board will involve parents in the development of the Title I plan, the process for school review of the plan and the process for improvement;
2. The board will provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance;
3. The board will build the schools' and parents' capacity for strong parental involvement;
4. The board will coordinate and integrate parental involvement strategies under Title I with other programs such as Head Start, Reading First, etc.;

5. The board will conduct with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the school served including identifying barriers to greater participation by parents in Title I activities (with particular attention to low-income parents, Limited English Proficient (LEP) parents, minorities, parents with disabilities and parents with low literacy) and use the findings of the evaluation to design strategies for more effective parental involvement and to revise, as necessary, the parental involvement policies; and
6. The board will involve parents in Title I activities.

The parent or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.

This policy is adopted following a public hearing to receive public comments and suggestions.

STUDENT FEES POLICY

The Board of Education of Schuyler Community Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children, which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations, which may be adopted from time to time. The Policy includes Appendix "1," which provides further specifics of student fees and materials required of students. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

(1) Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are

directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(2) Personal or consumable items & miscellaneous

a. (a) Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.

(b) Courses

(i) General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

(iii) Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(iv) Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(v) Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

(3) Extracurricular Activities–Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire.

Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extra curricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

(4) Extracurricular Activities–Fees for participation. Any fees for participation in extra-curricular activities are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.

(5) Postsecondary education costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

(6) Transportation costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

(7) Copies of student files or records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

(8) Participation in before-and-after-school or prekindergarten services. Students are responsible for fees required for participation in before-and-after-school or prekindergarten services offered by the District, except to the extent such services are required to be provided without cost.

(9) Participation in summer school or night school. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

(10) Breakfast and lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

(11) Waiver Policy. The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced-price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.

(12) Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.

(13) Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

CERTIFICATION

On the 16th day of June, 2014, the school board held a public hearing at a meeting of the school board on a proposed student fee policy. Such public hearing followed a review of the amount of money collected from students pursuant to, and the use of waivers provided in, the student fee policy for the 2013-14 school year. The foregoing student fee policy was adopted after such public hearing by a majority vote of the school board at an open public meeting in compliance with the public meetings laws.

HARASSMENT AND BULLYING POLICY

One of the missions of Schuyler Community Schools is to provide safe and secure environments for all students and staff. Positive behaviors (non-violence, cooperation, teamwork, understanding, and acceptance of others) are encouraged in the educational program and required of all students and staff. Inappropriate behaviors (bullying, intimidation and harassment are to be identified and corrected. Students and staff are to avoid such behaviors. Strategies and practices are implemented to reinforce positive behaviors and to discourage and protect others from inappropriate behaviors.

"Bullying" is behavior where one person or group engages in harmful action towards another person or group acting on a real or perceived imbalance of power or view of superiority. The behavior typically includes verbal (e.g. teasing or name-calling) and physical aggression (e.g., hitting, pushing), threatening, excluding or ignoring, spreading rumors, or taking, defacing or destroying the others' property. "Harassment" includes the same actions, though not necessarily from a standpoint of perceived power. Harassment is prohibited. Bullying and harassment is a violation of student conduct rules and appropriate disciplinary measures, up to expulsion, will be enforced. When bullying or harassment is done on the basis of gender, disability, race, or other protected status, it is considered a very serious offense for which expulsion may be a likely consequence depending on the severity of the conduct.

Students who are the victim of bullying or harassment or who observe such occurring are to promptly report the problem to their teacher or to the Principal so the problem can be addressed. Students who make reports of bullying activity will not be retaliated against for making the report.

For **Medical Requirements for School Entrance** A physical examination is required for school entry and at seventh grade. Qualified providers are physicians, physician assistants, and advance practice registered nurses. Also required for school entry is a visual evaluation, consisting of testing for amblyopia, strabismus, internal and external eye health, and testing sufficient to determine visual acuity. The parent/guardian may object in writing. The cost is borne by parent/guardian.

It should read: It is strongly encouraged for school entry to have a vision exam by an ophthalmologist or optometrist consisting of testing for amblyopia, strabismus, internal and external eye health, and testing to determine visual acuity. It is also strongly encouraged for school entry to have a dental exam done by a dentist. The parent/guardian may object in writing. The cost is borne by the parent/guardian.

