IV.D.7. Consider, discuss, and take action to approve the Elementary Principal Contract.

With Cara Neesen's resignation, we began our search for her replacement. The elementary staff was consulted as to characteristics they wanted to see in the next K-2 principal. High on their list was that the next administrator had elementary classroom teaching experience. We had 7 candidates apply, 4 with actual elementary classroom experience. From those four, two withdrew due residency requirements and we interviewed two quality candidates.
The teachers and administrators came together and reached consensus on recommending Alicia Keairnes for the position with a starting salary of $89,000.
Motion to approve Alicia Keairnes for the elementary principal position for the 2022-23 school year. Passed with a motion by Richard Brabec and a second by Dr Renee Sayer.

The board negotiations committee is recommending the attached 2022-23 superintendent's contract.

In compliance with the superintendent Pay Transparency Act, the 2022-23 contract was posted on the district website 3 days prior to the meeting. The contract includes a salary increase from $188,000 to $193,000.
Motion to approve the 2022-2023 superintendent's contract as recommended. Passed with a motion by Nina Lanuza and a second by Brian Vavricek.
Guadalupe Marino: Nay, Dr Renee Sayer: Nay, Richard Brabec: Yea, Nina Lanuza: Yea, Chuck Misek: Yea, Brian Vavricek: Yea
Yea: 4, Nay: 2

V. Discussion Items and Reports

V.A. Priority School Update

Priority Plan update

This past month we were able to meet with our consultants four different days. We met on March 17th, 18th, March 30th, 31st, and will meet with them on April 13th, 14, and 28th. We had a long list of to-do items, but I feel the meetings went well and were very productive. During our time with Dr. Kennedy, we visited classrooms to support high quality instruction as well as discussed opportunities for the second semester. With Dr. Head, we discussed ACT implementation and celebrations as well as coaching logs, collecting data, and embedding ACT standards into bellringers. We also spent a great deal of time just working on aligning our strategic plan to our transition plan for the priority school. This was one of the most productive and conversationally "rich" discussions we have had in a long time.

We continue to visit and coach a number of teachers every week. During our visits, we will visit classrooms and have worked on 30-second feedback. This semester we will start 30-second feedback with value add. This is an extension of the 30-second feedback where we coach teachers on how to improve a lesson that was already successful.

We also spent part of days reviewing our progress plan ratings. We reviewed any areas that we rated as areas of focus for the remaining part of the year. Again, this was a very good use of our time, it gave us time to reflect on what we have been doing, and what we can do to continue to make the remaining part of this year a success. Again, this has been an excellent process, and I feel we are doing some amazing things here at Schuyler Central High. We will have one more rating this year in May.

Below is a link to our priority plan, as well as our SCHS newsletter. Again, if you have any questions or concerns, don't be afraid to contact one of the high school administrators.

V.B. Principals Reports

Preschool/SES 3-5 Principal's Report: Mr. Comley

Program/Staff Member Spotlight: This month I would like to highlight Ariana Alarcon, Emily Brandl, and Julie Cerny. These 3 outstanding office ladies are truly the heartbeat of the elementary. They always go above and beyond in everything they do. I am so thankful to have such an amazing group of peers to work with and would like to say thank you for all you do for Schuyler Elementary and Schuyler Community Schools.

SES K-2 Principal's Report: Mrs. Neesen

Program/Staff Member Spotlight: The Kindergarten teachers are hosting an in-person parent meeting for families who are interested in enrolling their students at SES. They have done a great job with planning, organizing and advertising for the event.We are excited to meet our future families and have them learn what SES is all about. We are hoping to get a full house!

DO Dual Language, Fisher's, & Richland Principal's Report: Ms. Bebout

Spotlight Program: I would like to highlight our Dual Language Program offered at the District Office and Richland School.

This year at the DO DL we have Kindergarten with 33 students. At Richland we have 1st-4th for the dual language program with a total of 48 students. This is a total of 81 students in the dual language program.
2022-23 we will have K-1st at the DO with a total of 65 students. At Richland we will have 2nd-5th with a total of 48 students. Next year we will have a total of 113 students in this program!!
It is so exciting to see our program grow each year and to see the students learning equally in both languages. In the dual language program, students are in an English class for 50% of the time and in Spanish for the other 50% of the time. If they have reading in Spanish in week one, they will have Math and Lang Arts in English. The next week they swap and they have reading in English and then Math and Lang Arts in Spanish. Science and Social Studies are divided by units. Our dual language program follows the same scope and sequence that the Rural Schools and the Elementary follow. Lessons are taught once and if a student is struggling in our program, we offer intervention time daily in the language they need extra help. I am so impressed daily with the dedication, time and effort that the Dual Lang Teachers spend on making this program so successful. Thank you to Rhonda Sellentin, Guadalupe Ramirez, Maria Bonilla, Denise Stevenson, Lisa Terrell, and Evelyn Recinos, you are the difference makers in this program!!!!
One other thing I would like to highlight is the success of our very 1st Grandparents/Very Special Person Day we had a few weeks ago at Fisher's! We had over 50 grandparents or very special people show up. It was so exciting to see how engaged our students were having someone there with them!!! Thank you to all who came out and the teachers that planned this amazing activity.

Middle School Assistant Principal's Report: Mr. Banahan
Program/Staff Member Spotlight: I would like to spotlight Mr. Randy Martin, SMS Art Teacher. Mr. Martin has devoted 44 years to the students of Schuyler Community Schools not only as a teacher, but as a coach, a mentor, an Activities Director, and many more important job titles. More importantly he has been a friendly and consistent face to many staff members and students that have graced the halls over those 44 years. He has developed strong friendships with many staff members and has been a positive role model for our students. I want to thank Mr. Martin, for all of his years of service to Schuyler Community Schools, his passion for working with kids and helping to model them into young adults.
Spotlight Upcoming Events: With all of the state testing and track meets this month, it is sure to fly by and our early events in May will be here before we know it! Some events we are looking forward to in the early part of May include: Academic Honors night May 10th, Activities Celebration and R-Time Celebration on May 13th. We have a lot to celebrate with these groups!

Middle School Principal's Report: Mr. Zavadil
Program Spotlight: This month I would like to highlight the collaborative work of the buildings to coordinate our Jump-up and orientation days. This is not an easy feat, but it is an important part of the transition process that our students will be going through in order to be well prepared for next year.
Staff Member Spotlight: This Month I would like to highlight the work of Mrs. Kiara Healy. She works in the SMS office and helps with a multitude of tasks primarily related to attendance, grades reporting, and our lunch program. She is an extremely organized and hardworking individual who is also going to college

to prepare herself to be an early childhood educator. Someday when she becomes a teacher we are all going to miss her in the Middle School office, but she will then take that same work ethic and bring it to the classroom.
Upcoming Events: NSCAS Testing is underway and going smoothly. Mrs. Kment is working with the NDE and our teachers to coordinate logistics and create testing sessions and she has done a great job and our teachers have also done a great job. This next Month will be full of great events for the Middle School to help prepare students for next year and celebrate our last school year. Below is a pretty comprehensive list of our end of the year events.

- Tuesday April 12th 8th grade college visitation day Wayne State and Northeast Community College
- Wednesday April 20th HS leadership present information to 8th graders during Enrichment
- Home Track Meet Monday April 25th
- Wednesday April 27th Hand out High School Scheduling documents to 8th graders during enrichment to be collected before Orientation.
- Band Fest Concert Monday May 2nd
- Freshman Orientation Wednesday May 4th
- 6th Grade Track meet Friday May 6th
- Choir Fest Sunday may 8th
- 6th Grade Jump-up day May 11th
- Honors Night May 10th (any non athletic awards)
- Athletic awards and R-time celebration May 13th
- 8th Grade Graduation May 19th

High School Asst. Principal's Report: Mrs. Ladwig
Program/Staff Member Spotlight: I would like to highlight the work of Ms. Barbara Saathoff (Science), Mrs. Lynne Rambour (Special Education), and Mr. Nelson (Business) as these three veteran teachers will be retiring from education at the conclusion of this school year. It is evident that each of these teachers has worked to touch the lives of many students and staff members while they have been at Schuyler Central High School, and we are a better school because of them. Thank you to Ms. Saathoff, Mrs. Rambour, and Mr. Nelson for your dedication to our students, and I wish you the best in your retirement
Notable Topics: Last Tuesday, the sophomores and juniors completed the Pre-ACT and ACT, and it was a great day for all. Mrs. Katie Bertrand organized the testing materials, locations, etc. She even lined up the Pancake Man to come in the morning to provide breakfast for all students and staff to begin the day. The cafeteria was full of energy and excitement as we encouraged students to give the ACT their best.

