NEBRASKA OPEN MEETINGS ACT

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

84-1411. Meetings of public body; notice; method; contents; when available; right to modify; duties concerning notice; virtual conferencing authorized; requirements; emergency meeting without notice; appearance before public body; applicability of section.

(1)(a) Except as provided in subsection (9) of this section, each public body shall give reasonable advance publicized notice of the time and place of each meeting by a method designated by each public body and recorded in its minutes. Such notice shall be transmitted to all members of the public body and to the public.

(b)(i) Except as provided in subdivision (1)(b)(ii) of this section, in the case of a public body described in subdivision (1)(a)(i) of section 84-1409 or such body's advisory committees, notice shall be given at least four times each year of the regular meeting schedule, the location, and the method designated by the public body to provide reasonable advance publicized notice. Such notice shall be given by publication in a legal newspaper of general circulation within the public body's jurisdiction.

(iii) Failure to comply with subdivision (1)(b)(i) of this section shall not cause any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken at a meeting of the public body to be void or voidable.

(c) For a public body that decides to publish notice in a newspaper of general circulation within the public body's jurisdiction to meet the notice requirement in subdivision (1)(a) of this section, in case of refusal, neglect, or inability of the newspaper to publish the notice, the public body shall (i) post such notice on its website, if available, (ii) request the newspaper submit a post on a statewide website, if available, established and maintained as a repository for such notices by a majority of Nebraska newspapers, and (iii) post such notice in a conspicuous public place in such public body's jurisdiction. The public body shall keep a written record of such posting pursuant to subdivision (1)(c)(i) and (iii) of this section and a written record of the request to the newspaper pursuant to subdivision (1)(c)(ii) of this section. The record of such posting shall be evidence that such posting was done as required and shall be sufficient to fulfill the requirement of publication.

(d) Each public body shall record the methods and dates of such notice in its minutes.

(e) Such notice shall contain an agenda of subjects known at the time of the publicized notice or a statement that the agenda, which shall be kept continually current, shall be readily available for public inspection at the principal office of the public body during normal business hours. Agenda items shall be sufficiently descriptive to give the public reasonable notice of the matters to be considered at the meeting. Except for items of an emergency nature, the agenda shall not be altered later than (i) twenty-four hours before the scheduled commencement of the meeting or (ii) forty-eight hours before the scheduled commencement of a meeting of a city council or village board scheduled outside the corporate limits of the municipality. The public body shall have the right to modify the agenda to include items of an emergency nature only at such public meeting.

Comments have been received from community patrons regarding students who may be interrupting their view, enjoyment, and ability to focus on the sporting events. In order to continue allowing students to attend sporting events free of charge, it was suggested that Mrs. Gilsdorf visit with the elementary students about the importance of sitting with their parents during the games.

Resolution No. 2026-10-23

A resolution affirming and ratifying the past administration's commendation and the permanent retirement of Tony James Wragge's jersey no. 64.

WHEREAS, Tony James Wragge demonstrated exceptional athletic talent, leadership, and sportsmanship as an All-State lineman for the Bloomfield Bees, proudly wearing jersey number #64; and

WHEREAS, following graduation from Bloomfield High, Tony James Wragge continued to excel at the highest levels of collegiate competition, starting 34 consecutive games at New Mexico State University, earning multiple all-conference honors, and cementing his legacy with an induction into the Aggie Sports Hall of Fame; and

WHEREAS, he successfully transitioned to the National Football League (NFL), demonstrating professional excellence, grit, and longevity by playing in 82 NFL games from 2002 to 2011 with franchises including the Arizona Cardinals, San Francisco 49ers, St. Louis Rams and Baltimore Ravens.

WHEREAS, throughout his collegiate and professional athletic career, Tony James Wragge consistently represented the core values learned from his days at Bloomfield Schools, demonstrated the work ethic instilled by his coaches and teachers, and proudly promoted the Bloomfield community and school on the national and world stage; and

WHEREAS, upon concluding his professional football career, he chose to dedicate his life to leadership in public safety and life-saving service to humanity, earning a Master of Science degree in Leadership and Emergency Management and actively serving on the front lines as a highly trained professional; and elite Firefighter, Paramedic, and Fire Service Instructor for the Lewisville Fire Department and Texas State Task Force; and

