VI.B.1. Consider, discuss, and take action to approve the use of "local Substitutes" for the 2018-19 school year.

The State of Nebraska requires that the board of education must annually approve the use of "local substitutes" to teach in absence of the regular teacher. Local substitutes are limited to 45 days per year in the school district on an intermittent basis. We have been using local substitutes in the past, but the Department of Education requires board minutes validating local substitute certificates.

Wayne State College has continued our agreement for placement of substitute teachers from the Northeast Nebraska Teacher's Academy (NENTA) for the 2018-19 school year. These students have completed the necessary gateway requirements and hold a valid Nebraska Teacher's Certificate.

VII. Discussion Items and Reports

VII.A. Priority School Report
See attached report.

VII.B. Principals Reports

Preschool and 3-5 Principal's Report: Mr. Comley
Program/teacher highlight: This month I would like to bring attention to Deb Schueth and the Newcomers program at SES. Mrs. Schueth is a teacher that goes above and beyond not only for the children in our school but the district. Mrs. Schueth spends countless hours preparing and teaching across multiple grade levels with minimal help. All the reasons above in addition to self motivation, work ethic, and the desire to get children where they need to be are the reasons Deb Schueth and the Newcomers program is my spotlight of the month.

October 5th we will be having Wonders training for SES teachers
October 10th will be APL refresher for SES teachers
October 8th Preschool will be in training on classroom management

K-2 Principal's Report: Mr. Kovar
Spotlight- I would like to highlight our Elementary Counselor's, Ingrid Rodriguez and Meridith Riha. Both of these ladies go above and beyond for our students. They wear so many different hats, and their days are usually spent running from one place to another. They have been so busy to start the year doing things like bus evacuations, starting the Yummy backpack program, teaching expectations to students, making home visits, attending community meetings, and working with struggling families. We are extremely lucky to have these two as an important part of our team!!

Rural School Principal's Report: Ms. Bebout
Program/Staff Member Highlight: Our K-2 teacher at Richland is Denise Stevenson. Denise is a very dedicated teacher and goes above and beyond for her students. She just received a grant from Cornhusker Power Goodwill which she will use for STEM activities in her classroom.

Denise has taught at Richland for 21 years and before that taught at Colfax District 11R for two years. She grew up in Schuyler and went to school at UNL and Wayne State. She is now working towards another Master's Degree in Mastering Arts. She is married to Ken Stevenson and has two daughters Rylee (21 years old) and Emily (16 years old). We are lucky to have such a hard working teacher in our district.

SMS Assistant Principal's Report: Mr. Zavadil
Our year has started off quickly and our whole team has been doing a great job of implementing the Capturing Kids' Hearts program especially new staff. The collaboration and group work among our teachers is going very well.

Mrs. Knutson is working to organize our Red-Out walk, she is selling shirts and teachers will

walk to show support for the American Heart Association before the home football game on October 5th.

Later this week Ms. Cruz, Mrs. Hanna and myself will be attending the NATS/NATM joint conference. Both of these teachers are new to the district and we are hoping that this will allow them to connect with other teachers in their subject areas and gather ideas to bring back to their classrooms.

SMS Principal's Report: Mrs. Burton

Program and Staff Member Spotlight: SMS Broadcasting

For the last four years, our SMS Broadcasting Program has been led by Mrs. Shanda Hall. Mrs. Hall has worked with the Nebraska News Channel and STRIV TV to provide students the opportunity to showcase their talents in and outside of the classroom. SMS Students have been regulars at events throughout the district, as well as become employed through News Channel Nebraska for their broadcasting skills.

The STRIV Fall Conference is also being conducted at SMS on October 23rd, due to Mrs. Hall's excellent leadership of the SMS program and her strong leadership skills across the state. She has been mentoring Mrs. Peterson at SCHS as they launch their new program.

In addition to facilitating broadcasting courses at SMS, Mrs. Hall is also the SMS Yearbook Coordinator and the SMS Media Specialist. You can regularly see Mrs. Hall working the Warrior Academy Program and serving as the STRIV lead sponsor for SMS. She was recognized as the 2017-18 Teacher of the Quarter.

Shanda is the proud wife of Andy, current SMS Math Teacher, and mother of three sons, (Easton-SCHS sophomore, Auston, SCHS graduate and UNK Freshman, and Preston-SCHS graduate and UNK Junior).

Upcoming Events:

September 21st-MAP Window Closes and the Fall Data Analyses Begins
September 25th- Mrs. Beebe is taking a group to the Nebraska Digital Citizenship Symposium
October 8th- 1:30 p.m. student dismissal RESPECT Training for SMS Staff. Please see: http://respect2all.org/ for more information.

I am sorry that I am not in attendance this evening. We are welcoming our P.E.O. State Officer for our semi-annual visit. I am president of the local Schuyler chapter. This special meeting was scheduled last spring.

SCHS Assistant Principal's Report: Mr. Kasik

Program/Staff Member Spotlight: Our High School Art program is led by Michael Trotter. We have seen a huge growth in the number of students in this program and they have done a quite a few community projects. We have also just relocated and renovated the art classroom to accommodate this growth. This is Mr. Trotter's 3rd year at SCHS after spending 5 years at Omaha Benson. He grew up in Denison, Iowa, graduated from UNL and is the oldest of three boys. He has been married 10 years and has two daughters who are 4 and 2. Mr. Trotter says, " I love the continued importance the community puts on the arts and the willingness to invest time, energy, and money on growing these programs when other districts are closing them down."

Notable Topics: It has been great having Dr. Lefdal aboard to bring another experienced administrative perspective as well as his work with student attendance, tardies, discipline and senior lunch.

Classes are running very smooth right now with office referrals and suspensions way down. (Last year at this time we had a total of 24 school days missed due to in school or out of school suspensions. At this time we have had 1 school day missed for ISS, down 96%)

SCHS Principal's Report: Mr. Grammer

Program Spotlight: Our high school has for the past three years worked with the educational company, Discovery Education. Through this process of working with DE, we formed teams and committees and the team I am spotlighting for their hard commitment and diligence is the PBL

Team. PBL stands for, 'Project Based Learning'. The teachers in PBL develop many of their lessons involving hands on projects. This team plans and implements activities to provide a different way of learning, in contrast to conventional teaching style. During FOCUS time the PBL team presents fun activities for our students, An example of this is the Rock Paper Scissors (RPS) competition between FOCUS groups. It was a great activity and students had fun. Keep up the great work you are doing in our school.