High School Assistant Principal's Report: Mr. Steinhoff
Program/Staff Member Spotlight: This month I would like to spotlight Mrs. Robbi McKenney. Mrs. McKenney teaches broadcasting and yearbook classes at the high school. In the classroom, Mrs. McKenney does an excellent job of differentiating her instruction and inspiring authentic engagement from her students. Before and after school hours, it is not uncommon to see Mrs. McKenney prepping for the next day, supporting her yearbook students at games and activities, or coming in before school to have students take photos. Recently, Robbi took her broadcasting students to the University of Nebraska to explore broadcasting and tour HuskerVision. It was a great

experience for the students and an opportunity for them to see the real world application of the material they are learning in class. Mrs. McKenney is a true asset to our school.

High School Principal's Report: Dr. Lefdal
Program/Staff Member Spotlight: I would like to spotlight our janitorial staff at the high school. They do an amazing job of keeping our school clean, safe, and ready for our students. They always greet students and staff with a smile and are always willing to help out at the last minute. Whether that is coming in early to help setup, or staying late to help tear down, we can always count on our team. Keep up the great work!
Notable Topics: I am very excited for our soccer teams. They are playing with enthusiasm and excitement. Watching them grow as athletes has been nothing short of amazing. I feel our youth sports/soccer program is really having an impact on our teams. Good luck teams!
Looking ahead: I am excited to see the spring musical. I know the students and coaches have been putting in so much time this spring to make sure their play is a success. They are an exciting team to watch/hear practice during the evenings. I know they will put on a great performance.

V.C. Directors Reports

K-6 Youth Sports Director Report Name: Cara Neesen
Spotlight Program: Youth Sport Soccer games are up and running! A huge thank you to all of the parent volunteer coaches who are making this league a success. When watching the games you can see excited athletes and their parents cheering on the Warriors, and it wouldn't happen without our volunteers. Also, thank you to Sheila Hoppe, Guillermo Guiterez, and Steve Buresh. These three have put in countless hours in organizing the league and getting the fields ready for competition. THANK YOU!!!
Warrior Academy - After-School Program Director's Report: Ms. Bebout
Program/Staff Member Spotlight: I would like to highlight Jacquelin Grado this month. Jaci has worked at the after-school program for 4 years. She started off as a club helper in her Junior year of high school. After graduating high school, she then became a club leader. She loves to run an arts and crafts club. She has run Crafty Kidz, Bead Pros, Jungle Mania, Under the Sea, just to name a few. She is currently going to CCC to get some of her general studies completed and also taking a few art classes. Next school year, Jaci will be moving to Omaha and going to Metropolitan Community College for Illustration and Animation. We will surely miss her at the after-school program, but cannot wait to see where she goes in life.

Middle School Activities Director's Report: Mr. Banahan
Program/Staff Member Spotlight: My program spotlight for this month is MS Track. We have over 160 athletes out for Track this year! It is awesome to see such a high number of athletes out for track. We have 90 girls and 70 boys participating this year. We are excited to see what our student-athletes can do this year as we have a very talented group of athletes competing this season, and having our 8th graders compete and have success last season will help lead the way and be a positive example for the future of our track program at the middle school level. Our first track meet is April 7th at Wisner-Pilger, and we will have three meets under our belts before our home invitational on April 25th. We are excited to see what our kids can do this year, and are looking forward to seeing lots of growth from all of our athletes.
Spotlight Upcoming Events: Track meets are scattered throughout the month

of April, and ending in early May. We also have some students that will be competing in a Middle School Speech meet in Norfolk later this month, as well as our students getting ready for their final concerts in early May. We will be having Bandfest on May 2, 2022 which will include pieces performed by all of our bands from 5th grade up through the High School Level in the West Gym starting at 7 PM. Also Choirfest will take place in the Auditorium on Sunday May 8th at 2:00 PM.

High School Activities Director's Report: Mr. Steinhoff

Special Education Director's Report: Mrs. Vrba
Spotlighting an Influential Educators: My WHOLE Team SPED

With the never-ending wind blowing away the end of March and a strong gust carrying the beginning of April, my teachers know the busiest time of year is upon us. It never seizes to amaze me how everyone just naturally turns it up a notch. We had 18 SAT referrals come in after P-T Conferences which already have been signed by parents and the testing and follow-up meetings for those students have begun. Teachers are busy finishing all MDTs/IEPs/IFSPs and paperwork for the 2021-2022 school year.

Although it is extremely important that we identify students that need the additional support, our students are under as they call it "dreadful pressure" of taking the NSCAS and/or the ACT. Our students really need their teachers' support and encouragement through these times. One of the teachers' role is

making everyone aware of the accommodations each student needs. Our teachers are practicing meaningful test-taking strategies, practicing and polishing up their students' skills along with some students finding themselves very anxious during a test. Those students have been memorizing a relaxation technique to help calm down and be more able to focus on the test questions. The teamwork between general education teachers and special education teachers is very prominent during this time which is **awesome**! This makes for a true **win-win** situation for our students.

In addition, I would like to give a huge shout-out to Elyse Belina, Daysi Magana, Caitlin Becker and our ESU #7 providers who are helping out in the Preschool, Head Start and covering all home visits. Our EC Special Education Teacher, Gina Bossow fell earlier in March and broke her kneecap. She did need surgery and hasn't been able to return for 6 weeks. All the above people have stepped up to help cover our EC services along with doing their own job! Thank you so much!

One last enormous shout out has to go to Lilas Harris!!! With all the construction going on next door, she has kept our Special Education Office so clean. She helps many elderly people in our community with their daily needs along with cleaning at other schools...she is just like the Energizer Bunny!! Every Monday morning, we walk into a clean, fresh-smelling office...which is just **priceless**!!

Curriculum, Assessment, Instruction Director's Report: Dr. Gibbons
Spotlight Program/People: Middle School and High School CTE teachers have been working with Otis Pierce from ESU 7 to look at information about our students and pathways that we can implement in our schools. The teachers are Lauri Novacek, Cindy Beebe, Jessica Graef, Guillermo Gutierrez, Don Seehusen, Casey Harper, Lynn Hanson, Mark Wemhoff, Lyn Beebe, Robbie McKinney and Jared Severson.
Since Last Board Meeting: NSCAS Testing has started. Testing times are spread throughout the testing window for us. Teachers and students are working hard to do well.
We have been reviewing our usage of our instructional programs. This year we have reviewed Renaissance, Math Instructional materials and are working on Ellevation. You can view our current reviews the following links:
6th - 12th Grade Math Programs
Renaissance Usage
After reviewing these programs, we create action plans to improve our implementation of these programs.
Important Spring Semester Dates

- March 21 - April 29 NSCAS Summative Assessment Window
- April 5 ACT
- April 5-8 & April 11-15 ACT Computer Make up dates
- April 19 ACT Paper Make up day
- Early to Mid May Should receive ELPA 21 scores.

V.D. Superintendent's Report

1. **District Office Auction:** *From Chris Langemeier:* We had great turnout for the open house Saturday and Sunday. The final deadline is Tuesday to submit your bids. I will tally up the wining bids later the week and if I can get some people to get things moved early I will line that up. The main item pick up day is Saturday

April 23 and then we will be done. I left the stuff in the hall yesterday I think it will help us get it moved out so please excuse the mess and I hope your people can work around it for a couple days.

2. **STRAT Plan Board Input:** See attached information from the input received from Rich Brabec. The input was reviewed and compared to ThoughtExchange priorities. Rich will meet with the committee chairs to make a final recommendation to changes to the adopted plan.

3. **2021 State Testing Results:** The 2021 NSCAS test results can be found at the site below. You can review how our school scores and how we compare to others across the state. See attached summary or go to the website and create your own reports. https://nscas2021specialreport.education.ne.gov/?dataYears=2020202021&agencyId=00-0000-000&currentGroup=statewide

V. Discussion Items and Reports

Procedural Item

V.A. Review the Priority School Report

Action Item

Priority Plan update
The administrative team met with our consultants and our state department representatives this past month. Our days were used to discuss and participate in value- add coaching. Ms. Lemus, Mr. Keairnes, Ms. Flores, and Mr. Paesl were teaching participants. The process has been well received by our staff and we will continue this process over the next two months.