Schluyler Elementary is in process of implementing Capturing Kids Hearts. Discipline issues will be looked at on a case by case basis. Administration has final decision in all class.

Algebra I in Grade 8 for high school credit

The goal of offering Algebra I in grade 8 is to maintain the advantage of enrichment in mathematics for as many students as can benefit from it. This involves higher expectations for high ability students. These students are expected to achieve more with faster academic pacing.

All qualified students should have access to regular Algebra I in grade 8. However, since Algebra I is the basis for all further study in mathematics, it is important that students have the best possible experience in this course. Therefore, students must be carefully selected. Students who need enrichment beyond this course will continue to be served by the district teachers for middle school mathematics. The high school math program will provide the opportunity for students to reach the Calculus course as seniors without taking Algebra I in high school. However, this may require students to take a dual credit math course prior to the senior year.

Guidelines for Offering Algebra I in Grade 8

Students must be carefully selected for Algebra I so that they have a high probability of success. They must meet most of the following criteria.

1. Demonstrate mastery of key competencies identified for Math at the HS level.

1. Demonstrate readiness for Algebra I and mastery of essential arithmetic skills by achieving the following scores:
    1. Minimum score of 70th on the Math section of the MAP assessment, and/or
    2. Score at the 70% (raw score) or higher on the NE State Math Assessment

1. Verification by the middle school that most of the following additional criteria are met:
    1. Reading Comprehension: at least one year above grade level; Benchmark data.
    2. Recommended for Algebra I in grade 8 by the SMS Math team, based on: Grade of A or B in Grade 7 Math;
    3. Maturity and study habits adequate for work load required by Algebra I

Process for Granting Credit for Algebra I Taken in Grade 8

High school credit may be given for Algebra I taken in grade 8. The Algebra I class must follow the high school's exact curriculum for Algebra I in order to receive high school credit. The grade will be assigned by the middle school teacher and will be included in the calculation of the student's high school GPA.

Physical Science in Grade 8 for high school credit

Schuyler eighth grade students have the opportunity to earn high school credits that will count towards high school graduation. Eighth grade students enrolled in Physical Science can earn credit for successfully completing the high school course and then have it posted on their high school transcript. The goal of offering Physical Science in grade 8 is to maintain the advantage of enrichment in Science for as many students as can benefit from it. This involves higher expectations for high ability students. These students are expected to achieve more with faster academic pacing.

All qualified students should have access to regular Physical Science in grade 8. However, since Physical Science is the first science class in high school, it is important that students have the best possible experience in this course. Therefore, students must be carefully selected. Students who need enrichment beyond this course will continue to be served by the district teachers for middle school science.

The high school science program will provide the opportunity for students to reach the Physics course as seniors without taking Physical Science in high school. However, this may require students to take a dual credit science course prior to the senior year.

Guidelines for Offering Physical Science in Grade 8

Students must be carefully selected for Physical Science so that they have a high probability of success. They must meet all of the following criteria.

1. Demonstrate mastery of key competencies identified for Science at the high school level.

1. Demonstrate readiness for Science and mastery of essential science skills by achieving the following scores:
    1. Minimum score of 75th percentile on the Science section of the MAP assessments.

1. Verification by the middle school that most of the following additional criteria are met:
    1. Reading Comprehension: at least one year above grade level;
    2. Recommended for Physical Science in grade 8 by the SMS Science team based on: Grade of A or B in Grade 7 Math and Science;

3. Maturity and study habits adequate for work load required by Physical Science.

Process for Granting Credit for Physical Science Taken in Grade 8

High school credit may be given for Physical Science taken in grade 8. The Physical Science class must follow the high school's exact curriculum for Physical Science in order to receive high school credit. The grade will be assigned by the middle school teacher and will be included in the calculation of the student's high school GPA.