Staff Member Recognition: The staff member to be recognized for their work in the high school is Mrs. Brandi Zavadil. Mrs. Zavazdil has been a Spanish Teacher in our district for the past three ears. She previously taught for six years at Tekamah-Hermann. She grew up in the Fremont area and received her Bachelors degree from UNL. Her husband, Mr. Jesse Zavadil, is our Assistant Middle School at SMS and she has two daughters, Harper (5) and Reagan (8). Mrs. Zavadil has taken on the PBL program, mentioned above, with energy and enthusiasm. She has helped to grow this program and bring fun to the halls and classrooms of SCHS. Students are lucky to have her as a teacher and staff are lucky to have her as a colleague.

Event Highlight: I would like to highlight a couple events that will be taking place in the next couple of months a SCHS. First, we were fortunate to apply for a Counselor grant and receive the grant from the Education Quest Foundation. This is a College Access Grant, which is given to schools so they can have an opportunity to be exposed to higher education options. The grant is for $7,500.00 over the four years. Congratulations to Ms. Johnson and Mrs. Bertrand for receiving this grant.

The second activity is our Warrior Showcase coming up in mid October. This event is during our Parent - Teacher Conferences in October. This will be a time to visit with teachers and a time to recognize our students for the talents that they have. More information will be coming in the next couple of weeks.

VII.C. Directors Reports

Youth Activities Director's Report: Mr. Kovar

Spotlight- Schuyler Youth Football: Schuyler Youth Football is off to a good start. I try to work closely with this group to provide a good experience for our kids. Some great news is that we have increased our numbers from last year. Last year we had 44 kids in 3rd through 6th grade, this year we are at 70!! It's a great problem to have, so we have been ordering extra equipment. 3rd and 4th grade play at 1:00pm on Sunday's, and 5th and 6th grade play at 3:00pm.

Youth Volleyball will be starting on Monday, September 17th, and run through October.

SMS Activities Director's Report: Mr. Zavadil

Our Middle School Athletics are off to a good start with our Middle School Volleyball having a new, high level of energy. Our coaches are working very well with our Girls. They started off the season well winning a match against Clarkson. We have also held multiple scrimmages at the middle school for our less experienced students. They are competing tonight at David City Aquinas.

Cross Country has been competing well also with 2nd place finishes at our own invitational and our girls getting a 2nd place finish at Wayne. Next competition will be @ the Malcolm invitational Tuesday.

Our Middle School Football team has competed well in close losses to David City/Shelby-Rising City and Crete. Our next game will be on Thursday Vs. West Point Beemer here in Schuyler.

We held the Knights of Columbus Soccer Goal Kick Challenge at the Field-House last Friday. The Warrior Academy program participated and brought great numbers to the event. We are also planning on hosting the district, state, and regional competition in our Field-House since it allows the organization to plan without having to worry about weather concerns.

SCHS Activities Director's Report: Mr. Kasik

Program/Staff Member Spotlight: Our High School Softball program is led by Scott Anderson. Mr. Anderson is in his second year here at Schuyler after a number of years teaching and coaching at Fremont High. He earned is degrees from WSC and Peru State College. He is from Coleridge and has 3 daughters and one granddaughter. Mr. Anderson's work over the summer has allowed our softball team numbers to be up and for us to be more competitive this year. With only one SB win over the last three years, we already have two wins this season and a number of close losses. Mr. Anderson says, ***" What I like about Schuyler is great people and good kids to work with."***

Notable Topics: Our Cross Country teams have been competing very well. The Boys team won the Schuyler Invite and our girls were in the top half. Our Softball team won two games early in the season and is looking to get back on track. Volleyball has been competitive and has lost a number of close games. Girls Golf has 10 girls out after returning only one golfer from last year's team. Football has over 70 kids out and is looking to turn things around.

After School Director's Report: Ms. Bebout

Program/Staff Member Highlight: Warrior Academy started on August 27th with over 200 students enrolled. At this time we have 236 students enrolled at the elementary school and 48 students at the middle school. We offer an average of 15 clubs each day between the two schools. Our band club at the elementary school has 64 students coming for extra practice after school! We are off to a great start this year.

Highlight Upcoming Events:

This fall we will be taking students to the Schuyler Theater and to the Theilen Produce Gardens Corn Maze

Light's On - October 25th

SCHS Student Services Director's Report: Dr. Lefdal

Program/Staff Member Spotlight: Our counselors have been doing an exceptional job of working with students and schedules. This time of year can be very overwhelming for counselors as the schedule changes and other issues seem to "pile up" during this time of year. They have handled these issues with professionalism and grace.

I also want to thank the UNL teachers for their flexibility and desire to help our kids! Bravo!

Notable Topics: I have been greeting students at the door in the morning as well as at my classroom door. I am so impressed with how courteous and respectful our students are when I greet them. I have 98% of the students telling me "good morning." What an amazing example of how great our kids are at SCHS!

Looking ahead: I am looking forward to learning more about our safety and security programs as well as continuing to utilize our E-hallpass for open-campus and eventually implementing it for all students. I have already had teachers asking if e-hallpass will be opened for all passes! Go team!

Special Education Director's Report: Mrs. Vrba

The 2018-2019 Team Sped's Survival Kits have been assembled and will be dispersed on Wednesday during our Back-to-School meeting! This is always such an exciting time of year! But still after 32 years of experiencing the "first day of school", I know Sunday night I will be too nervous to sleep and Monday morning too nervous to eat breakfast! It's going to be awesome!

Our 2018-2019 Team Sped members are:

At Preschool, Richland and Fisher's 24: Lexi Bruha

At SES: Kari Weihl, Caitlin Wiedel, Elyse Muhle, Bri Mize, Doreen Gibbons, and Eileen Gahan

At SMS: Lori Benesch, Pat Knutson, and Brenda Klein

At SCHS: Lynne Rambour, Jill Sorsen, and Ashlie Stone

We were so fortunate to have our same phenomenal school pysch: April Becker

During the summer, we had teachers and paras in MANDT training, a Co-Teaching Book Study and numerous college classes as they try to earn their Master's Degree.

Curriculum/Assessment Director's Report: Dr. Gibbons

2017 - 2018 State Assessments - We are still awaiting results from the state department. I will plan on creating a one page data infographic for you when I have information that I can share.

School Improvement Grant - We were able to have some professional development days over the summer this year in order to help teachers plan for this school year. We have also already had our Discovery Ed partners in the high school six times this year. Once we have finished fall MAP testing, we will begin to create goals and student learning objectives for the year as required by the grant.

Accreditation/School Improvement - We are working on writing our action plans to meet our Improvement Priorities as required by AdvancED.

Improvement Priority #1: Evaluate and Implement instructional strategies to include differentiation and personalized learning.

1. Action Plan activities:
    1. Evaluate and update assessment plan to include individual progress monitoring data.
    2. Within the instructional model, include a "Spotlight Element" that is highlighted, discussed and implemented across the district.
    3. Develop and implement a standards tracker that will facilitate tracking student progress to ensure all students' needs are met.
    4. Implement and train staff on the use of ELLEVATION's Collaborate module to differentiate for EL students.