We began our meetings with updates from administrators and moved into reviewing our ACT action plan as well as examining and reviewing data collections. We spent a good amount of time discussing high school CTE programming for next year and ideas that we have for increased participation and opportunities for the future. Dr. Gibbons presented on student data. This was followed up with a lengthy discussion on data-informed instruction. When we have good testing data, this will help drive our instructional practices. We also discussed one of our program reviews that was completed during our in-service days. The process was very successful and led to some excellent conversations. Mark Brady also showcased his talent with cognitive coaching. He is an amazing asset to us from ESU 7.

During our second day of meetings, the conversation continued to focus on data-informed and mission-driven instruction. We spent a large amount of time working on our data and testing protocols, as well as our MTSS framework. Shirley Vargas also joined us on the second day to see the progress that had been made at Schuyler. I believe everyone walked away from the second day's meetings with a positive attitude, a belief that we are doing the right things, and a to-do list that sets the work for the next couple of weeks. KLK is back four days in March, to continue our work.

We closed the last day with a reflection on how the days went by, sharing "Glows and Grows" from the meeting. We all felt the days were very worthwhile and really gave us some great insight into how our programs are running and where we can focus our energy during the fourth quarter.

V.B. Principals Reports

Information Item

Building Principals

Preschool/SES 3-5 Principal's Report: Mr. Comley
Program/Staff Member Spotlight: This month I would like to highlight Vanessa Stanek. Mrs Stanek is our technology coordinator at SES. Vanessa does an outstanding job helping everyone around the school when called on. Mrs Stanek always has a smile on her face and is liked by so many. Mrs. Stanek also helps out with Family Literacy, PTO, TeamMates, Sixpence, and many more programs at SES. I just want to give a big thank you to Vanessa Stanek for all she does for Schuyler and SES!

SES K-2 Principal's Report: Mrs. Neesen
Program/Staff Member Spotlight: This month I would like to highlight the effort and work of Mrs. Doreen Gibbons. Mrs. Gibbons has taken on the new form of co-teaching for Schuyler Elementary with eagerness and professionalism. She has scheduled her grade level so that all students are able to receive her expertise in specially designed instruction. Her efforts have not gone unnoticed by her teammates and students. Thank you Mrs. Gibbons!

Middle School Asst. Principal's Report: Mr. Banahan
Spotlight Upcoming Events: As we move into March and April, we move into the state testing and track season, which creates a very busy couple of months for our teachers and students! We are excited to see the results of all of the hard work our staff and students have put into the school year. As we move forward, it is important to continue to celebrate the success we have in the classroom with our students and our teachers, as this becomes a very stressful time of the school year.
Spotlight Staff/Program: I would like to celebrate our front office staff of Marisela Lopez, Kiara Healy, and our nurse, Jenna Banahan. Our administrative assistants do an outstanding job of communicating with our students and families. They have various tasks they must accomplish each day, with various interruptions that constantly disrupt whatever they are working on at the time, and they always handle it with so much poise and professionalism. They truly make our school run smoothly, as they know where everything is located, who does what, where people are located, and any extension you could need to contact anyone in the district. Our school nurse also does an excellent job of helping out wherever she is needed and is always willing to help out with answering phone calls, or locating students when parents need to pick them up. Along with helping all of the students that come into the office because they aren't feeling well, or collided in P.E. class. She does an amazing job of advocating for the students she treats, and ensuring that they get everything they need in order to be successful while at school. We are extremely grateful for all of the work these ladies do each and every day in our building. Thank you for all of your hard work and dedication to our staff and students.

SMS Principal's Report: Mr. Zavadil
Program Spotlight: I would like to highlight the work of our district and building school improvement teams. These teams are doing the work of implementing our district initiatives as it relates to teaching and learning under the direction of Dr. Gibbons. Lately, our school improvement team has been working with Dr. Gibbons on our academic rigor as it relates to the writing and implementation of learning targets based off of proficiency scales. This sounds a little dry, but it is the foundation of what we teach at Schuyler Middle School and is very important. We look forward to the work that we are about to do with LSI when we are given that opportunity.
Staff Member Spotlight: This month I would like to highlight the work of Mr. Rick Eller. Mr. Eller is the lead custodian and maintenance worker here at Schuyler Middle School. He helps to coordinate the cleaning and maintenance. Mr. Eller works tirelessly and selflessly to ensure that our building is ready to go every day for our staff and students. Often, when I come into the building at night or on Saturdays, I will have a good short chat with Mr. Eller and he is hard at work. We very much appreciate all of Mr. Eller's efforts.

Upcoming Events: The district just finished parent-teacher conferences last week and we had great attendance. We will be starting our NSCAS testing during the last week of March and it will be given at different times for different classes through the Month of April. All of our teachers have worked very hard to grow students and we look forward to receiving this data as validation of their tireless efforts.

High School Asst. Principal's Report: Mr. Steinhoff
Program/Staff Member Spotlight: This month I would like to spotlight Drey Keairnes for his work in the library, in his English classes, and for all the work he does outside of the required hours he needs to be in school. Over the past few months, Drey has consistently worked with the administration and the state to help improve our students' reading and writing abilities. He is

always willing to use both the administration's and the state's suggestions and resources to improve his classroom. Recently, he has been working on paired reading and lit circles in order to improve engagement in his English classes. Drey has a unique ability to get all of his kids to engage in their work. He has even been willing to co-teach and work with other teachers. This attitude not only improves student performance, but staff morale as well. Mr. Keairnes is a true asset to our school.

High School Asst. Principal's Report: Mrs. Ladwig
Program/Staff Member Spotlight: I would like to highlight the work of Mrs. Brandi Zavadil. Mrs. Zavadil is currently serving as both our EL Transition Counselor and Instructional Coach. On any given day, you can find Mrs. Zavadil meeting with both students and staff to help them in any way she can in order to make SCHS a better place for everyone. She has helped lead our Newcomer Program toward success, and the teachers in our EL department look to her for guidance and support. In addition to the work she does with our EL department, Mrs. Zavadil also plays a key role in MTSS at the high school. She is a team player and is always willing to collaborate with the others on the team. Mrs. Zavadil also just recently spent countless hours getting everything lined up for our successful Parent Teacher Conferences. She truly is an invaluable member of our team at SCHS.
Notable Topics: Our spring Parent Teacher conferences went well on Tuesday, March 8th. Many students had the opportunity to showcase their creativity through either their entrepreneurship class or culinary arts class by selling products they created and food from their "food truck". During the supper hour, all the tables in the auditorium were full of students, teachers, parents, and community members who came out to support our kids. It was a positive experience for all involved!

High School Principal's Report: Dr. Lefdal
Program Spotlight: I would like to spotlight Mr. Steinhoff and Mrs. Ladwig for the work that they are doing at the high school. This team of administrators is making a huge difference for our students and staff. They have stepped up for our district and are truly making a huge impact on our students. Their ideas and suggestions on how to improve our programming and school have been nothing short of excellent. They make it fun going to work. Great work!
Notable Topics: The speech team and its coaches have been simply amazing. The team has worked diligently to make this one of the best years they have had! The students are excited, willing to put in the time and effort that is necessary to succeed, and their behavior and professionalism at meets is nothing short of amazing. Bravo!

Looking ahead: I am excited to see the spring musical. I know the students and coaches have been putting in so much time this spring to make sure their play is a success. I am also excited to see how far we can go in our spring sports. We have some very competitive teams, and it is exciting to watch them.

V.C. Directors Reports

Information Item

Directors
K-6 Youth Sports Director's Report: Mrs. Neesen
Program/Staff Member Spotlight: Softball season is wrapping up. This year we had 17 athletes sign up. This is down from last year, so the Youth Sport team is going to problem solve how we will grow our numbers for next year.
Upcoming Events: Soccer season is upon us! This year we will have a micro-soccer league that will include preschool-aged athletes. As of now, this will be our largest league!