PERIOD 3	9:57 am – 10:46 am	PERIOD 7	2:33 pm – 3:22 pm

FOCUS:

FOCUS is a 30-minute block of time during 5th hour on our regular school days. This is a time for students to sit down with their focus teacher and go over their grades, attendance, and referrals. This time is not to be treated like a study hall. Students can get extra help from their focus teacher and organize/plan their academic obligations for the next academic day. Generally, all teachers will be available to assist students during this time. With the SchyPad program there might be times when teachers ask students to view lectures or instructional videos outside of their class time, this time should be used to take care of teacher requests to access online instructional material, especially if the student does not have wireless internet access at home.

Page 12

PARENT-STUDENT-TEACHER CONFERENCES:
Parent-student-teacher conferences will be held during the school year. Refer to the school calendar for the scheduled conferences. Parents and students are encouraged to attend conferences. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with the teachers. Parents may also want to contact their students FOCUS teacher, to discuss how things are going with their student in school. Conferences will be held in the East Gym. Students and parents will be contacted about conferences and encouraged to come to conferences by their Focus Teacher.

Page 20

TARDINESS TO SCHOOL POLICY:
Promptness to school is necessary to enhance student success. Students who are tardy to school more than *three times in one* ***semester*** will be assigned to the tardy program. Once the student has reached their fourth tardy, must serve time after school on Friday afternoons, when all other students get to leave at 1:30 p.m. Students who fail to serve their Friday detention time will face further disciplinary consequences including suspension from school.

Tardy to School Policy for Schuyler Central High School

1st Tardy – Parent / guardian notification and reminder of the tardy to school policy.

2nd Tardy - Parent / guardian notification and reminder of the tardy to school policy.

3rd Tardy – Parent / guardian notification and reminder of the tardy to school policy

4th Tardy – Parent / guardian meeting with administration required. Student will begin to serve time after school on Friday afternoons or Saturday School.

5th Tardy - Parent / guardian notification and the student will serve ISS time and a conference with guidance counselor required.

6th Tardy – **Administrative discretion. Which could include, but is not limited to Saturday School or in-school suspension**. A 2nd parent/guardian meeting with administration will be required. Student referred to Student Assistance Team.

Page 21

Loss of Credit due to Truant Behavior.
All students at the high school must earn credit for their classes by attending school, by law, and completion of all requirements for the class. If a student is habitually truant they risk a chance of not attaining credit. If a student is tardy for class unexcused, that equals one unexcused hour. The process for a student to lose credit is as such: Unexcused 5 days equals a quarter of lost credit for that class; unexcused for 10 days a loss of half of their credit for that class; unexcused 15 days equals three quarters loss of credit; and 20 unexcused absences will result in full loss of credit for the class. The student may appeal to the Truancy Team to present to the team to earn their credit back. If a student does not appeal, then the school truancy officer will file with the county attorney a truancy case. At the same time, the Principal will request to the Superintendent to take the loss of credit students to the board meeting to have the board to accept or deny the loss of credit request. During this time parents may also appeal to the Superintendent or Board of Education for reinstatement of credit.

Algebra I in Grade 8 for high school credit

The goal of offering Algebra I in grade 8 is to maintain the advantage of enrichment in mathematics for as many students as can benefit from it. This involves higher expectations for high ability students. These students are expected to achieve more with faster academic pacing.

All qualified students should have access to regular Algebra I in grade 8. However, since Algebra I is the basis for all further study in mathematics, it is important that students have the best possible experience in this course. Therefore, students must be carefully selected. Students who need enrichment beyond this course will continue to be served by the district teachers for middle school mathematics. The high school math program will provide the opportunity for students to reach the Calculus course as seniors without taking Algebra I in high school. However, this may require students to take a dual credit math course prior to the senior year.

Guidelines for Offering Algebra I in Grade 8

Students must be carefully selected for Algebra I so that they have a high probability of success. They must meet most of the following criteria.

A. Demonstrate mastery of key competencies identified for Math at the HS level.

B. Demonstrate readiness for Algebra I and mastery of essential arithmetic skills by achieving the following scores:
    1. Minimum score of 70th on the Math section of the MAP assessment, and/or
    2. Score at the 70% (raw score) or higher on the NE State Math Assessment

C. Verification by the middle school that most of the following additional criteria are met:
    1. Reading Comprehension: at least one year above grade level; Benchmark data.
    2. Recommended for Algebra I in grade 8 by the SMS Math team, based on: Grade of A or B in Grade 7 Math;
    3. Maturity and study habits adequate for work load required by Algebra I .