Improvement Priority #2: Develop and implement an aligned curriculum that includes rigorous academic expectations for all student while promoting creativity and innovation.

1. Action Plan Activities
    1. Ensure all curriculum information is located in one spot. (Team Drive then FMP)
    2. Develop a district-wide system for displaying the curriculum information.
        1. List of priority standards
        2. Scales to meet those standards
        3. Scope and sequence
        4. Unit Plans
        5. Lesson Plans

    Observation and Evaluation - For the past three years, we have been using the Marzano Evaluation Model through an online platform called iObservation. We are still using the platform, but we are in the process of making a move to the Marzano Focused Teacher Evaluation Model. It is very similar to what we have been doing only it's much more focused. The previous model had 63 elements that a principal could score. The new model filtered that down to the 23 essential elements. This model is more in line with what we were already doing. A map of the protocol has been attached.

VII.D. Superintendent's Report

Staff/Program Spotlight: The district office is generally a busy place focused on providing support for purchasing, accounts payable, accounts receivable, payroll, etc... Thanks to the willingness of Sally, Shelley, and Penny to step up, this year is off to a great start. The added responsibilities of state and federal code changes, new payroll and payroll codes, Activities program and concession coordination, increased lunch applications and expanded program requirements has added much to an already heavy workload. Big thank you to these three ladies for their great work.

IV.A.1. Consider, discuss, and take action to approve the superintendent as the 2018-19 Title IX Coordinator and district representative for all local, state, and federal programs.
Action Item
The Office for Civil Rights is responsible for the enforcement of Title IX compliance by all K-12 Schools. All public schools must name a Title IX Coordinator to oversee all local, state, and federal programs in the district. This representative is responsible for the district's compliance with all accreditation, program requirements, and district responsibilities. In the past, you have named the superintendent as the representative to serve on your behalf.

In addition, we have been selected to receive a comprehensive onsite civil rights compliance review of the Career and Technical Education Program offerings during the 2018-19 school year. See attached letter for more information.

IV.B.1. Consider, discuss, and take action to approve final reading of the 2018-19 new and amended policies
Action Item
Policy 402.09 Recognition for Service of Employees - The limit on recognition dinners is now $50 per person.
Policy 403.02 Child Abuse Reporting - The Sport Authorization Act of 2017 passed by Congress includes slightly modified details to the reporting of suspected child abuse.
Policy 404.06 and **504.18** Harassment policies - The U.S. Departments of Education and Justice issued new guidance on harassment in the last year. These changes reflect that guidance.
Policy 503.08 - Cleanup language for the Married Students Policy, which many districts may not have previously included in their manual due to the rarity of need for it, but which brings it in line with required language released in March for the 503.07 Parenting and Pregnant Students Policy needed for non-discrimination rules.
Policy 503.09 Homeless Children and Youth - ***We have not updated this policy*** since Item 3 under Enrollment Disputes on page 4 of our current version already informs schools to direct the parent/guardian that they may file a written appeal of the decision to the Nebraska Commissioner of Education.
Policy 504.12 Regulated Electronic Devices - All districts include their specific student rules relating to cellphone use in the Student Handbook, but due to changes in technology and increasing abuses of using cellphones to record or report on others in the schools, we have added language to this policy.
Policy 505.03 Suspension and Expulsion of Students - Since much of the suspension and expulsion information increasing overlaps, I have combined the old 505.03 and 505.04 policies into one. The redline compares the new combined policy with the combined language of the two older policies. You will want to delete 505.04 from your Table of Contents. LB 1081 as passed by the Legislature requires certain law violations to be reported to law enforcement when the principal knows or suspects that it constitutes a violation of Nebraska's Criminal Code. The school board is also now required to annually review with the County Attorney the conduct violations defined in its policy as those that must be reported to law enforcement.
Policy 603.01 Curriculum Development - Slight changes to deal with revised NDE Science Standards and timelines.
Policy 604.14 Reading Instruction and Improvement - LB1081, the Legislature's Cleanup Bill, mandates that each district must "develop policies to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia." This policy closely follows the language of LB1081.
Policy 1005.12 Title 1 Parent and Family Member Engagement - Changes from ESSA specifically for Title 1 programs and released by NDE as a sample that they will audit for in the future. A few districts had a much earlier version of this, but this entirely new version is now considered a required policy for everyone.

Attached are the new and updated policies reviewed and approved first reading in July. The new policies are

also posted on the board policies page on the school website.

V.A.1. Consider, discuss, and take action to approve the 2017-18 budget amendment as advertised.
Action Item
In closing out our 2017-18 budgets in the general fund, lunch fund, and special building fund we need to recommend amendments to meet the actual financial responsibilities as outlined below:

1. **General Fund:** At our August 13th board meeting, we recommended prepaying the list of 2018-19 bills and staff requisitions. Following the meeting, payroll required additional spending in grant funds to allow us to claim all expenditures for reimbursement of all grant receipts. In doing so, we overspent the general fund by $23,000. We are recommending a $50,000 amendment to the general fund to allow a final transfer of high ability learner (HAL) funds to cover tuition expenses in the activity fund.

2. **Lunch Fund:** This past year our lunch participation and reimbursements exceeded our previous year's amounts. In addition, our food service applied for and received several grants for equipment, not originally allowed for in the budget. Therefore, we are recommending a $75,000 amendment to the lunch fund.

3. **Special Building Fund:** The special building fund was used to fund the high school classroom addition, the vocational/Art addition and renovation, and the new roof on the preschool building. In addition, the pay applications presented in July and August for $76,811 were paid in error to Hewgley and Associates rather than to Fauss Construction. Due to this error we are recommending $175,000 amendment to cover this error in payment and complete all payments for district projects completed over the 2017-18 school year.

Attached is the full budget, the advertised budget notice, and the valuations certified for the 2017-18 school year.

Schuyler Community Schools
Board of Education
401 Adam Street
Schuyler, NE 68661

Dear Negotiations Committee:

The Schuyler Education Association requests that the school board of Schuyler Community Schools take action to recognize the Schuyler Education Association as the exclusive bargaining agent for the district's non-supervisory certificated staff for the 2020-2021 contract year. Please direct your response to the undersigned.

Sincerely,

Mandy Yosten
2018-2019 President, Schuyler Education Association

Dear Dr. Hoesing, School Board, and Fellow Colleagues,

It is with regret that I submit to you my notice of resignation from my position as a High Needs SPED Para at Schuyler Central High School. My last day of employment will be Thursday September 6, 2018. I received an offer to serve the Schuyler Hospital, and after careful consideration, I've realized that this opportunity is the right path for me and my soon to be family of 3. I am more than happy to help with the transition of my duties, especially with Eduardo, so that whoever replaces me will have a hopefully smoother transition with him. I would like to give you my sincere thanks for the opportunity you have given me and for the knowledge that I have gained over the last 2 years working for the Schuyler Community Schools.