Warrior Academy - After-School Program Director's Report: Ms. Bebout
Program/Staff Member Spotlight: I would like to highlight our Get Connected State Conference that we attended on February 28th. Our ASP staff and college students had the opportunity to attend this conference. This gave them great ideas on clubs that they could possibly run during the after-school program or June summer camp. We were able to attend different workshops, including "Creating An After School Bird Club" and "Entomology in Afterschool". This quarter one of our college students that attended this conference will be running a bird club from one of the workshops that were offered that day. We are hoping to use our Entomology kits for our summer programming! ! We are so excited to see what our students will learn!

Middle School Activities Director's Report: Mr. Banahan
Staff spotlight: This month's staff spotlight is Mr. Jermey Hlavac and Mr. Drey Keairnes. Both of these coaches have taken it upon themselves to get our student athletes ready for next year at the high school level, by having spring weights for those students not involved in a spring sport. We have a number of 8th grade students that are looking forward to making some positive gains in the weightroom, but also building positive relationships with high school coaches as they get ready to transition from middle school to high school next school year. Both of these coaches have done a great job of not only developing these relationships, but also working with our middle school coaches on prepping for the upcoming fall season.
Spotlight Upcoming Events: For the Middle School our upcoming season is track. Our coaches are ready to get the season underway and we will be having track sign-ups on Thursday March 17th, and our first meet will be at Wisner-Pilger on April 7th.

High School Activities Director's Report: Mr. Steinhoff

Activity Spotlight: The high school activities are full of news as winter activities come to a close and spring sports kick off.
Speech: Our speech team has qualified 7 for state! The following young men and women will compete at state in Kearney. Our speech team has been phenomenal all year and it is great to see their hard work rewarded.
Ben Lefdal - Humorous Prose
Colin Gibbons - Poetry
Gina Alba - Poetry
Elizabeth Harding - Persuasive
Janey Parra - Duet Acting
Josue Fuentes - Duet Acting
Piper Lefdal - Serious Prose
Band: We had 14 Warriors qualify for Conference Honor Band!
Josue Fuentes - Alto Sax
Ben Lefdal - Bass Clarinet
Vincent Wegner - Bassoon
Vanessa Uriostegui - Baritone
Fredy Vasquez, Litzy Avila, Erika Quezada, Elizabeth Harding - Clarinet
Marisol Deanna, Piper Lefdal - Flute
Joel Medina, Janey Parra - Trombone
Omar Barrios, Colin Gibbons - Trumpet

Schuyler FFA had two teams qualify for state FFA. We are proud to send nine students. Congratulations to the district runner-up Nursery and Landscape team and their 2nd place finish.
Eliza Bailey 4th place, Anna Soto 6th place, Kathryn Novacek 8th place, Makayla Cerny 10th place.
Also, congratulations to the District Champion Agriscience team!

Bela Jedlicka was 4th, Ally Vavricek 6th, Abby Reyna 9th, and Addy Vavricek 12th
Emma Jedlicka has also been selected to receive her state degree.

Spring sports are also kicking off! Boys and girls track, boys and girls soccer, and boys' golf have all started practicing. We are looking forward to a successful spring season.

Special Education Director's Report: Mrs. Vrba
Program/Staff Member Spotlight: Lynne has been a very dedicated Special Education teacher for her eight years at SCHS. She has devoted her whole professional life to a career in Special Education. At the completion of our 2021-2022 school year, Lynne will have been serving various students on the eastern side of Nebraska for 39 years! She has covered the entire gamete of services in her career which entails being an Early Childhood Coordinator to watching her students march through graduation ceremonies.
Honestly, Lynne has been "my rock" and "pillar of stability" within the SCHS Special Education Program. Over my time as SPED Director, we have had quite a turnover of staff at the high school level. Lynne has always stepped up to help our new teachers learn the SCHS way of teaching, doing paperwork, find ways to help struggling students and figuring out the schedules. As an administrator, I could never ask for anyone who is more of an advocate for our students, who compiles information for SRS and IEPs that is more methodical and systematic and who is a "walking comprehensive SPED regulations" authority. Her knowledge of the "World of SPED" is going to be very hard to replace at the high school level.
As Lynne moves forward with her plans of retirement at the end of this school end, I want her to know how lucky our kids have been to have her as a teacher and case manager. We do tease Lynne, a little, about being the "government whisperer"...she has helped numerous students through that extremely difficult course...really all of the history classes. I, personally, find it irresistible not to listen to Lynne teach our students about our world, our country and our government. Thank you Lynne for your years of implausible service, your laughter as we have made a few long-lasting memories and your dedication to "our kids"!

Curriculum, Assessment and Instruction Director's Report: Dr. Gibbons
Spotlight Program/People: I am going to highlight our School Improvement Teams. We have a structure in place where we have a district steering committee made up of an administrator from each building and the chair of each building committee. The chair is always a teacher. The chairs of each building are Alicia Keairnes - Schuyler Elementary, Lisa Terrell - Richland, Jennie Stutzman - Fisher's, Guadalupe Ramirez - Dual Language, Bill Policky - Schuyler Middle School, Nick Wilcox - Schuyler Central High School and Alexa Stephenson - Schuyler Central High School. These teams write action plans that align with the building needs and strategic plan. They help prepare the Title I SchoolWide Plan for each Title I building and they prepare for our external review for our Cognia Accreditation. I am bringing this up now because we will be hosting our external review next year, so we are beginning to prepare now. Cognia has updated their standards and review process so we will have a lot of work to do between now and next year.

Since the Last Board Meeting: One of the items that we have been working on with the School Improvement Teams has been a discussion of how we can improve the curriculum writing process. Not change what we have done, but instead take it deeper. We started this conversation after examining ACT and NSCAS data last year. We know that we typically score between 19% and 29% of our students meeting the ACT benchmark. We have often attributed much of this to the fact that we get so many newcomers directly enrolling into the high school, however, I did a review and found that 68% of the juniors who took the ACT last year started with us in either Kindergarten or First Grade. We know that we cannot prepare students for the ACT while in high school, so we have been looking for ways to ensure that instruction and learning reach the same level of rigor as the state standards. Our school improvement teams met with representatives of Learning Sciences International, the same company that produces our evaluation instruments, to discuss their standards-based planning workshops. With your approval of the strategic plan, we will begin planning dates that their expert consultants can come help teachers develop learning progressions, learning targets,identify success criteria for meeting those targets and ensure activities align to those targets.

Committee on American Civics Agenda
April 5, 2021

Committee Members	Present	Absent
Renee Sayer		x

Nina Lanuza	x	

Also present: Curriculum Director Dave Gibbons

Purpose of this meeting: To ensure that the Schuyler Community Schools' Social Studies Curriculum is aligned with the current Nebraska standards as required by Nebraska Law 79-724 and to discuss planned curriculum materials purchases for approval at the April Board meeting.

Meeting called to order at 6:45pm

1) Curriculum is aligned to the standards and is made public.
    a) Can be viewed on the district website by going to ~~Explore~~ Menu, then ~~Board of Education~~, SCS FMP Modules and finally Standards.
    b) Priority Standards have a Proficiency Scale that explains in greater detail what students are expected to know and understand.

It was further explained that we are clarifying our prioritization of standards in such a way that we are not ignoring any. They go into three levels, ***priority standards, supporting standards, and nice to know standards****. We do expect teachers to teach all standards, priority means that we guarantee that students will learn them and learn them deeply.*

2) Curriculum stresses the services of the men and women who achieved our national independence, established our constitutional government, and preserved our union and is so written to include the incorporation of multicultural education so as to develop a pride and respect for our institutions and not be a mere recital of events and dates;
    a) 5th grade Standards and 8th grade standards
    b) Multiculturalism is in curriculum materials.
    c) Contains formative & summative assessments.

3) Incorporates the administration of a written test identical to the civics portion of the naturalization test.
    a) Will be done in 8th grade and ~~US History~~ *American Government* class in high school.
    b) At a meeting last year, Board Member Lanuza asked about having students attend meetings. The fear is that no matter how hard we try, we could not possibly get every student to attend.

4) Samples of how teachers have met the holiday requirements.

Demonstrated how teachers are putting their plans for holiday requirements into a shared google folder within the Social Studies curriculum folders.

5) Samples of curriculum materials available for review for the committee.
    a) Updating high school Government Class this year.

Discussed that this is a 2023 copyright so we do not have a full sample to share, but we are going to get an update of the materials we already have. We are going from 2005 to 2023 copyright. It will be Magruders American Government published by Savvas Learning Company.

6) Other Curriculum Cycle Updates

We went through each of the items on the 2022 Curriculum Cycle as posted in the Curriculum Cycle FileMaker Pro module.