Process for Granting Credit for Algebra I Taken in Grade 8

High school credit may be given for Algebra I taken in grade 8. The Algebra I class must follow the high school's exact curriculum for Algebra I in order to receive high school credit. The grade will be assigned by the middle school teacher and will be included in the calculation of the student's high school GPA.

Physical Science in Grade 8 for high school credit

Schuyler eighth grade students have the opportunity to earn high school credits that will count towards high school graduation. Eighth grade students enrolled in Physical Science can earn credit for successfully completing the high school course and then have it posted on their high school transcript. The goal of offering Physical Science in grade 8 is to maintain the advantage of enrichment in Science for as many students as can benefit from it. This involves higher expectations for high ability students. These students are expected to achieve more with faster academic pacing.

All qualified students should have access to regular Physical Science in grade 8. However, since Physical Science is the first science class in high school, it is important that students have the best possible experience in this course. Therefore, students must be carefully selected. Students who need enrichment beyond this course will continue to be served by the district teachers for middle school science.

The high school science program will provide the opportunity for students to reach the Physics course as seniors without taking Physical Science in high school. However, this may require students to take a dual credit science course prior to the senior year.

Guidelines for Offering Physical Science in Grade 8

Students must be carefully selected for Physical Science so that they have a high probability of success. They must meet all of the following criteria.

A. Demonstrate mastery of key competencies identified for Science at the high school level.

B. Demonstrate readiness for Science and mastery of essential science skills by achieving the following scores:
    1. Minimum score of 75th percentile on the Science section of the MAP assessments.

C. Verification by the middle school that most of the following additional criteria are met:
    1. Reading Comprehension: at least one year above grade level;
    2. Recommended for Physical Science in grade 8 by the SMS Science team based on: Grade of A or B in Grade 7 Math and Science;
    3. Maturity and study habits adequate for work load required by Physical Science.

Process for Granting Credit for Physical Science Taken in Grade 8

High school credit may be given for Physical Science taken in grade 8. The Physical Science class must follow the high school's exact curriculum for Physical Science in order to receive high school credit. The grade will be assigned by the middle school teacher and will be included in the calculation of the student's high school GPA.

ACTIVITY PHILOSOPHY

(Page1)

Extracurricular activity programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Extracurricular activity programs are considered an integral part of the school's program of education that provides experiences that will help students physically, mentally, and emotionally.

The element of competition and winning, through it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. Participation in activities, both as a competitor and as a student spectator is and integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, team, student body, community and the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to their knowledge; skill and emotional patterns that they possess, thereby making them better individuals and citizens.

Athletics: Schuyler Central students have earned the right to be proud of their athletic teams and must work hard to maintain programs in which students and community members continue to show pride. Fall sports are cross-country, football, golf, softball, and volleyball. Winter sports include basketball and wrestling. In the spring golf, soccer, and track and field are available. Schuyler Central is a member of the Central Conference. Other conference schools are: Adam Central, Aurora, Crete, Grand Island Northwest, Columbus Lakeview, Holdrege, Seward, and York.

(Page 2)

Limitations On Elected Offices:

1. Initiations for all school organizations are prohibited.

2. A student may be president of only one organization at a time. Editor and cheerleader or drill team co-captain are considered equivalent offices because of the responsibility and time required.

3. A student may not hold the same office in two different organizations at the same time.

4. A student may hold only one presidency or vice-presidency, and only one secretary or treasurer position. A student may be president and secretary or president and treasurer but not president and vice-president.

5. A student may not run in election for another office once elected to their quota of offices.

(Page 6)

Attendance Requirements: The expectation is for the students to be in attendance for at least a 1/2 day of school on the day of activities prior to performance unless arrangements have been made with prior administrative approval.