Thank you,

Bethany Dirkschneider 8/23/2018

Micro-Purchase Procedures

Micro-Purchases may be used for a single purchase under $10,000 made with a vendor [2 CFR 200.320(a)].

3) Select the company that provides the lowest, most responsive, and responsible bid
4) Inform all bidding companies in writing of the final decision made by the sponsor
5) Write contract for meal service between the sponsor and the winning bidder.

Formal Competitive Solicitation Procedures

3) Determine the most responsive and responsible bid/proposal by using the selection criteria set forth in the bid/proposal document
   a. Responsive bidders will be those whose bid/proposal conform to all of the terms, conditions and requirements of the IFB/RFP
4) Award the contract
   a. To the most responsive and responsible bidder based on the criteria set forth in the IFB/RFP
   b. At least two weeks before program operations begin
   c. If a protest is received, it must be handled in accordance with 7 CFR 210.21
5) Retain all records pertaining to the formal competitive bid process for a period of five years plus the current year

(Note: If the bid threshold established in the sponsor's procurement policy statement is less than $150,000, the smaller bid threshold will govern.)

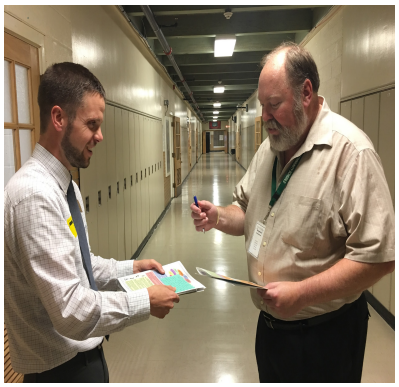
August Update to School Board:

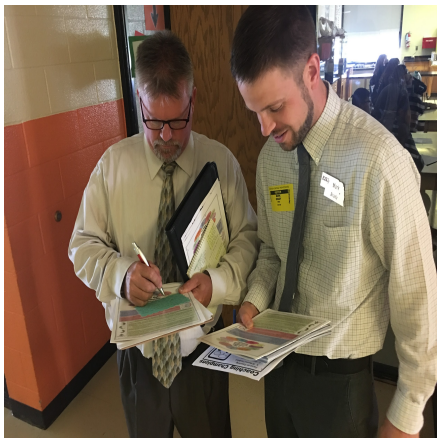
Student and Staff Culture

Strategy #1: Provide ongoing coaching and professional development for teachers on evidence-based instructional practices that support student mastery so that students feel academically safe to take risks with learning.

On August 23rd, Dr. Kathy Kennedy (NDE consultant) trained the administrative team at SCHS on a coaching tool called 30 Second Feedback. This coaching tool enables the principal and assistant principal to have specific "look fors" when entering a classroom and to also be able to discuss ways to support/encourage teachers in the building. As a team, administration completed and provided teachers with immediate feedback.



On August 29-30, the administrative team at SCHS completed 20 observations and provided teachers with immediate feedback via individual notes regarding effective instructional strategies observed in classrooms during a two-day visit with Dr. Molly Capps (Consultant). The administrative team continued to practice identifying high probability strategies in the classrooms and provided feedback to teachers regarding their talents. In a few cases, administrators were able to hold critical conversations about lesson planning and effective teaching. The team was able to see remarkable growth within a two-week period and observed conversations amongst teachers that supported the feedback and the encouragement to "fine tune" teacher talents in our building. In total, as of August 30, 2018, the admin team at SCHS have completed 28 classroom visits and provided specific feedback to teachers regarding their use of high probability instructional strategies.



Instructional Leadership: College and Career Readiness

Strategy #3: Develop a strategy to utilize FOCUS time more effectively so that college and career development efforts focus on individual student strengths.

The team continues to focus on staff and student culture within the building. For example, a group of teachers are leading "focus time" (embedded in the master schedule and in all classrooms) and have activities planning with project based learning so that every classroom is taking part in the same activities/events. It allows the staff to continue to build relationships with students. This focus group created "focus goals" (see picture) so everyone is consistent with expectations.

A Rock, paper, scissors competition will start next week (school wide) so that each class competes for a champion- then each champion will compete with each other for a school-wide champion. This was an idea for the school because a language barrier is not an issue within "rock, paper, scissors."

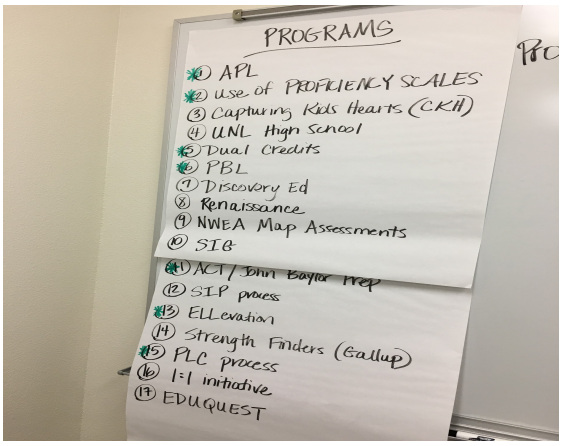
Instructional Leadership: English Learners
Strategy #2 All teachers will learn and implement effective EL strategies in their classrooms so that EL students are receiving consistent strategies that are purposeful, intentional, explicit and provide meaningful access to English Language proficiency and content standards with appropriate scaffolds and supports.

The administrative team has developed a spreadsheet containing information about English Learners (ELs) in our school. This spreadsheet provides teachers with information related to student achievement, supports needed, and other areas that may be helpful to the classroom teacher. The spreadsheet will allow every teacher within the building to quickly search students they work with, determine what instructional support the students need (based on information provided within the spreadsheet), and fully support ELs.

Clear, Compelling Direction
Strategy #2: Increase the frequency, clarity, and variety of two-way communication in a timely and efficient manner so that all stakeholders (i.e. students, staff, parents/guardians, community) will increase their knowledge of and commitment to the school vision, mission, core values, and goals.

The administrators will send Communication Surveys to teachers and students to be completed during FOCUS time to receive feedback on ways we can continue to improve processes at Schuyler Central High School by the second week of September.

Clear, Compelling Direction
Strategy # 3: Complete a comprehensive review of programs implemented at Schuyler Central High School so that the school can measure the return on investment and the effectiveness of each program as it relates to the school's goals.



The administrative team and ESU #7 are currently analyzing programs that are being used within our school to determine the return on investment based on implementation and increased student achievement. We have been able to identify 19 programs being utilized by teachers in our building- all of which have been identified as important- but many needing attention/support. The team is working with NDE to obtain an implementation rubric of these programs. This would allow the team to quickly see what's working and what's not and what is truly being implemented with fidelity.