WHEREAS, his life after athletics embodies the highest ideals of citizenship, selflessness, and public service to others, serving as an enduring inspiration to current and future students of Bloomfield Community High School and our community; and

WHEREAS, in the Fall of 2003, the administration of Bloomfield Community Schools took deliberate and public action to formally retire jersey #64 and display Tony James Wragge's athletic jersey in recognition of his achievements and his positive representation of Bloomfield schools and the community; and

WHEREAS, a diligent review of past Board of Education records has not uncovered any minutes from the entire school year 2003-2004. This creates a procedural ambiguity that this Board now seeks to conclusively resolve; and

WHEREAS, all surviving members of the administrative and coaching staff involved in the presentation, as well as the honoree, unanimously concur that the clear, unambiguous, and documented intent of the actions and message by the school district was the permanent, lifetime retirement and prominent public display of jersey number 64; and

WHEREAS, photos and testimony conclusively demonstrate that Superintendent Bill Schnoor, alongside Head FB Coach/AD/Principal Jim Dooley, and Assistant Football Coach Gary Walling, publicly presented said jersey to Tony James Wragge's parents during a ceremony at a Bloomfield HS Football Home game during the 2003 season. A second ceremony was held that year during Bloomfield's basketball season, at which time, Tony Wragge attended in person to be honored by the administration and community.

THEREFORE, BE IT RESOLVED, that the Board of Directors hereby **affirms and ratifies the past administration's commendation, actions and the permanent retirement of Tony James Wragge's jersey number 64** from the Bloomfield High School football program; and be it further resolved that Tony James Wragge's framed jersey will remain permanently displayed in Bloomfield High School to publicly honor his achievements, his teammates and the Bloomfield community he represents.

Resolution No. 2026-10-23 was passed and adopted on this day, September 20, 2026 by a formal vote of the Bloomfield Community Schools Board of Education.

School Board Operations

1. For the information and discussion of pending Board action and in its best interest, the Board has chosen to operate as a Committee of the Whole. We have only two Standing Committees, which Nebraska Statute requires: the Committee on Negotiations and the Committee on American Civics. Policy 8151
   The membership and leadership of these two committees are assigned during the Annual Reorganization Meeting (Policy 8130) each January. Pending any conflicts of interest, assignments are made by the president, subject to confirmation by the members.

   i. Board Member Confidentiality - School board members must protect sensitive discussions and records from closed or executive sessions. Leaking private details undermines board trust, violates ethical codes, and can expose the school district to legal liability.
      1. Code of Ethics - Policy 8272
   ii. Open and Closed Meeting Sessions - School board meetings use open sessions for public policy and voting. In contrast, closed (executive) sessions address private, sensitive matters such as specific personnel evaluations, legal disputes, and student discipline. State open meetings laws strictly define when a board can move behind closed doors. Policy 9370(a) Policy 9379(b)
   iii. Public Comment - School Board public comment rules require attendees to sign up in advance or before the meeting starts, limit

each speaker to 3 minutes, and restrict comments that address private student or staff personnel data. The Board does not answer questions or debate during the session. Policy 8346

Superintendent Evaluation (NASB) - Nebraska Revised Statute § 79-828 outlines the legal requirements for evaluating school superintendents. Under this statute, a superintendent must be evaluated at least twice during their first year of employment and at least once annually thereafter. BCS implements the NASB Superintendent Evaluation tool. It is a 360-degree evaluation in which the Superintendent and each BOE member complete evaluation items based on the NASB Board Governance Standards. This evaluation process begins in October and concludes with a final report before the third Monday of December.

i. NOTE: The superintendent is the ONLY employee of the Board of Education. All certified personnel are vetted and hired by the building principals, then approved by the superintendent and ultimately by the Board of Education. Non-certified personnel are vetted and hired by the building principals and approved by the superintendent. The Board of Education is only informed of the hiring and has no direct say in the candidate's employment. The contracts of certified and non-certified personnel are determined by administration.

Superintendent Goals & Performance Objectives

Both the Superintendent and the Board complete a self-360 evaluation tool from the Nebraska Association of School Boards in mid-October and early November, respectively. These two tools are compared and contrasted to determine the Superintendent's and the Board's overall performance for the current school year. From these reports, the Superintendent and the Board discuss and agree upon goals and performance objectives to enhance and sharpen the leadership and duties of the Superintendent. This agreed-upon and signed document is placed in the Superintendent's personnel file as fulfillment and documentation of the Board's efforts and follow-through with Nebraska Revised Statute § 79-828

Communication

As a result **of strong communication**, **the following** things will **happen:**

- Honesty and Trust will develop. Honesty and respect between two parties provide a firm foundation for building a strong relationship.