(Page 12-13)

~~Homecoming: To be eligible for Homecoming royalty the following criteria must be met. *Senior Status – individual must be a full-time student and have 180 credits or more and be a 7th semester senior with a cumulative~~

~~G.P.A. of 2.5 or higher. *Junior Status – begins August 1 of that year *Participate in minimum of TWO of the following school sponsored activities during junior year and completed in good standing. **Eligible activities sponsored by the school Cross Country Wrestling Music Football Golf Play Production Volleyball Soccer Speech Softball Track & Field Cheerleading Basketball Journalism Dance Team *No ISS, OSS suspensions during their junior year through the completion of Homecoming. *Alternative Ed students are not eligible for royalty. (Credit Recovery is not considered Alt. Ed.) *Beginning August 1 of student's junior year no violations listed below may occur.~~

~~1. Any alcohol, drug, tobacco, or criminal activity related infraction of school rules or state or federal laws; 2. Student may not be under the supervision of any state or federal court or pretrial diversion program, or have been adjudicated to be guilty in federal, state, district, or juvenile court. First Round of Voting The first step of voting is conducted by the S-Club (SCHS letter-winner's organization), National Honor Society, and Student Council. Voting will be conducted online through Infinite Campus and Infinite Campus will count the ballots automatically. The first vote selects ten royalty candidates (five boys and five girls), each of whom will write a short biography to be printed in the local newspaper. Second Round of Voting The second step in selecting our Homecoming royalty is done by popular vote, with all students and staff eligible to vote on the ten remaining candidates. Voting will be conducted online through Infinite Campus and Infinite Campus will count the ballots automatically. **The administration reserves the right to make special exceptions to the guidelines as they see fit due to unforeseen circumstances.~~

HOMECOMING PROCEDURES

Step #1 To be eligible for Homecoming royalty you must be:

- Senior Status (minimum of 180 credits)
- Be enrolled in your 7th semester of high school
- Must be a full-time student

All students who meet the criteria will be placed on the first ballot which will be voted on by the "S"-club and Student Council with students in both organizations receiving only one vote.

Step #2 The top 5 boys and the top 5 girls who meet the following criteria will be selected for royalty court: (example: If a tie occurs for number 5, we will take a 6th candidate for both the boys and girls.)

- Participation in a minimum of two NSAA sponsored activities Jr. year. (To include:NSAA sports, Music, Play Production, Speech, Cheerleading and Dance)
- No activity suspension for their high school career
- No consecutive multiple day ISS or OSS during their Jr. year, through Homecoming
- Not under the supervision of the court system (probation, etc)

From these 10 candidates a popular vote of the student body will occur to determine the King and Queen winners to be crowned after the football game on the football field.

(The administration reserves the right to make special exceptions to these guidelines as they see fit.)

THE REMAINING ITEMS AEW ADDITIONS:

TRANSPORTATION TO AND FROM EVENTS:

Head Coaches are required to ride the bus to and from events to supervise athletes. Assistant Coaches may be relieved of these duties on rare occasions if approved by the head coach. In rare circumstances the AD can suspend this rule for a Head Coach if the situation warrants.

RESIDENCY POLICY

While we understand all employees have different situations. We believe that our entire community benefits when our teachers, coaches and sponsors choose to live in our district. Therefore, we will continue to provide incentives for teachers who move here. We will also make it a priority to hire all coaches/sponsors but especially Head Coaches who are willing to move into the district.

UNIFORMS

Team issued warm-ups will not be worn as a travel suit or worn during normal school days. Uniforms/Warm Ups will be purchased on a rotation basis and available from your AD. If you have more athletes than uniforms, please see the AD office.

BOOSTER CLUB

For a number of years we have had an active booster club that raises money to help provide our athletic programs with items that go above and beyond district expenses. The booster club will work through our AD office to solicit items requested by coaches. These requests must be approved by the AD and should be items that are luxury as opposed to necessity for a sport. Clothing items such as travel suits, towels and warm ups are items that will not be approved.

COACHES CLINICS

$100 per coach is allowed for clinics, school transportation will be provided and must be registered with AD with prior approval. If a head coach and assistant coach wish to attend a clinic, it should be included in their requisition. Expenses beyond the annual $100 will need to be taken out of the club account.

