

Personal Electronic Devices and Social Media

Students may be allowed to use and possess personal electronic devices on district property and at district-sponsored activities provided such devices are not used in any manner that may disrupt the learning environment or district-sponsored activities, or violate Board policies, administrative regulations, school or classroom rules, state and federal law.¹

As used in this policy, a “personal electronic device” is a device that is capable of electronically communicating, sending, receiving, storing, recording, reproducing and/or displaying information and data.

If the district implements a curriculum that uses technology, students may be allowed to use their own personal electronic devices to access the curriculum. Students who are allowed to use their own devices to access the curriculum will be granted access to any application or electronic materials when they are available to students who do not use their own devices, or provided free of charge to students who do not use their own devices for curriculum.

Students may not use district equipment to access social media websites unless the access is approved by a district representative. The district will not be liable for personal electronic devices brought onto district property or the information or comments posted by students on social media websites.

Students are subject to disciplinary action up to and including expulsion for using a personal electronic device in any manner that is academically dishonest, illegal or violates the terms of this policy.² A referral to law enforcement officials may also be made. Personal electronic devices brought to district property or used in violation of this policy are subject to confiscation and will be released to the student’s parent or property owner, as appropriate.

The superintendent is directed to develop administrative regulations and/or approve school rules as necessary to ensure that student use of such devices is consistent with this policy. Administrative regulations may include grade- or age-level possession and/or use restrictions by students on district property and at district-sponsored activities, consequences for violations; a process for responding to a student’s request to use a personal electronic device, including an appeal process if the request is denied;

¹The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic or otherwise illegal images or photographs will be reported to law enforcement and/or other appropriate state or federal agencies.

²The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic, or otherwise illegal images or photographs will be reported to law enforcement and/or other appropriate state or federal agencies.

and such other provisions as the superintendent may deem necessary. The superintendent is responsible for ensuring that pertinent provisions of Board policies, administrative regulations and school rules governing personal electronic devices are included in staff handbooks and student/parent handbooks, reviewed annually and updated as necessary.
