**Re: Local Policy Update - FFAC (Wellness and Health Services - Medical Treatment)**

TASB Update 126 included the attached revisions for FFAC(Local) which allow for the administration of unassigned medication for respiratory distress. Rather than adopt this policy revision earlier in the year, CISD Administration chose to wait and allow our Health Services team to develop district procedures and expectations to ensure consistent and safe practices across each campus. Additionally, this pause allowed for new training for our campus nurses.

We are now prepared to move forward with full adoption for the 2026-2027 school year and recommend that the CISD Board of Trustee approve the policy revisions as provided.

**RECOMMENDED BOARD MOTION:** I move the Board approve the TASB revisions for Local Policy FFAC as recommended.