CONCESSIONS

Organizations may sign up to do concessions for home events. The procedure for payment is, "you make it, you take it, less 10%". The 10% kept by SCHS will be used for equipment improvements for our concession stands as well as the consumables such as popcorn, bags, oil, etc.. Suggestions for these improvements should be made to the AD office. In the event that you are running a club event or some other outside event, where you are bringing in a lot of other items to sell, you may elect to pay for the cost of items sold plus $200 a day for concession stand use.

TELEPHONES AND SOCIAL MEDIA

In today's day and age we have become very dependent on our cell phone. At times phones and other electronic devices can be a large distraction from the task at hand. Coaches have the right to apply specific electronic device rules within reason during their activities.

Social Media can be a great tool to promote positive activities within our school. However, coaches, athletes and parents need to avoid negative posts or replying to other negative posts. These posts should be brought to the Head Coaches and AD's attention so they can be handled appropriately. Coaches should also spend time with their athletes teaching them to use social media appropriately and may have specific policies that relate to social media.

STATE CONTESTS

Coaches that attend state contests when Schuyler teams are not involved will get permission from the Athletic Director. Only the HEAD COACH will be excused to attend the tournament or meet for one day out of school. Coaches may attend the tournament or meet additional days that are not scheduled at the same time classes are in session or take a PTO day for this activity.

Dear Dr. Hoesing, Board of Education, Mr. Comley, and Mr. Kovar,

It is with a heavy heart that I am asking you to please accept this letter as my official resignation from my position as School Counselor at Schuyler Elementary School. After much contemplation, I have accepted (upon your approval) a counseling position with David City Public Schools for the 2017-2018 school year.

I have thoroughly enjoyed my time here and am honored to have had the chance to touch the lives of so many children. It has been as much a pleasure to learn from them as it has been to teach them. Also, thank you for the many opportunities and experiences to grow personally and professionally! It is bittersweet to be leaving a school and work family I truly love and can only hope to find that same love in a new school district.

I am happy to assist making the transition as seamless as I can. Please let me know if you need any additional information.

Sincerely,

Melissa K Glodowski

Dear SCS Board of Education:

I would like to respectfully request that you release me from my teaching contract for the 2017-2018 school year. I have been applying for teaching jobs that are closer to where I live, and recently I was offered an opportunity to teach business at Lincoln High. I feel this position is a good fit for me and I would like to accept their offer.

The decision to leave Schuyler Community Schools after 23 years of teaching has been a very difficult one for me to make. I have enjoyed teaching so much at SCHS. Schuyler will always be considered "home" for me and I will miss it very much. I am very thankful for all of the wonderful experiences and opportunities to grow personally and professionally.

Thank you for considering my request.

Respectfully,

Bonnie Zrust

First of all I want to thank you guys for giving me the opportunity to work at Schuyler Elementary School as a kindergarden para. I loved working at the school and I loved being Miss Dishny's para. Well once again thanks. My plans for summer is to find a summer job and I am planning to start college and also want to get my CNA and probably work in the nursing home. I had so many good experiences working with Kindergarden. :)

TOW YOUTH JUSTICE INSTITUTE
University of New Haven

Dear Sidnee Pavel,

My name is Dr. Danielle Cooper and I am reaching out to you because of your work with Schuyler Community Schools. We would greatly appreciate it if you would participate in our National Survey of Truancy Intervention Models, specifically providing information about youth served in Nebraska.

Since 2014, the Tow Youth Justice Institute (TYJI) at the University of New Haven in West Haven, CT has been working in the areas of research, evaluation, training, planning, and policy development in order to integrate evidence-based practices and programs in the youth justice system in the state of Connecticut. We are currently conducting a national survey of truancy intervention models in collaboration with Connecticut's State Department of Education (SDE). This work is mandated by Connecticut's Juvenile Justice Policy and Oversight Committee (JJPOC), as well as recently passed legislation (Public Act 16-147) that has called for the decriminalization of truancy as a status offense in Connecticut. Specifically, truant students will no longer be referred to the courts for assistance, but rather, will be referred to community- and school-based truancy intervention programs.