- A strong district image will emerge. Nothing generates more confidence among the public and professional staff than a united front from the board and superintendent.
  Teamwork emerges as the **rule**, not the exception. It is vital that at all times and in all circumstances by which the Board may communicate outside of an Open Meetings Act-sanctioned meeting that ALL Board members keep their Board-related conversations, phone calls, texts, and emails to a minimum of NO MORE THAN THREE MEMBERS PARTICIPATING TO AVOID A QUORUM. A quorum consists of four (4) voting members.

Acceptable Communication Services and Use of Communication Tools -

Cell Phones - Keep phone calls person-to-person, or no more than a three-way conference call

Group Text, but not voting or making decisions over text - Save this for quick messages and announcements. Keep the text direct to its content and need.

i. If you need to make additional contact, phone the individuals and share your needs or information further. Remember, no more than 3 people on a conference call; person-to-person calls are acceptable as well.

Group Email

i. The Board of Education, and only the Board, uses the following acceptable protocol, NASB-endorsed method for communicating via Group Email. *(Note: With you being in the TO: line, the email you send will be automatically sent to you. You will be able to see and read the CC: recipients, but BCC: recipients will be hidden and unavailable to the CC: and BCC: recipients.*
   - **To: -** type the address of whoever is the emailer
   - **CC: -** type the Superintendent, Principals, Leadership Team Members, the Board Secretary, and the Business Manager
   - **BCC: -** type the Board of Education Members, excluding yourself as the emailer.

Attendance at a school competition, event, or even an out-of-school community or other group events/meetings -

Should more than four (4) Board members attend a school competition, event, or even an out-of-school community or other group event/meeting, BOE Members DO NOT represent the Board of Education; they are citizens/stakeholder attending an event/meeting. They are patrons taking in the social or other event.

The best way to avoid the possibility of the public deeming that the Board made School Board business or a decision during an event/meeting is to NOT TALK about school, if possible. Remember, you, too, are a patron/stakeholder of the District.

Superintendent's Report for BOE meetings - Clear and frequent two-way communication between the Board and the Superintendent is imperative.

i. The Superintendent will submit to the Board of Education a written report at each Regular Meeting with updates and timely information provided at the Committee of the Whole for the month.
ii. These reports are to be posted to the working agenda of the Regular and the Committee of the Whole before the agenda closes at 6:30 pm on the day before the Regular or Committee of the Whole meeting.
iii. The Superintendent will also submit to the Board of Education his monthly calendar, which includes his days on staff, days not on staff, important or noted appointments and meetings relevant to his job description and other duties assigned.

Board Operating/Superintendent Protocol

The purpose of the operating protocol is to provide a framework for the Board of Education and the school superintendent to enhance their professional working relationship by clarifying the roles and responsibilities of each. The following items are not meant to be all-inclusive. Still, they are designed to create opportunities for clear, effective communication and a better understanding of roles and responsibilities, leading to a more effective and productive leadership team.

1. **Keep Kids First When Making All Decisions**. The paramount responsibility of both the superintendent and the board of education is to provide a meaningful, high-quality educational experience for students, with a focus on student learning and achievement. The superintendent and board of education will represent the interests of all children of

2nd Read

the district. They will be cognizant of this important responsibility when making decisions on behalf of the district.

2. **No Surprises or No Secrets**. It is the responsibility of the Board of Education and the superintendent to bring forth issues that would be considered a surprise to either party and especially at board meetings. Handle issues in a manner that allows the superintendent to gather the appropriate information and resources before addressing them at a board meeting. Plan the agenda and conduct the meeting in accordance with the agenda. No secrets - also works to the advantage of everyone involved on the board/administrative team. Secrets can destroy trust. And finally, it is important to remember that a board meeting is the board's meeting in public and not the "public's meeting with the board".

