Board Members - With the discussion of the Policy Committee on the agenda for next week, I am resending my January 15 memo outlining suggested next steps and format for the review.

I'd like your support to chair the committee. The goal is to establish a routine review going forward - my memo also provides suggested timelines. I have chaired committees, as well as, developed and implemented policies throughout my career. I have also attended several IASB sessions and webinars on policies and the importance of having this committee and policy review in place. Having this committee and routine review is a sound goal for the BOE.

Please let me know if you have any questions. I commit to doing a thoughtful review as one member our BOE team. I hope I have your support.

Thank you,

Julie Oost