7) Public Forum: Other topics (limited to 5 minutes - subject to guidelines of the Board Participation Policy)

Adjourned at 7:35pm

79-724. Committee on American civics; created; duties; school board, State Board of Education, and superintendent; duties.

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

(a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;
(b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;
(c) Examine and ensure that the social studies curriculum used in the district is aligned with the social studies standards adopted pursuant to section 79-760.01 and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;
(d) Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections 79-719 to 79-723 in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;
(e) Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;
(f) Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section 79-760.01;
(g) Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:
(i) Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or
(ii) Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section 84-1409 followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or
(iii) Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in subdivision (6) of this section or on a topic related to such person or persons or event; and

(h) Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

(2) All social studies courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups to
(a) the development and growth of America into a great nation,
(b) art, music, education, medicine, literature, science, politics, and government, and
(c) the military in all of this nation's wars.

(3) All grades of all public, private, denominational, and parochial schools, below the sixth grade, shall devote at least one hour per week to exercises or teaching periods for the following purpose:
(a) The discussion of noteworthy events pertaining to American history or the exceptional acts of individuals and groups of Americans;
(b) The historical background, memorization, and singing of patriotic songs such as the Star-Spangled Banner and America the Beautiful;
(c) The development of respect for the American flag as a symbol of freedom and the sacrifices of those who secured that freedom; and
(d) Instruction as to proper conduct in the presentation of the American flag.

(4) In at least two of the three grades from the fifth grade to the eighth grade in all public, private, denominational, and parochial schools, time shall be set aside for the teaching of American history from the social studies curriculum, which shall be taught in such a manner that all students are given the opportunity to
(a) become competent, responsible, patriotic, and civil citizens who possess a deep understanding of and respect for both the Constitution of the United States and the Constitution of Nebraska and
(b) prepare to preserve, protect, and defend freedom and democracy in our nation and our world.

(5) In at least two courses in every high school, time shall be devoted to the teaching of civics and American history as outlined in the social studies standards adopted pursuant to section 79-760.01, during which specific attention shall be given to the following matters:
(a) The Declaration of Independence, the United States Constitution, the Constitution of Nebraska, and the structure and function of local government in this state;
(b) The benefits and advantages of representative government, the rights and responsibilities of citizenship in our government, and the dangers and fallacies of forms of government that restrict individual freedoms or possess antidemocratic ideals such as, but not limited to, Nazism and communism;
(c) The duties of citizenship, which include active participation in the improvement of a citizen's community, state, country, and world and the value and practice of civil discourse between opposing interests; and
(d) The application of knowledge in civics, history, economics, financial literacy, and geography to address societal issues.

(6) Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King, Jr.'s birthday, Native American Heritage Day, Constitution Day, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

(7) Every school board, the State Board of Education, and the superintendent of each school district in the state shall be held directly responsible in the order named for carrying out this section. Neglect thereof by any employee may be considered a cause for dismissal.

RECONSTRUCTION COST

The Reconstruction value basis determines the cost to erect a building, at current prices, using like, kind, and quality (LKQ) materials, current construction, design, and quality of workmanship. There are many additional site-specific and process-related costs that are experienced when rebuilding *after* a loss which are not included in "New" or "Replacement" Costs value basis. These costs include, but are not limited to, the following:

The Utilization of Repair/Restoration Contractors

These contractors are generally considered specialists in the construction field and usually handle reconstruction of a building, not new construction. There are several factors that are associated with the use of these contractors. These factors include the following:

- *Higher labor costs*

  These contractors may employ multiple, highly specialized, competent labor, who generally have skills in a specific trade. Because of this expertise, they are paid more than new construction workers and may have to be brought in from out of the local area. These contractors commonly incur higher insurance costs due to the nature of their work and the conditions they encounter.

- *Higher mark-up*

  With the special construction services provided by these contractors, their fee for providing construction services is commensurate with their knowledge and expertise in the construction field.

- *Higher contingency*

  There is always some level of uncertainty associated with the construction of a building, and even more when reconstructing one. A restoration contractor is usually working in less than ideal conditions, greatly increasing their chance for unexpected building or site conditions.

The Construction Process

There is a common sequence of events in the construction process that may be altered when reconstructing after a loss. These events include the following:

- *Slab on Grade*. In new construction, depending on the project, the concrete slab on grade may be poured in place after the major structural components have been erected and the roof has been constructed. In reconstruction, it is likely that the slab will remain and can be reused. The presence of the floor slab during reconstruction will limit or dictate the type of equipment that can used for erecting the structural elements, staging materials, interior framing, and roofing activities.

- *Existing materials*. Plumbing, wiring, ductwork, and other mechanical systems that are beneath the original concrete slab may be reused in the construction process. These existing materials will need to be identified, tested, cleaned, and prepared for the new construction, which will be connected to those systems.

- *Structural components*. Other structural components that will be reused in the reconstruction process will likely need to be shored, braced, and protected until ready to use.
- *Custom components*. Commercial/Industrial/Institutional buildings often require custom or fabricated components, large quantities of a particular material or one- or few-of-a-kind specialty systems. Delivery of these items may be sporadic, or the lead-time associated with obtaining them will be lengthy. Due to this, construction may have to be done out-of-sequence or utilize a series of start-up/shut-down cycles to expedite the work.
- *Weather-related costs*. Contractors may be required to perform certain activities without regard for inclement weather, incurring costs that would not normally be experienced. For example, heated mats to thaw frozen ground or temporary air-supported structures to shelter temperatures or moisture-sensitive activities from the elements.

Time Urgency

To complete the work as quickly as possible and get the insured back into their building and be able to continue their operations following the interruption will require the contractor to respond immediately and possibly work extended hours or additional shifts. These efforts are important to mitigate BI (Business Interruption) and ALE (Additional Living Expense) expenses, which can be significant.

This reconstruction process cannot not allow for the time typically associated with the normal "new" construction. New construction could include architects or engineers preparing construction blueprints, providing the construction plans to general contractors, and a typical contractor bid process to accept the lowest reasonable bid. After the bid, there would additional time allowed for project planning and labor/equipment mobilization, site prep, and material delivery required prior to the start of building.

Limited Site Mobility

There are several factors that are non-existent or of little consequence when building new construction but still need to be considered by the reconstruction contract. These factors include the following:

- Protecting existing landscape, vegetation, other site improvements, overhead and underground utilities, and neighboring properties.
- Limited on-site storage space may result in staging materials off-site and additional handling charges.
- If a portion or portions of the original building remain following the loss and are to be reused, they must be protected from damage and avoided during the reconstruction process.
- Handling of building materials becomes more difficult, increasing costs when done within/among the remaining portions of the damaged building.
- Increased costs to repair or replace site features that will be damaged during the reconstruction process, such as driveways, sidewalks, and retaining walls.

Adjoining Non-Construction Areas

If the reconstruction area adjoins or is near an occupied building, special considerations may have to be given to noise, dust control, and site debris removal. If the damaged building is attached to or near an

operating business or facility, the contractor may have to adapt construction activities, for example, to allow the adjacent business to receive raw materials and ship finished goods. The reconstruction activities must yield to the day-to-day business of shipping and receiving.

Insured's Property

The contractor may be required to protect and work around machinery or equipment that was in place prior to the loss and is to remain in during/after reconstruction.

Economies of Scale

The reconstruction process may not realize the same economies of scale associated with new construction.

Dangerous/Hazardous Materials and Mold Concerns

Older buildings may contain dangerous or hazardous materials (asbestos, lead, mercury, etc.). This may require professional field inspections and air-quality testing that would not be expected with new construction. If portions of the original building are scheduled for reuse, they would also need to be protected from the elements to prevent the formation of mold.

Personal Protective Equipment (PPE), containment/barrier procedures, and continual testing are required when working in the presence of dangerous/hazardous materials or mold. These factors can lead to a decrease in overall productivity, an increase the reconstruction timeline, and an increase in cost for the reconstruction team.

Like Replacement Cost, Reconstruction Cost acknowledges current national building codes and ADA barrier-free design standards as they apply to new construction. Retrofitting or remodeling existing buildings or a portion of a building to meet these requirements is not reflected in the values generated by Commercial Express. Also, since it might be impossible, impractical, or unacceptable to use material or methods originally utilized in the initial construction, *equal quality and utility* may be substituted for *like kind and quality*. Lastly, Reconstruction Cost recognizes that the containment and/or removal of hazardous materials would alter the reconstruction process, thereby adding costs. However, Commercial Express does not include the actual costs for abatement or encapsulation procedures if deemed necessary.