3. **Communication**. All parties are responsible for anticipating issues that may become important to the district, being sensitive to district staff and stakeholders, and communicating such items in a timely, open, and honest manner. The superintendent is responsible for providing all board members with the same information. The superintendent shall notify board members when information received is to be considered confidential. It is the responsibility of the superintendent and board of education members to handle confidential information ethically and professionally. The superintendent is responsible for evaluating all district employees.

4. **Board Meetings**. The president of the Board and the superintendent are responsible for preparing the board agenda and providing the appropriate materials so that board members can adequately prepare for and participate in the meeting. The agenda is prepared in concert with the board president and includes a procedure that allows individual board members to propose agenda items for consideration as part of the planned agenda. Individual board members have no authority and will not take unilateral action on behalf of the board unless duly authorized by the board of education at an official board meeting. The superintendent and board of education members will conduct themselves professionally, demonstrate common courtesy and respect to all meeting participants, and agree to maintain a focus on the issues rather than personalities. All meetings of the board will be conducted in accordance with the Nebraska Statutes regarding "Open Meetings". The Board of Education and the superintendent will refrain from conducting meetings after the meeting.

5. **Evaluations.** The board will assess its accomplishments and activities annually through a self-assessment. In addition, the board of education will conduct a superintendent evaluation in accordance with Nebraska Statutes. The board will set (in consultation with the superintendent) clear and measurable performance goals including criteria to determine if the goals have been met.

Summary:

A successful board and administration alignment can be defined as a connected group of individuals working together, not as separate entities, but as a **team** with clear purpose and understanding of roles with a common goal of making decisions that are in the best interests of students, staff, and community. The Board and Administration are not in competition with each other but are competing to meet students' individual and collective needs.

Prepared by: Dr. Dan Ernst, Past Associate Executive Director, Nebraska Council of School Administrators

MAKE THE RELATIONSHIP THRIVE: IT'S EVERYBODY'S RESPONSIBILITY

For boards of education and superintendents to establish a positive working relationship, the first step is to establish boundaries, parameters, and expectations.

Roles need to be clearly defined and understood by both the board and superintendent. Additionally, both parties must understand the difference between policy and administration. Back

THE ROLE OF THE SUPERINTENDENT

- Be responsible for setting the standard for ensuring rigorous academic progress.
- Be active in building alliances and partnerships.
- Bring the board of education into all partnerships and alliances so they remain part of the process and ownership.
- Be seen as a coalition builder concerned with the big picture.
- Continually communicate that education is the backbone of our democratic society.
- Be visible in the community, at events, in the classroom-"Roll up your sleeves and join the ranks." Back

THE ROLE OF THE BOARD

- Articulate the school system goals. Be proactive in improving education in their respective community.
- Selection and evaluation of the superintendent.
- Adoption of the operating policies.
- Serve their constituency (not just the squeaky wheel).
- Always remember, the relationship between the board and the superintendent should be one of mutual respect and confidence. There should be no surprises or hidden information between the superintendent and the board. Back

EXPECTATIONS by the BOARD OF EDUCATION of the SUPERINTENDENT

- **Execution of Policy.** The board has the right to expect virtuous execution of policy. **All** policies, not just those the superintendent agrees with.
- **Success of Policy**. Boards of education also have the right to expect the superintendent to give all policies **a** chance for success.
- **Decisions.** The board has the right to expect the superintendent to refrain from making decisions the board should make.
- **Information**. The board has the right to be fully informed.
- **Recommendations.** The board has the right to expect the Superintendent to make clear and concise recommendations, based on available information, past practice, and board policy.
- **Sharing**. The board has the right to expect the superintendent to share in the hard work and blame, as well as the credit.
- **Teamwork.** The board has the right to expect the superintendent to conduct all official business with the board **as** a whole.
- **Support**. The board has the right to expect the superintendent to build confidence in and respect for the board by supporting its actions. Differences of opinion must not be allowed to interfere with the superintendent's basic loyalty to the board. Back