You are invited to participate in our brief online questionnaire.
Your participation should take approximately 20-30 minutes to complete.
Your information will be considered in the development of the updated truancy model for Connecticut.

We would greatly appreciate it if you could respond to this request for your participation by Friday, June 16th. Please reach out to Dr. Danielle Cooper, Interim TYJI Director of Research, by phone at (203) 932-1038 or via email at dcooper@newhaven.edu with any questions or comments. If you would prefer to answer this survey by phone, please reply by email and a call will be scheduled with you.

Sincerely,

- Mr. Stephen Grammer, SCHS Principal, convened the selection committee: Two Senior Class officers-Luis Mendoza & Jesica Hernandez, two SCS teachers who were SCHS graduates - Bonnie Zrust & Guillermo Gutierrez and two SCS Foundation representatives-Sheri Balak & Joyce Baumert.

Dinner:

- Invitations mailed April 11 to honorees with 2 complimentary dinner tickets each.
- Invitations also sent to individuals who submitted nominations, SCS Foundation members and spouses, SCS School Board members and spouses, former DA recipients and spouses and Distinguished Alumni Award selection committee members.
- Dinner held at Schuyler Golf Club, LuAnn Vavricek, Manager
- Catering by Kelly's Katering, Schuyler, NE
- Menu - roast beef, mashed potatoes and gravy, shrimp kabob, green beans, mixed green salad, dinner roll, choice of chocolate or cherry torte dessert, coffee, tea and water.
- The Golf Club provided white linen tablecloths, white linen napkins, plates, glasses, and silver for six round tables. The Golf Club provided staff to serve the meals and water, tea & coffee.
- 32 diners attended, three complimentary tickets were used. 38 made reservations, 4 did not show and two were counted twice in reservation process.
- Kelly's Katering charged $12.95 per plate for 38 reservations. The Foundation paid $590.52 for the dinner and gratuity.
- $467.00 was collected for the dinners.
- A separate table covered in Joyce's green tablecloth was used to display the three 8x10 individual plaques on small easels. Joyce provided green tablecloths and easels.
- Six daisy floral arrangements created by Kim Parsons decorated the tables.
- Joyce created placards about previous Distinguished Alumni and SCS Foundation goals.
- Sheri printed and mounted casual snapshots of the 2017 Distinguished Alumni and placed them and the placards on wire photo displays.
- Programs with a photo and biography of each honoree created by Joyce and printed by Shelley Friesz at SCHS were placed in center of each table setting.

Presentations

- Sheri Balak gave a welcome.
- Brian Vavricek presented information about the SCS Foundation.
- Brian introduced the Distinguished Alumni Award recipients.
- Recipients Chris Langemeier and Cristobal Salinas, Jr. each gave a response. Brian Bywater responded for Jim Sindelar who was unable to attend.
- Brian Vavricek offered a prayer before the meal.

Commencement at SCHS West Gymnasium

- Reserved seating was provided for honorees & their families on the floor in the front row.
- The printed Distinguished Alumni program was included in the Commencement program.
- Brian Vavricek presented plaques to the Distinguished Alumni and gave a challenge to the Class of 2017.

Plaques

- Three 8x10 and three 12x15 plaques in a black piano finish were created by Awards Unlimited, Lincoln, ordered through Bob Polzin.
- Each plaque had the honoree's photo and a short biography.
- Sheri wrote the biographies and created a draft of each plaque.
- Cost for 6 plaques plus a $20 lettering fee for each was $423.60 (Same as previous years)
- Small plaques were given to recipients at the dinner and then retrieved so that they could be presented at commencement.
- The 12x15 plaques were given to Mr. Grammer to be installed on a wall in the east SCHS Commons Area.

News Release

- News releases with biographies and photos of the recipients were sent to *The Schuyler Sun,* the Schuyler Area Chamber of Commerce and Kady Arps, SCS webmaster.

Recommendations

- Arrange for the celebration dinner at Schuyler Golf Club for 2017 and for Kelly Lingenfelter to be the caterer.
- Reduce cost of table decorations.
- Follow timeline in the Distinguished Alumni Goal and Plan of Action.