On Friday, August 31, the admin team reviewed the Priority School Progress Plan and discussed artifact collection as well as "next steps." An assistant has been hired (Mrs. Cuevas) to help with artifact documentation. She is in training currently so we are saving artifacts and storing them in an electronic file.

A REAL LIFE DISCUSSION ABOUT SCHOOL SAFETY & SECURITY

This isn't your normal school safety presentation, and after the tragedies of the past year, it shouldn't be. We will combine the expertise and experiences of a diverse group of presenters to have a candid and practically useful discussion of the many issues related to school safety and security. It will include real life examples of serious situations, cutting edge research specifically related to Nebraska, legal overviews of what you should be considering in these situations, and a practical discussion of all of those things in the context of the Standard Response Protocols and the unique differences in resources and geography between larger and smaller schools in Nebraska. Be ready to ask questions and discuss your experiences as a board member or administrator, because the presentation is designed to provide useful guidance and ideas to all attendees. Issues related to school safety aren't going away, so let's be open and honest about the best ways to prevent but also be prepared, led by those of us who deal with different aspects of these difficult situations almost every day in the field.

Dan Endorf - North Bend Central Public Schools; Kevin Kavan - Fremont Public Schools; Mark Lenihan - Wayne Community Schools; and Bobby Truhe - KSB Law

PARTNERING FOR A STRONGER AMERICAN WORKFORCE

You've heard of the career academies springing up throughout the larger schools. Now learn how rural schools can work together and provide career and technical education (CTE) opportunities just like their larger counterparts. The CTE model presented will address: creative logistics, innovative financing, and course programming questions. Included will be how multiple small schools can collaborate and develop a career and technical student organization, like SkillsUSA; which focuses on community service and provides over 100 different engaging student competitions. Leave with a better understanding of this innovative approach to unite rural schools, the local ESU, business partners, NDE, and post-secondary institutions. Use the presented model to engage students, explore careers, and prepare for life. If your school is within 30 miles of another and you are looking for additional opportunities for your students; this is a must-see session.

Four clearly defined performance goals were established and mutually agreed upon by the Superintendent and BOE in July 2017. Reviewed quarterly at BOE meetings, these goals became the critical component of the evaluation tool as well as other leadership performance standards. Partnering with NASB to create and administer the 360 Evaluation Survey, the survey was administered in November and May. Administrators get frustrated that they can't share more with their board, and board members get frustrated by the lack of information. We totally understand. Much of this can be avoided. This session will walk you through how the Papillion La Vista Community Schools engages the community in an authentic way. The recent bond election passed by nearly 70% much of that success is attributed to the engagement done up front. But it doesn't matter if it is a bond issue, boundary changes, or strategic planning. Community engagement is the key to success. Participants will learn what true engagement looks like and step by step strategies used in PLCS to truly engage the community and determine what their needs are. Some of the strategies covered will include community forms, online feedback. Facebook Live and more.

C8 GROWING OUR OWN TOGETHER: GETTING AND STAYING AHEAD OF A TEACHER SHORTAGE

This session is for both rural and Metro school boards.

PRESENTER: Carol Packard - NDE

C9 COMING TO YOU: STRATEGIC PLANNING

Chadron Public Schools revised it's approach to strategic planning by going to places where people are already meeting rather than asking people to come to school for another meeting. The purpose is two prong: 1) Elicit stakeholder's input and 2) Share the positive messages of success in our public school. We like to use the phrase... "It's More Than You Can See From the Street" This process was comprehensive and the results were used to inform the Board of Education efforts with long range planning.

C10 NEBRASKA'S SCHOOL LANDS: A MAGNIFICENT ENDOWMENT

Since the birth of Nebraska's statehood, School Trust lands were intended to – and continue to – enhance educational quality in the State of Nebraska. School Trust lands are premised on the idea that every community should have quality public schools, that education benefits the student and the community, and that prudence dictates there should be sustained support for those schools and students. This session will discuss the past, present and future of the Board of Educational Lands and Funds of the State of Nebraska, and will detail the benefits currently being provided to the local school districts, and the State of Nebraska, by the School Land Trust.

PRESENTER: Kelly Sudbeck - Board of Educational Lands and Funds of the State of Nebraska

D - BREAKOUT SESSIONS

THURSDAY, NOVEMBER 15 | 3:30 TO 4:30PM

D1 HOW TMC LABS EXTEND STUDENT LEARNING

Grand Island Public Schools implemented their TMC Lab (Think, Make, Create) in the summer of 2017. The district was part of a Design Grant funded by Nebraska Department of Education Innovation Grant. Presenters will share their story and ideas to accomplish similar extended learning opportunities without specific grant funds. GIPS designed modules around each of the STEAM areas. Elementary and middle schools have the lab on a rotating basis but several schools have developed their own MakerSpace areas similar to the lab. Although designed for afterschool and summer programs teachers may use the modules to support classes during the school day. All modules are built around hands-on, project-based educational challenges. Through the activities students work through productive struggles. Students utilize critical thinking skills to accomplish their tasks and are encourage to collaborate with peers.

PRESENTER: Jennifer Worthington - Grand Island Public Schools

D2 HOT TOPICS FROM AREA MEMBERSHIP MEETINGS

Join NASB officers and staff for an update on Hot Topics identified by our membership at the 2018 Fall Area Membership Meetings. School board members from across the state selected these issues as the most important issues facing education in Nebraska.

PRESENTERS: NASB Officers & Staff

THURSDAY BREAKOUT SESSIONS

D3 STUDENT DISCIPLINE FOR BOARD MEMBERS

"What do you mean you can't tell me what he did to get expelled?!" "What am I supposed to tell patrons who call me asking why that violent student is still in the classroom?" School board membership is often frustrating (understatement!). This is especially true in the case of student discipline. This session will explain the basics of student discipline and how the requirements and limitations of Nebraska's Student Discipline Act impact board membership and your role as the governing body of the school but also a conduit between the school and your community members. We will focus on practical advice for administrators and board members to work through these situations together while also respecting the applicable state and federal laws.

PRESENTERS: Steve Williams & Karen Haase - KSB School Law

D4 BDS MULTI-SCHOOL SPORTS COOP - NAVIGATING THE CHALLENGES TO SECURE THE BENEFITS FOR OUR STUDENTS.

Multi-School sports Cooperatives are becoming more common. These COOP's have tremendous potential benefits for students but also include many challenges. The BDS COOP includes the communities of Bruning, Davenport, and Shickley and is now starting its 8th year. We will present our story from its start to where we are at today focusing on the challenges of initiating and maintaining a COOP. Administrative guidelines, Coaches Handbooks, and other agreements that we have created to help us manage our COOP will be shared.