EXPECTATIONS by the SUPERINTENDENT of the BOARD

- **Policy.** The superintendent has the right to expect the board to establish and live by a complete set of sound policy guidelines.
- **Support.** The superintendent has the right to expect full support from the board as long as they are the superintendent of schools. Boards should employ an individual worthy of their trust and confidence and then provide full support.
- **Unit Operation**. The superintendent has the right to expect the board to operate as a unit or team, not as individual factions. Those who elect to violate this practice do so at the cost of efficiency and sound administrative practice.
- **School Personnel**. The superintendent has the right to expect all board members to deal with school personnel through them or their office. The superintendent has the right to expect that any action involving school personnel be based on administrative recommendations.
- **Protection.** The superintendent has the right to expect the board to protect them against unwarranted demands and excessive or unfair criticism. The board does not need to act as a shield; it is wrong to sit idly by while their superintendent is subjected to unjust or unfounded public criticism.
- **Evaluation.** The superintendent has the right to expect a fair, timely, and honest evaluation. The evaluation must reflect concerns related to job performance and not individual bias. Back

TEN TIPS FOR BOARD MEMBERS:

1. **Go slow in the beginning,** especially if you have come on the board to "reform" it. Chances are you will feel different about a lot of things after six months on the board.
2. Remember **that the only authority you** have **lies in the school board's corporate action.**
    a. You have no legal authority to act alone unless the board as a whole specifically delegates a task to you.
3. **Do not let your differences of opinion degenerate** into **personality conflict.** Nothing is more devastating to good board procedures than to have one member vote for **a** measure simply because another member votes against it.
4. **Don't talk** too **much.** You may acquire a reputation for wisdom simply by not saying the wrong thing at the wrong moment.
    a. One thing is certain: you are not learning when you are talking. You are only hearing your own ideas.

5. **If possible**, *avoid* **teacher/personnel** problems. The board has hired a superintendent and staff to take that responsibility.
6. Give **the superintendent** and **staff** your **public support.** Except in unusual and mitigating circumstances, the superintendent has a right to expect this. To undermine the superintendent subsequently is unethical.
    a. Use individual conferences with the superintendent and the official forum of legal board meetings to iron out differences of opinion.
7. Make an effort **to be informed.** School business is always important business and big business, with budgets into the millions of dollars. To be informed requires time and effort.
    a. Ask for briefings from staff as needed. Visit each school over which the board has authority.
    b. **Welcome** people who **come** to see **you** about school **problems**. Listen carefully, then refer them to the appropriate person per board policy.
    c. If the problem is controversial, remember that you may be hearing only one side of the story. Do not commit yourself to a course of action that you may regret later. The board as a whole may not support your **view**, and you could find yourself in an embarrassing position of having committed yourself to a stand that the board rejects.
8. When a special interest group **approaches**, insist on **your right to** hear and **review** all the facts **before** you act.
    a. A vocal minority can force a school board to act before all the facts are known and evaluated.
        i. If you are under pressure, tell them you need more time to make a fair decision. Often, boards find that preliminary discussions, followed by action to add the topic to the agenda for the next meeting, clarify their thinking and simplify what seems complicated.
9. **Accept your role on the board as a leader in responsible leadership in the** Community.
    a. You will be expected to attend and participate intelligently in many public meetings on school affairs. This is more than an opportunity; it is an obligation to interpret school affairs to an interested public. You may clear away doubts, misconceptions, and misunderstandings. You can do more than merely inform the public; you can help form public opinion and create active, intelligent support for education in your communities.

VI. Action Items:

a. Discuss, consider, and make a motion and a second to approve the 1st Reading of

Proposal #1, Basketball, proposed by the basketball committee.

PROPOSAL #1, BASKETBALL

9. In all rounds except for the Semi-Final round, the host school would be the highest seed, provided their gym seats at least 500 people. In the Semi-Final round the minimum gym seat capacity is 750 to be able to host. If the #1/highest seed cannot host, it goes to the #2 seed, then #3, then #4, in that order. In the consolation championship, the highest seed from the 3rd-place game will be the host. If a school's boys and girls teams are to host on consolation Saturday, the basketball committee will have the right to adjust the schedule as needed.

The other issue to be discussed, possibly voted on, is moving the Thurs/Fri 4:30 pm games to a stand-alone site (highest seed) or combining the boys and girls games to Thursday night.

Location would be determined by the committee with best possible attendance in mind(Central location/boys girls both playing)

● We want to do this because the 4:30 pm game was very poorly attended. It may also negatively affect the host team's practice. For example, Wausa girls hosted this game last year for Winside and Walthill. The negative was that the boys' team had to practice in the morning to get ready for the semifinal game, as we only have 1 gym.