The Reconstruction Factor varies by occupancy and when applied will increase the valuation total by roughly 8% to 16% over a New Construction Value Basis.

Construction Sector Challenges Driving Up Costs and Insurance Rates

July 2021

The construction industry is experiencing unprecedented challenges including high demand from an increase in catastrophic storms and labor and supply shortages as a result of the global pandemic. These factors have driven costs of materials and labor to new heights, impacting insurance rates and limits in the construction sector, as well as insurance costs for commercial property policyholders.

Construction Material Costs

COVID-19 forced businesses around the globe to shut their doors for an extended period of time, causing production delays and disrupting supply chains, resulting in materials falling short of demand. The construction industry specifically has experienced a sharp increase in the price of building materials such as lumber and metal products.
As a result of these rising costs, studies are estimating that more than 70% of commercial buildings are underinsured, creating the need for insurers to recalculate replacement costs. Having an accurate estimate of loss costs improves the ability for insurers to charge premiums appropriate for each risk, to better quantify exposure and to assist agents with informing policyholders on adequate policy limits.

What you can do: Be aware of how the pandemic has impacted the cost of building materials. Discuss the difference between replacement costs and reconstruction costs with your policyholders and evaluate any necessary policy structure or coverage changes.

Social Inflation

Societal and legal trends have continued to intensify social inflation, making it difficult for insurance carriers to predict future claims costs based on the current market conditions. Nuclear verdicts being awarded are crippling businesses, impacting the insurance industry and the economy. As a result, underwriting has tightened and carriers are not as willing to offer higher umbrella limits in the construction sector. The higher costs associated with the tightened market either need to be absorbed by contractors or passed on to customers, ultimately driving up construction costs.

What you can do: Understand the driving factors causing social inflation and educate your clients about risk management, ensuring they have proper mitigation strategies in place. Utilize carrier resources and expertise to better understand your policyholders' risk profiles.

Construction Defects

Contracting firms are dealing with staffing hurdles due to labor shortages and attempting to honor bid prices given prior to the pandemic, impacting profits as a result. This combination of challenges has put pressure on contractors to seek cost-saving measures that can lead to failures, resulting in potentially costly liability insurance claims. With multiple parties involved in a construction project, there can be many places to point blame, leading to potentially high liability claims costs.

What you can do: Ensure your contracting clients have good quality control and risk mitigation programs in place. Understand the market conditions and educate your clients about risk management techniques, including risk transfer.

Dr Hoesing, School Board and Principals,

This letter is to inform you of my retirement from my position. I have worked for Schuyler Community Schools for 26 years as a Para Educator and have enjoyed working with the staff and students throughout the years. With all that said, please accept my letter of retirement, with a sad heart. My last day of employment will be May 20th, 2022, thank you for the opportunity to work at Schuyler Community Schools.

March 14, 2022

Dear Dr. Hoesing and Rich, Brian, Guadalupe, Renee, Nina, and Chuck,

Thirty-six years ago, the current principal of Schuyler Central High School did not want to hire me because I looked too young and would not be able to effectively do what the district wanted me to do. Our superintendent at the time, over-rode the principal, because he had had a similar issue happen to his daughter. He gave me a chance.

As a result of being given that chance, I was paid to serve the students of Schuyler. As a result of being given that chance, I was able to coach volleyball alongside two very talented coaches; Tracy Trofholz, and Jean Conrad. In our best season, the athletes finished being ranked ninth in class B in the state. At the time, our student manager was Guadalupe Marino.

As a result of being given a chance, my Anatomy and Physiology class of 1993 was provided with the opportunity to host the first ever bloodmobile in our high school. Many of the seniors in that class are now health care professionals, and other members of the class are professionals in their own right (Guadalupe Marino and Dr. Alyssa Vodehnal Clough being two of those class members). Thanks to the selfless work and leadership of Elizabeth Lickei and Jared Severson, a bloodmobile at our school still continues. One year, our bloodmobile was recognized as the Red Cross' high school bloodmobile of the year, out of a five state region.

As a result of being given a chance, I was able to be part of the team, who researched sites around the state, and helped Lynn Sweeney develop the Alternative Education program that still exists today. I will always value that opportunity of being able to watch Lynn Sweeney provide so many students with educational opportunities that prior to Alt. Ed. did not exist in Schuyler.

I do not highlight these events to point toward me, because my athletes and students and the adults with whom I surrounded myself were of equal and/or greater contributors. I DO highlight these events because I was given a chance by this community. I had planned to serve this community's students for two more years, but the dear Lord has different plans for me, and I am choosing to listen to Him. My family has medical needs that have caused me to miss a great deal of school, and as a result, I am not serving anyone to the best of my ability. It is with sadness, but also pride and joy (for the opportunity to work in Schuyler), that I am retiring from the position with which this community and school district entrusted me.

Katie Bertrand has quietly carried much of the load this year, and you could not ask for someone better who performs their duties with the diligence and knowledge that she possesses. I know that she will always seek ways to develop the school counseling program beyond where it is now. Jared Severson helped me develop the local scholarship program to reflect what it is today, and for his assistance in general, but also with the job shadowing program that used to exist, I am eternally grateful.

I feel deeply blessed and will be forever thankful for the friendships, memories, and opportunities that Schuyler Community Schools has provided me. Thank you for your time.

Sincerely,

Amy J. Johnson

Dear Joey and Heather,

Please accept this letter as a notice of my resignation from my position as an APEX and PE teacher.

I have accepted a position at Cambridge Public Schools as the new strength and conditioning coach. I will teach some PE, coach football, girls basketball, and track.

It has been a pleasure working with both of you and the staff at both schools this year. I will miss the students and the relationships I built with them. Not only the students, but the SCS staff as well. The staff has been extremely helpful during my time here. I will forever be grateful for the opportunities the Schuyler district provided me with. I especially would like to thank you both.

Once again, with gratitude, I am thankful for the opportunity I had to work at Schuyler Community Schools. I wish you both, and your staff, all the best. Thank You.

Sincerely,

Dr. Lefdal, Mrs. Ladwig, Dr. Hoesing, Mr. Brabec and the SCS Board of Education,

Please accept this letter as my formal resignation from Schuyler Community Schools effective the end of the 2021-2022 contract term. I have accepted another teaching position as it will allow me to be in the same district as my family and the same building as three of my children.

I want to thank you for the opportunity to better myself as an educator during my time in Schuyler. Over the past five years, I have learned many things about the art of education and have learned new ways to engage students and improve my classroom. But above all, I have learned more from the students who attend SCHS than I could have ever imagined possible. It will be very hard to leave the students of this district. I have grown attached to them while pushing them to succeed and demanding their excellence. I always want them to understand they are capable regardless of any outside factors that may try to stand in their ways.

This was a very emotional decision for me. I am excited about my new opportunity, but I will forever be grateful for the relationships I have built with the students and staff at Schuyler Central High School.

Sincerely,

Melanie Gustafson

Dear Dr. Hoesing, Dr. Lefdal, Schuyler School Board of Education

This letter is to inform you that I will be resigning my position as a Social Studies teacher at the high school, as well as coaching positions effective the end of the 2021-2022 school year.

This is a very difficult letter to write because I have loved my seven years here at Schuyler Central High School. I work with and have worked with amazing people and amazing students. The list of people to thank is so long that I could never list everyone.

I care deeply about the players that I have coached, and people with whom I have coached. They all have a part of my heart and I hope and pray they know that I have done my best to help them succeed. I pray they continue to be the best they can be collectively and individually.

Schuyler has given my family so much. All of my children have been born and raised as Warriors. I am a Cancer Warrior. My parents, siblings, aunts, uncles, cousins, and friends are all Warrior fans thanks to the amazing people of Schuyler. I will always be a Warrior in all that I do.

As I leave Schuyler, I will take so many great memories and experiences with me. I will always cheer on the Warriors wherever I go and I will always have my eyes and ears watching for the successes that are to come.

Thank you, God Bless!!

Dear Dr. Lefdal, Mrs. Ladwig, and administrative team,

Please accept this as my formal intent of not returning to Schuyler Community Schools next year.

