Thanks Kristin,

FYI, it's gonna be another day or so before I get you what we discussed.

I would preserve 5-12am to be overly cautious. I would also ask that you include any footage on the outside the door itself in that area, from any direction. I'm speaking about the exit doors closed to the back side of the board room. Any footage on the hallway near that door or on the door itself outside or inside.

I appreciate the question. Text or call if you need anything further. I hope that is not necessary while you're off, we can talk Monday as long as nothing will be deleted in the meantime.

I hope you have a nice holiday weekend.

Kelli

Kelli,

Do you have a timeframe in which I should preserve this location's footage?

Hi Kristin,

Pursuant to our conversation a moment ago, I forgot to mention something. Can you please take the necessary steps to ensure security camera footage from 4/16/25 is preserved. Specifically, the hallway on the northside of the boardroom near the secondary exit. In other words, any

security footage around the back door to the board room.

Kindly confirm receipt of this email, more to come per our conversation.

Thanks,  
Kelli