PRESENTERS: Derek Ippensen - Norfolk Public Schools; John Mick - Shickley Public Schools

D5 WHAT'S NEW FROM WASHINGTON & LINCOLN: SRO'S, PROPERTY TAXES, MARIJUANA & MORE

A number of proposed political changes, if adopted, would have an immediate and substantial effect on Nebraska public schools. From school finance overhaul to dealing with student and staff marijuana use at school to school-resource officers, and more. This session is an absolute "must" for all board members and administrators before the beginning of the 2019 legislative session.

PRESENTER: Justin Knight - Perry Law Firm

D6 COMMUNICATIONS 101 - THE KEY TO SUCCESSFUL ENGAGEMENT

Do you feel like you are talking and no one is listening? Do you continually share information only to find out that no one understands what you are trying to say? Attend this session to learn ways to ensure your communication is on target and your message is being received.

PRESENTER: Annette Eyman - Papillion La Vista Community Schools

D7 STRATEGIC PLANNING IN MILLARD PUBLIC SCHOOLS

Strategic planning is a means by which an educational community continuously plans and implements systems to serve extraordinary purpose. Millard Public Schools has benefitted from their Strategic Planning process since the 1989-1990 school year. Millard has created systematic, organizational, and climate changes based on the work of valued stakeholders. In this session, you will hear from members of Millard's Administration and Board of Education on how this process has moved the needle in Millard and continues to positively impact student achievement and community engagement. Access to Millard's process and documents will be shared.

PRESENTERS: Jim Sutfin & Kim Saum-Mills - Millard Public Schools

D8 REID'S STORY....

Mark & Joni Adler will discuss with participants the journey during which their son Reid shared with them that he had suicidal thoughts to just over one month's time when on January 7, 2016, Reid took his own life changing the lives of many forever. Reid was the victim of intimidation and cyber bullying, a situation his parents knew nothing about until after his passing. Mark & Joni will challenge everyone to stand up for each other and not allow any type of bullying or inappropriate treatment between students or adults. The final focus will be on using courage and leadership as tools in spreading Hope and Kindness to everyone we encounter, an approach Reid lived and exemplified daily!

PRESENTERS: Mark & Joni Adler - Ralston Public Schools

E1 EHA PLAN FOR 2018/19
In this session we will discuss the EHA Health plan for year 2018/19. We will review rates and plan design and any changes to State or Federal regulations.
PRESENTERS: Kent Trelford-Thompson - BCBS Nebraska; Greg Long - EHA

E2 ESSA, AQUESTT, AND THE NEBRASKA EDUCATION VISION
With the approval of Nebraska's Every Student Succeeds Act (ESSA) plan in June, adoption of college and career readiness standards and assessments, and State Board of Education's Strategic Vision and Direction, Nebraska's accountability system, AQuESTT, has undergone some important changes. This presentation will discuss additional indicators, new designation and classification rules, and supports for public schools identified for support and improvement.
PRESENTERS: Lane Carr & Diane Stuehmer - NDE

E3 PAIN IN THE APP V. 4.0
For the first time in history, most teenage relationships begin with exchanging child pornography (aka "sexting") rather than kissing. Incidences of cyberbullying, sexting, and online predators continue to occur despite well-intended efforts of schools and parents (though we wish parents had more information about what their kids are doing online!). Knowledge is power, and we're here to help. This presentation will cover the newest apps, cases, and trends board members and administrators must be aware of as you guide your school through these complicated issues.
PRESENTERS: Karen Haase, Tim Malm & Coady Pruett - KSB School Law

E4 HOW TO TEACH CREATIVE PROBLEM-SOLVING
What is the most vital skill that students need to navigate the 21st Century? Creative problem-solving. While it is now essential to teach students specific STEAM skills such as coding and engineering, it is even more important that students understand how to apply these skills. This ability will allow them to solve the problems they will face and continue to innovate in their fields of choice. This session will discuss the need for teaching creative thinking providing participants with research-based talking points for communicating this need to their colleagues. Then the session will provide specific strategies for how to teach creative problem-solving to students of all ages as well as ideas for how to measure student progress in this area.
PRESENTER: Dr. Allison Poss - Girls With Ideas

FRIDAY BREAKOUT SESSIONS

E5 NEGOTIATIONS: GETTING READY AND WHAT TO NEGOTIATE AND WHAT NOT TO NEGOTIATE

The state of collective bargaining with NSEA bargaining units following the 2011 Nebraska Legislature's amendment of the collective bargaining statutes will be discussed, including the "math" and importance of comparability studies in preparing for negotiations. Negotiations timeline, and issues related to EHA health insurance options and elections by schools and by staff, and other benefits including leaves; and those items that should not be negotiated, such as the right: to hire, to maintain order and efficiency, to schedule work, to control transfers and assignments, to determine what extra-curricular activities may be supported or sponsored, to determine curriculum, determine class size, to adopt educational models to be used in instruction, to adopt policies and procedures for evaluation of staff, to determine the types of specialists to be employed, and to establish the provisions of the reduction in force policy.

PRESENTERS: Rex Schultze & Kelley Baker - Perry Law Firm

E6 CONNECTING THE DOTS IN SCHOOL SAFETY

How does the district work collaboratively with the School Resource Officer to accomplish the district's purpose of preparing students to be productive responsible citizens in a safe, caring and supportive learning environment? Connecting the Dots in School Safety: Building Relationships (County Attorney, CAC, Community, Judges, Staff, Students and Parents); Ongoing Professional Development (SRP, Mandatory Reporting and Truancy); and Threat Assessment (Developing a Team, Safety Plans and Mental Health Services).

PRESENTERS: Brandy Buscher - North Platte Public Schools; Officer Jeremiah Johson - North Platte Police Department & School Resource Officer

E7 INTELLECTUAL PROPERTY IN THE CLASSROOM: COPYRIGHTS, TRADEMARKS AND PATENTS

In today's age of rapidly advancing technology and innovation in the classroom, school officials must understand intellectual property law. These every day issues range from teachers streaming movies or playing movies in the classroom, students creating apps in the computer lab, and vendors selling merchandise bearing the school logo.

PRESENTER: Justin Knight - Perry Law Firm

E8 PREPARING TEACHERS FOR THE FUTURE, HOW CAN TEACHER EDUCATION HELP YOUR DISTRICT?

School leaders have indicated a challenge in finding and retaining effective teachers for teaching in our rapidly changing schools. Schools are becoming progressively innovative, whether it is technology, project-based learning, virtual, hybrid or individualized. Traditional teacher education programs are not providing all the skills and dispositions needed in innovative settings and for future ready teachers. We are inviting you to share your expertise as we re-imagine what innovative educator preparation looks like to meet the needs of the variety of new learning settings. The goal of this session is to have a conversation about beginning teachers and supporting teacher leadership.