I will be resigning as Science Teacher at the conclusion of the 21-22 school year. I appreciate your support during my time here, and I take with me the valuable experiences I have gained over the last five years. It has been a pleasure working with you and the students here.

Thank you for your understanding. I wish you and SCHS all the best in the upcoming years.

Best regards,

Dear Mr. Zavadil, Dr. Housing, & the Board of Education,

Please accept this letter as formal notice of my resignation as a 6th grade Math teacher at Schuyler Middle School effective at the conclusion of the 2021-22 school year.

I deeply appreciate the opportunity that I have had to teach in the Schuyler Community Schools District for the past 18 years. I thoroughly enjoyed working with such an amazing staff & administration throughout the years. Through my experiences here, I've been able to grow as a professional and as an educator. I will miss being able to work with the wonderful students we have had come through our schools over the years. I will always cherish all of the memories I have been fortunate to experience here.

It's truly been an honor and a pleasure to spend so many years in the community. I wish everyone here nothing but the best and I look forward to finishing the year with all of you.

Sincerely yours,

Todd Block

Dear Schuyler Board of Education,

Please accept this letter as my formal resignation from my position as second grade teacher at Schuyler Elementary School. My last day of employment will be May 20th, 2022.

My experience in Schuyler is something I will treasure and take with me the rest of my life. I have thoroughly enjoyed working with the students, staff, and families in this community. The skills I have learned during my tenure are priceless.

I never imagined my time here would come to an end, but an opportunity to stay home with my son has presented itself to me. The precious time with my family is something I can not turn down.

I hope all the best for everyone at Schuyler Community Schools, especially the students that I love so much. Thank you for the opportunity to be a part of something so wonderful. Thank you for your support and leadership during my time here.

Sincerely,

Emily Garcia

Dear Dr. Hoesing and School Board of Education,

Please accept this letter as formal notice of my resignation from my position as K-2 Principal at Schuyler Community Schools.

Thank you for giving me the opportunity to work in this position for the past two years. I have thoroughly enjoyed working here and appreciate all of the opportunities that have been given me. Schuyler Community Schools has molded me into becoming a better administrator, and for that I am truly thankful.

I would like to do anything I can to help with the transition, including completing my responsibilities and training other team members if necessary. If I can be of any other assistance during this time, please let me know.

Thank you again for the opportunity, and I wish you and Schuyler Community Schools all the best for the future.

Yours sincerely,

Cara Neesen

To Whom It May Concern:

Please accept this letter as my formal resignation as the full-time school nurse of Schuyler Middle School at the completion of this school year.

Thank you for the opportunity you have given me over the last two years to serve as a nurse in this district. I have learned more than I could have imagined, worked with one of the greatest teams of coworkers and I have loved serving the students of our school district. It is time for my focus to be as a parent to my students in the district and not as an employee that happens to have students in the district.

I would love to help transition a new employee into the role of Schuyler Middle School Nurse and hope to serve this community of students even after my fulltime employment ends, it would be an honor to be able to fill in as a substitute at all of Schuyler's schools on an as needed basis.

Thank you,

Jenna Banahan, RN, BSN

Dear Mr. Comley

Please accept my resignation as a Special Needs Paraprofessional at Schuyler Preschool. My last day will be April 12th, 2022.

After much consideration I have accepted a job with more benefits. It is easy to leave an environment that lacks financial support and where your work is not valued.

However I will miss my coworkers and the relationships I've built with them. I would like to thank them for the past years. Schuyler Preschool has given me tremendous memories I will forever cherish.

Sincerely,

Giselle Arroyo

CONTRACT OF EMPLOYMENT WITH SUPERINTENDENT

THIS CONTRACT is made by and between the Board of Education of the **Colfax County School District 19-0123, a/k/a Schuyler Community Schools**, hereinafter referred to as "the Board," and Dr. Daniel Hoesing, hereinafter referred to as "the Superintendent."

WITNESSETH: That in accordance with action taken by the Board as recorded in the minutes of the Board meeting held on the 11th day of April, 2022, the Board hereby agrees to employ the Superintendent, and the Superintendent hereby agrees to accept such employment, subject to the following terms and conditions as amended:

1. Term of Contract. This Contract is for a term beginning July 1, 2022, and expiring on June 30, 2023. A "contract year" for purposes of this Contract shall be from July 1 to June 30.

A. Waiver of Continuing Contract Rights: As a material consideration of the Superintendent's agreement to enter into this contract, the Superintendent hereby waives any and all continuing contract rights and rights to substantive and procedural due process under state or federal law, including but not limited to all rights under the Nebraska Teacher Tenure Act, Neb. Rev. Stat. § 79-824 though 79-842, as it now exists or may be amended in the future, or under any other applicable state or federal constitutions, statues or common law.

2. Salary. The annual salary shall be: $193,000.00 Dollars. Said annual salary shall be paid in equal installments in accordance with the policy of the Board governing payment of certificated employees of the District.

In the event that the Superintendent is elected to any other office or offices of the Board of Education or in connection with the District, the Superintendent shall perform the duties of such other office or offices without remuneration other than that as provided in this Contract.

The District, acting by and through its Board of Education, reserves the right to adjust the annual salary during the term of this Contract, said salary adjustment, however, not to reduce the annual salary to any lesser amount than that as above stated. Any adjustment in salary made during the term of this Contract shall be in the form of an amendment and shall become a part of this Contract; provided, however, that in making any such salary adjustment, it shall not be considered that the District has entered into a new Contract, nor shall the termination date of this Contract be thereby extended unless the Board of Education, by specific action, shall expressly extend such termination date. In no event shall any such extension, together with the unexpired term of this Contract or any prior extension, be for a period in excess of three (3) years.

This Contract shall conform to the regulations governing deductions with reference to Withholding Tax, Social Security and School Employees' Retirement Act. Other deductions may be withheld as agreed to by the parties to this contract.

3. Benefits. As further consideration for the services to be performed by the Superintendent, it is agreed as follows:

A. Employer Paid Non-Elective 403B Contribution. Reduction of salary and benefits up to the 415(c)(1)(A) plan limits of the contract year to be paid as an Employer paid non-elective 403B Contribution.

B. Leave Benefits. Paid leave is available to the Superintendent when the following specific conditions are met: (1) the Superintendent is currently employed by the District and (2) the paid leave day is taken on a day Superintendent would otherwise be expected to be at work.

1. Vacation. The Superintendent shall be allowed 20 of vacation leave each contract year. Vacation shall not be taken at times that would interfere with the Superintendent's attendance at regularly scheduled Board meetings or at times when the Superintendent's duties require the Superintendent's attendance at school (e.g., beginning and end periods of the school year).
2. Carry-over and Accumulation of Vacation Days. All vacation days provided under this Superintendent contract are to be used in the 2022-2023 contract year respectively. Upon ending employment, unused vacation days will not be paid. There shall be no pay for unused vacation days during the 2022-2023 contract year in the event the Board determines that the Superintendent has engaged in misconduct which provides just cause for termination or cancellation.
3. PTO Leave. The Superintendent shall be allowed eleven (11) working days of PTO leave each contract year. Carry over PTO can accumulate up to 50 sick days.
4. Holidays. The following days shall be holiday days and not working days: Good Friday, Memorial Day, July 4th, Labor Day, Thanksgiving, day after Thanksgiving, Christmas Eve, Christmas Day, and New Years Day.
5. Log. The Superintendent shall maintain a current log of used vacation and PTO leave days with the Business Manager. The Superintendent will notify the Board President when vacation days are used.

B. Meetings and Dues. The Superintendent shall attend appropriate professional meetings at the local, state and national levels, provided that such attendance does not interfere with the proper performance of his duties under this Contract. The expenses of attendance at other professional meetings, when attendance has been authorized by the Board of Education, shall be paid by the District consistent with Board policies. The District shall pay for the Superintendent's attendance at three (3) state administrator's conferences, and two national conferences in the area of professional responsibility of the Superintendent at the discretion of the Superintendent. The Superintendent shall be a member and attend appropriate professional meetings of appropriate educational organizations at the local and state level. The School District shall pay up to $1,000.00 toward the annual membership dues of the Superintendent in the Nebraska Council of School Administrators, and American Association of School Administrators.