● The negatives were that it may cost more money, resulting in a loss, since you are paying officials plus mileage for just one game. The thought was for the host school to absorb the profit or loss for this game. If the game was combined with the boys' side, we didn’t feel it would lose money.

b. Discuss, consider and make a motion and a second to approve the 1st reading of **Proposal #2, Golf,** as proposed by the golf coaches

6. A marker will be assigned to each varsity group to govern play and keep score.

The proposal is to remove this section and use district/state guidelines.

2. All playoffs will begin on the same hole.

3. Playoffs will be used to break all ties that involve the top fifteen individual places.

4. Ties will be broken in sudden death.

This would be how the district/state guidelines read for our conference:

2. In case of a tie in the Conference team championship for first, or second, all players on the

teams tied will play an additional hole (or holes) until the tie is broken, using the sudden-death

system of the best four scores from each team.

3. The competitor having the lowest score after eighteen holes will be named the individual

champion. Fifteen individuals will be awarded medals. If a tie for the 15th place occurs, all

golfers will be awarded a medal.

4. In case of a tie for first place, a. Determine in advance at which hole playoffs will begin and

inform everyone. You will have sudden-death playoffs for any of the top-two team spots and for

individual ties for first place after 18 holes. b. TEAM PLAYOFF: In case of a tie for first place in

the team championships, all players on the teams tied will play an additional hole (or holes) until

the tie is broken, using the sudden-death system of the best four scores from each team. c.

INDIVIDUAL FIRST PLACE TIE: Those involved in the tie will play an additional hole (or holes)

until the tie is broken, using the sudden-death method, to determine a first place conference

champion. d. ALL OTHER INDIVIDUAL TIES: A scorecard playoff sudden-death method

beginning with the number 1 handicap hole and continuing in handicap hole order, until the tie is

broken.

A team is allowed to bring a maximum of 8 golfers to serve as a JV team along with the 5th

varsity scorer that is not used. No plaques or medals would be awarded for a JV team; these JV

players would be eligible to medal in the conference meet.

● The rationale is that this meet is pretty small, 8 teams, 5 players each is only 40 golfers.

This would max the tournament out at 64 golfers, which can easily be accommodated on

a 9-hole course. There is not a lot of opportunity for JV golfers to get competitive meets

in if teams are trying to develop young players.

c. Discuss, consider, and make a motion and a second to approve the 1st Reading of

Proposal #3, **Track and Field Rotation**, proposed by Greg Conn, Wausa.

PROPOSAL #3, TRACK & FIELD

Section VI

The Following Track & Field Venues will be utilized in the Lewis and Clark Conference. Varsity

Track and Field rotating amongst schools with 8 Lane facilities. JH Track and Field will rotate

among schools with fewer than 8-lane facilities.

Proposal:

With the completion of a new track and field facility at Wausa High School, there will now be

two eight-lane track complexes in the Lewis and Clark Conference. The proposal is to always

have the Conference Track & Field meet held at Winnebago and Wausa, which both have eight

lane track facilities, including the Pole Vault, on a rotational basis, with each school hosting

every other year.

In addition, for the Junior High Conference Track & Field meet, the remaining schools in the

conference who have track facilities with less than 8 lanes will host the meet on a rotational

Basis. In High School, all events will send 8 qualifiers to the finals

For Junior High Track:

Qualifying 8 competitors for the finals in the Long Jump, Triple Jump, Shot Put, and Discus.

Qualifying 6 competitors for the finals of the 100/110HH, 100m, and 200m at Creighton and

Randolph.

Qualifying 7 competitors for the finals of the 100/110HH, 100m, and 200m at Homer.

Rational:

Currently, the track setups are as follows:

-Creighton High School (6 Lanes including Pole Vault)

-Randolph High School (6 Lanes, no Pole Vault)

-Homer High School (7 Lanes, not including Pole Vault)

-Wausa High School (8 Lanes including Pole Vault)

-Winnebago High School (8 Lanes including Pole Vault)

- We now have two schools and a third school that has broken ground that will have 8

lane facilities, with these three schools on both sides of the conference, as well as three schools

with fewer than 8 lanes, which will then be on a rotational basis for the JH meet.

- All three schools have/will have Pole Vault venues.

- A concern was brought up that with the timing of the Conference meet, we should be competing on venues with 8 lanes with districts within the next 10 days following the conference meet.

- The coaches that were in attendance at the August 5 th Lewis and Clark Conference Activities meeting agreed.