PRESENTERS: Guy Trainin, Sara Skretta, Stephanie Wessels & Amanda Thomas - University of Nebraska-Lincoln

F - BREAKOUT SESSIONS

FRIDAY, NOVEMBER 16 | 10:30 TO 11:30AM

F1 PREPARED TO LEARN: THE IMPORTANCE OF HIGH-QUALITY EARLY CARE & EDUCATION

Science tells us the neural foundation that governs development of our senses, literacy and language, and the ability for higher cognitive reasoning is mostly formed by the age of 3. Children who begin their lives without the support they need for healthy development tend to start kindergarten well behind their peers and very rarely close the gap. We know high-quality early experiences improve the cognitive and social development of young children, especially those who face serious obstacles to success in school and life. Early childhood education is an investment, and we must invest wisely. This session will explore the evidence supporting high-quality early care and education and describe the steps Nebraska is taking to prepare children for success in your Kindergarten classrooms.

PRESENTERS: Benjamin Baumfalk & Elizabeth Lopez Everett - First Five Nebraska

F2 CONTINUOUS SCHOOL IMPROVEMENT THROUGH THE USE OF AQUESTT EVIDENCE-BASED ANALYSIS

Accountability for a Quality Education System, Today and Tomorrow (AQuESTT) uses evidence-based analysis (EBA), based on six key strategic areas of investment, as a platform to create a system of care designed to provide support for teaching and learning, and student success and access. Learn how this EBA guides planning for programs of support for all Nebraska schools, resources that will support strategies for improvement, and continuous school improvement. This session will explore what school boards need to be aware of and what they can do to support the needs identified in this analysis.

PRESENTER: Kori Stanosheck - NASB

F3 LAW ENFORCEMENT, DISCIPLINE AND SPECIAL EDUCATION STUDENTS: WHAT BOARDS AND ADMINISTRATORS NEED TO KNOW

Crisis situations are already difficult enough. They become even more difficult when the student(s) involved has a disability and is eligible for services under Section 504 or the IDEA, which requires additional reporting obligations and considerations. Inevitably, board members will get calls from concerned parents, and one of the most frustrating parts is feeling like you don't have enough information! The confidentiality requirement in state and federal law related to student records and information about students makes it really tough to manage through these crises. Board members ask us these questions all the time: How are we supposed to know what to say if we can't have any of that information? Why aren't we just kicking that student out of class if she is throwing scissors at the teacher? What if everyone shows up to the board meeting and we look clueless? This presentation will cover the issues related to the intersection of law enforcement, student discipline, and special education, including suggestions for board members and administrators on how best to handle these situations and talk through these situations before they arise.

PRESENTERS: Karen Haase & Bobby Truhe - KSB School Law

F4 BUILDING STUDENT RESILIENCY THROUGH 7-12 GRIT PROGRAM

In the past year we have researched and worked to develop the skill of resiliency in our students. We believe the biggest factor in determining student success is not talent or intelligence, but the grit and resiliency to select a goal and be able to work through any obstacle accomplish what they set out to do. Our work has included a variety of activities that include individual reflections, group challenges, individual competitions, long term and short term goal setting, team competition, group readings, and student presentations.

PRESENTERS: Josh Struckman, Seth Ford, Cameron Miller & David Spencer - South Platte High School

FRIDAY BREAKOUT SESSIONS

F5 SCHOOL SECURITY & STUDENT WALKOUTS

This session will discuss various issues that have arisen surrounding school facility security, emergency readiness and response plans, school resource officers, and student protests and walkouts.

PRESENTER: Derek Aldridge & Haleigh Carlson - Perry Law Firm

F6 TEACHING & ASSESSING STUDENTS FOR 21ST CENTURY SKILLS

What does "career ready" really mean, according to the business world? Some of the most vital skills students require involve not only cognitive processes, but mindset, resilience, and outlook, along with the ability to interact responsibly. This session will give you a glimpse of what a 21st Century curriculum looks like, based on Robert Marzano's book, Teaching and Assessing 21st Century Skills when it's taught as a core subject or embedded into any class.

PRESENTERS: Shalee Lindsey, Shelli Pfeifer & Melissa Beberniss - Grand Island Public Schools

F7 NURSING CARE IN PUBLIC SCHOOLS/ IMPROVE STUDENT ACHIEVEMENT/SUCCESS BY MEETING STUDENTS BASIC NEEDS

School Nurse duties are growing in complexity and in many of the cares our students need require the certification of a Registered Nurse. Cognitive or Concussion protocol, Diabetes, Genitourinary and Respiratory or Tracheostomy cares are just a few of the many diagnoses and cares that only Registered Nurses are allowed to oversee or perform. Nebraska school nurses see approximately 10% of our student population for daily cares and the need continues to increase. Understanding the needs of our students requires nurses to gain several hours of additional training called Continuing Education Units. School nurses collaborate with the medical community to ensure students are receiving the proper care under their own medical provider, if possible, however, the school nurse may be one of the very few medical providers some students may ever see. If we continue to be proactive with school health and provide schools with a nurse, students will continue to receive the care they need and deserve.

PRESENTERS: Stuart Simpson & Jodi Miller - North Platte Public Schools; Joslynne Stauss - Waverly Public Schools

Community Conversation About Early Childhood (Birth Through Grade 3) — Programs and Services

The Communities for Kids initiative was created in response to community requests for assistance with shortages of high-quality early care and education programs — shortages that both impact children's optimal development and pose a challenge for communities hoping to attract and retain the viable workforces they need to thrive.

Communities for Kids partners with communities' public and private entities to support and coordinate planning for access to high-quality early care and education for all children birth through age eight. These partnerships are customized to address each community's unique assets and needs — so each community can grow and prosper well into the future.

GALLUP: TURNING TALENTS INTO STRENGTHS

Do you ever wonder why you make certain choices? Why you are better at some things than others? There's a reason. It's your talents. NASB Director of Search Service, Shari Becker, was recently licensed as a Gallup-Certified Strengths Coach. This session will provide an overview of Gallup's terminology and philosophies. We will discuss how understanding and maximizing your individual/team strengths can contribute to a quality environment and create the best opportunity for success as a board and leadership team. *Presented by Shari Becker, Director of Leadership Search Service*

PROTECTING OUR PRECIOUS ASSETS FROM BELL TO BELL

It's no small feat, keeping students and staff safe at school. This session will share facts, tools, PR templates and data regarding active shooters, playgrounds, suicide, employee injuries, you name it. We can't cover them in bubble wrap but let's chat about what we can do and say, before, during, and after a school incident. *Presented by Megan Boldt, Director of ALICAP/Insurance*

I DON'T KNOW, WHAT I DON'T KNOW!