C. Transportation Expenses. The School District will provide the Superintendent a District owned car or reimburse the Superintendent for the use of the Superintendent's personal vehicle in the performance of official duties. For travel required in the performance of official duties outside the School District, the Board shall provide the Superintendent with a District owned vehicle or shall reimburse the Superintendent for such transportation at the Internal Revenue Service mileage reimbursement rate for travel.

D. Cell Phone Stipend. The School District will pay the Superintendent the annual sum of $480.00 as a stipend for use of his personal cell phone in the performance of official duties.

E. Indemnification. The District shall, to the extent permitted by law, defend, hold harmless, and indemnify the Superintendent from any and all demands, claims, suits, actions, and legal proceedings brought against the Superintendent in the Superintendent's individual capacity or the Superintendent's official capacity as an agent or employee of the District, provided that the incident arose while the Superintendent was acting (or, in good faith, reasonably believed that the Superintendent was acting) within the scope of the Superintendent's employment with the District and the District is not in an adverse position in the legal proceedings. This provision shall not apply to criminal proceedings against the Superintendent and shall not obligate the District beyond any applicable insurance coverage the District has available.

F. Fringe Benefits. The Superintendent shall receive all fringe benefits of employment which are granted other certificated employees of the District. In addition to said fringe benefits, the District shall provide the Superintendent with the following benefits. The Superintendent shall receive family dental coverage, short/long-Term Disability insurance and a $50,000 life insurance policy paid by the District. Additional life insurance may be purchased by the Superintendent at his cost.

4. Duties. The Superintendent is employed as the Superintendent for the District. The Superintendent shall perform the duties of such position as are regularly and customarily expected for such positions and such duties and responsibilities as are set forth in Board Policy or Regulation for such positions. It is further agreed and specifically acknowledged that the duties of the Superintendent as set forth herein and in the Board of Education Policy Manual may be further defined by the parties and any such changes shall be incorporated into this contract by a written addendum. The Superintendent shall be subject to such other duties as the Board may assign from time to time. The Superintendent agrees to devote full time to the assigned duties, provided that with the advance agreement of the Board of Education, the Superintendent may undertake consultative work, speaking engagements, writing, lecturing or other professional duties.

In performing the assigned duties, the Superintendent shall be governed by the policies, regulations and directions of the Board of Education. The Superintendent shall in all respects to diligently and faithfully perform the assigned duties to the best of the Superintendent's professional ability. Regular dependable attendance at meetings of the Board and committees of the Board and other assigned duties is an essential function of the Superintendent's position.

5. Board-Superintendent Relationship. The Board shall have primary responsibility for formulating and adopting Board policy. The Superintendent shall be the chief administrative officer for the District, and shall have primary responsibility for implementation of Board policy. The Superintendent shall be responsible for development of policies for adoption by the Board and for development of regulations and rules consistent with Board policy. In the absence of Board policy on matters which require prompt action, the Superintendent shall have the authority to act using the Superintendent's professional judgment and consistent with legal requirements; provided that the Superintendent shall report the nature of the matter and the action taken to the Board no later than the next regularly scheduled Board meeting. The parties agree, individually and collectively, to promptly refer all criticism, complaints and suggestions called to its attention to the Superintendent for action, study or recommendation, as appropriate.

6. Evaluation of the Superintendent. The Superintendent shall be evaluated twice during the first contract year and once during any subsequent contract year, unless the Board deems additional evaluations appropriate. The Superintendent shall receive a copy of the evaluation and shall have the right to submit a response to the evaluation, which response shall be placed in the Superintendent's personnel file. The Superintendent shall notify the President of the Board to remind the Board of the need to evaluate.

7. Contract Termination. In the event the Superintendent violates any of the provisions of this Contract or performs any act or does anything which is materially harmful to the District, or which substantially inhibits the Superintendent's ability to discharge the duties as set forth herein, including, but not limited to (1) becoming legally disqualified to perform as a superintendent or elementary principal in the State of Nebraska; (2) participation in any fraud; (3) causing any intentional damage to school property; (4) engaging in any unlawful act; (5) any representations in this Contract being determined to be false or incorrect; (6) failure to return a Renewal Agreement by the required date, provided that such date not be prior to March 15 of the final year of the Contract or any extension of the Contract term; and (7) just cause, including: (a) incompetency, which includes, but is not limited to, demonstrated deficiencies or shortcomings in knowledge of subject matter or teaching or administrative skills; (b) neglect of duty; (c) unprofessional conduct; (d) insubordination; (e) immorality; (f) physical or mental incapacity; (g) failure

to give evidence of professional growth as required by law; or (h) other conduct which interferes substantially with the continued performance of duties; then the Superintendent may be discharged in accordance with applicable law. Suspension or other disciplinary action may be enforced in accordance with applicable law. Upon lawful termination of this Contract for any reason, the compensation to be paid hereunder shall be an amount which bears the same ratio to the annual salary specified as the number of months or fraction thereof to the date of such termination bears to the twelve months in the annual salary period in which termination occurs. Any portion of the salary paid, but not earned, prior to the date of termination of this Contract, and any sums owing to the District by the Superintendent, shall be set off from sums due to the Superintendent and, if the sums owing to the District are in excess of the sums due the Superintendent, the amount owing shall be immediately refunded by the Superintendent.

The Board of Education may require a certificate of health and physical fitness of Superintendent in accordance with applicable law at any time while this Contract is in force. Should the Superintendent be unable to perform the Superintendent's duties by reason of mental or physical capacity or any reason beyond the Superintendent's control, and said disability exists for a period exceeding the Superintendent's sick leave allowance, the Board of Education may, in its discretion, make a proportionate reduction from the salary and benefits, and if such disability continues or is permanent, or of such nature as to make the Superintendent unable to perform essential functions of the positions for which the Superintendent is employed, the Board of Education may, at its option, cancel or terminate this agreement whereupon the respective duties, rights and obligations hereof shall terminate.

8. Physical Examination. The Superintendent may, upon request, have a comprehensive physical examination performed by a licensed physician once each year during the term of this Contract. A written report by the physician performing each such examination certifying to the physical competency of the Superintendent shall be filed with the President of the Board and treated as confidential information by the Board. The cost of such physical examinations and physician's reports shall be paid by the District. The Board of Education may require a certificate of health and physical fitness of the Superintendent in accordance with applicable law at any time while this Contract is in force.

9. Representations and Legal Requirements. The Superintendent affirms that: (1) the Superintendent holds or will hold a valid and appropriate certificate to act as a certificated employee in the State of Nebraska to perform the assigned duties throughout the term of this Contract and any extensions of this Contract; (2) the required certificate to perform the assigned duties shall be registered as required by law; it being understood and agreed that this contract is not valid until the required certificate is registered in accordance with law and that the Superintendent shall not be compensated for any services performed prior to the date of registration of this certificate; and (3) the Superintendent is not under contract with another board of education within the State of Nebraska covering any part of or all of the same time of performance as provided for in this Contract.

The Superintendent further warrants and represents as follows: (1) all information set forth in the Superintendent's application for employment and other information provided by the Superintendent in seeking employment are true and accurate, and if said information ceases to be true, Superintendent will advise the Board of Education immediately; (2) Superintendent has never been convicted or plead no contest or otherwise been adjudicated as having committed a felony, any other offense involving moral turpitude or any other offense involving abuse, neglect, or sexual misconduct as defined in Sections 003.12 through 003.14 of 92 NAC 21; and (3) Superintendent has not suffered suspension or revocation of any educational professional license or certificate, nor voluntarily surrendered such a license or certificate where charges or potential charges were pending or imminent.

There shall be no penalty for release or resignation by the Superintendent from this Contract; provided no resignation shall become effective until expiration of the remaining term of the Contract unless the Board fixes an earlier effective date. This Contract is subject to provisions of the School Employees' Retirement Act.

10. Residency. The Superintendent shall reside within the Schuyler Community School District during the term of this contract.

11. Governing Laws. The parties shall be governed by all applicable Nebraska and federal laws, rules, and regulations in performance of their respective duties and obligations under this Contract.

12. Amendments & Severability. This Contract may be modified or amended only by a writing duly authorized and executed by the Superintendent and the Board. If any portion of this Contract shall be declared invalid or unenforceable by a court of competent jurisdiction, such declaration shall not affect the validity or enforceability of the remaining provisions of this Contract.

The failure to return a signed copy of this Contract to the President or Secretary of the Board of Education of the District on or before July 20, 2022 shall constitute a rejection by the Superintendent of the offer of employment.
