

Meeting Date: May 12, 2026

Agenda Topic: RFP#2602-02 Pharmacy Benefit Manager

Type of Item: Consent

Guiding Outcome: Responsible Fiscal Stewardship

Summary: This item requests approval of RFP#2602-02 Pharmacy Benefit Manager.

Background Information/  
Previous Board Action: This proposal was issued on January 31, 2026, and responses were received from four (4) vendors.

A pharmacy benefit manager (PBM) serves as an intermediary between drug manufacturers, pharmacies, and insurance plans, administering prescription drug benefits for employees, employers, and insurers.

Upon approval of the recommended vendor, District staff will proceed with negotiating and finalizing an agreement for submission at a future meeting for approval.

Potential Operational Impact: These services will help ensure employees benefit from reduced prescription drug costs and access to a broader network of pharmacies.

Potential Financial Impact: Program fees will be covered through employee participation.

Recommendation (Consent or  
New Business Only): The administration recommends awarding RFP# 2602-02 Pharmacy Benefit Manager to CVS Caremark Employers Health.