What do you need to know about ESSA, AQuESST, and School Improvement? This session will provide you with a brief overview of how federal legislation and the Nebraska state accreditation system impact the work and planning at the board table. *Presented by Marcia Herring, Director of Board Leadership*

ROLLING DOWN THE ROAD TOWARDS DELEGATE ASSEMBLY

Delegate Assembly. NASB's official business meeting for the year. So much more than a few hours during State Conference. It is a commitment from each district to shape the gameplan for the next 364 days, specifically how you, locally elected school board members can lead and react to what will take place in the upcoming legislative session. Learn about your role the morning of, and from there on. See how you can assist and drive the conversation as we modify and create legislation, and advocate for your district, community, and all of Nebraska. Find ways to best utilize NASB's legislative team year-round to maximize efforts and learn about key timelines, processes, and ways you and your district can be heard, and make a true difference every day inside your buildings, and inside the Capitol as well. *Presented by Colby Coash, Associate Executive Director/Director of Government Relations, and Matt Belka, Director of Marketing, Communication & Advocacy*

ORGANIZING THE CHAOS: SUPERINTENDENT EVALUATION AND BOARD SELF-ASSESSMENT

The one critical action of the Board is to evaluate the superintendent. This process requires the board to utilize the board adopted evaluation tool, purposeful planning, and effective execution. This session will provide the board with tools, tips, and techniques for conducting an effective superintendent evaluation. The Association then advocates for a board self-assessment to appraise the governance team success, board-superintendent relations, and a method by which to identify areas of growth of the board's roles and responsibilities. *Presented by Marcia Herring, Director of Board Leadership*

COOL TOOLS FOR SCHOOL BOARDS IN DEVELOPING RESILIENT STUDENTS

More results are coming in from schools working to increase student resilience. It is obvious now that effective classrooms and supportive relationships are the most important components in developing resilience to adversity. We'll discuss several ways your board can prepare the way toward developing more resilient students and the benefits your students will gain. *Presented by Megan Boldt, Director of ALICAP/Insurance, and Jim Luebbe, Director of Policy Service*

Dan Hoesing, Superintendent
Schuyler Central Public Schools
401 Adams Street
Schuyler, NE 68661-2400

Dear Superintendent Hoesing,

The Nebraska Department of Education (NDE), as a recipient of federal education funds, is required by the US Department of Education, to conduct onsite civil rights compliance reviews of schools within districts that participate in or receive federal educational funds and offer career and technical education programs. This letter is to advise you that Schuyler Central High School has been selected to receive a comprehensive onsite civil rights compliance review of the Career and Technical Education Program offerings during the 2018-2019 school year.

The purpose of the review is to ensure that districts are providing access to educational programs in compliance with the requirements of the federal Civil Rights statutes. Those include the following:

- Title VI of the Civil Rights Act of 1964 (covering race, color, national origin including ELL)
- Title IX of the Education Amendments of 1972 (covering sex)
- Section 504 of the Rehabilitation Act of 1973 (covering individuals with disabilities)
- Title II of the Americans with Disabilities Act of 1990 (covering individuals with disabilities)
- Vocational Education Programs Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap of 1979

Each year, NDE chooses high schools for monitoring based on a ranking system. The schools selected to be monitored are based on 1) the percentage enrollment in career and technical education programs by gender as compared to the percentage enrollment in the total agency by gender; 2) the enrollment of students with disabilities in career and technical education programs as compared to the percentage enrollment in the total agency of students with disabilities; and 3) the percentage enrollment in career and technical education programs by racial/ethnic category as compared to the percentage enrollment in the total agency by racial/ethnic category.

Krystl Knabe and Greg Stahr will be the Nebraska Department of Education staff conducting the review and anticipate being at Schuyler Central High School for one day for the compliance process. Per the email correspondence on July 31st, Schuyler Central Public Schools visit has been scheduled for **September 20, 2018**. Please contact Krystl Knabe immediately if the scheduled date does not work for your school. The review will consist of interviews with students, faculty, staff, and administration, a walking tour of the facilities, and a review of the documents provided by Schuyler Central High School staff. It is important that you be available for the introductory meeting at the beginning of the first day at 8:30 a.m. and the exit meeting at approximately 2:00 p.m.

In preparation for the review enclosed is an ***OCR Compliance Handbook*** that explains the onsite review process, individuals/groups to be interviewed and documentation needed for areas of investigation. Please pay particular attention to flagged items in the ***OCR Compliance Handbook.*** I will work with you to prepare for the review including developing the schedule, explaining documentation required and to answer any questions you may have. The intent is to assist school districts in meeting the civil rights requirements and to offer technical assistance to the district if and when corrective actions are needed.

A video Zoom meeting has been scheduled for **Tuesday, August 14th at 10:00am** (CST). You should plan to participate in this meeting for more in-depth information and explanation of the review. This will also be an opportunity for you to ask any clarifying questions. You may connect to this meeting by going to the following website: https://zoom.us/j/3648761837. If you have not used Zoom in the past, please plan to log-in about 10 minutes before the meeting and follow the set-up steps. If you are unable to participate in this meeting, please plan for a staff person who will be involved in this review to participate in your place.

We appreciate your understanding and cooperation leading up to and during the review. We look forward to meeting with your staff. If you have any questions or concerns, please contact me at 402-471-0015 or send an email to krystl.knabe@nebraska.gov.

Sincerely,

K. Knabe

Immigrants and the economy in:

Nebraska Choose a District

Almost 140,000 immigrants call Nebraska home. This foreign-born population has played a large role in helping Nebraska avoid the type of population decline that has hurt many other states in recent years, depriving businesses of customers and cities of the taxpayers they need. These new Americans serve as everything from software developers to meatpacking workers, making them critical contributors to Nebraska's economic success overall.

Immigrant Residents **139,219**	Immigrant Share of Population **7.3%**	Immigrant Taxes Paid **$711.5M**
Immigrant Spending Power **$2.3B**	Immigrant Entrepreneurs **4,127**	Employees at Immigrant-Owned Firms **16,765**

Demographics

In the United States, immigrants are more likely to be working-age than their U.S.-born counterparts. This allows them to contribute to the U.S. economy and to entitlement programs as they work and pay taxes. This is equally true in Nebraska, where immigrants are far more likely to be of working age than the U.S.-born population.

Age Group	Foreign-Born Population Share	Native-Born Population Share
0-15	**9.5%**	**23.2%**
16-64	**83.9%**	**61.1%**
65+	**6.7%**	**15.7%**

Entrepreneurship

In 2010, roughly one in 10 American workers with jobs at private firms were employed at immigrant-founded companies. Such businesses also generated more than $775 billion in annual business revenue that year. Nebraska is currently home to more than 4,900 foreign-born entrepreneurs. Such business owners are creating real and meaningful economic opportunities to local, U.S.- born workers.

People employed by immigrant-owned firms	16,765
Immigrant entrepreneurs	4,127
Business income of immigrant-owned firms	$71.4M
