## **Activities Board Report**

August 17, 2026

### **New Activities Director Workshop**

I was able to attend the New Activities Directors Workshop during the week of August 10. This was a great opportunity for professional development, learning, and networking. I had the opportunity to connect with 47 new Activities Directors from across the state of Minnesota, as well as representatives from the Minnesota Interscholastic Activities Administrators Association (MNIAAA) and Minnesota State High School League (MSHSL) staff.

We were provided with valuable resources and contact information for Activities Directors throughout the state who can serve as mentors and provide support as we begin the fall season and school year.

The main topics discussed throughout the workshop included:

- The role of the MNIAAA and MSHSL
- Student activities and participant eligibility
- Regions and competitive sections
- Coaches' education requirements
- Grants
- State reporting

### **All Activities Meeting and Fall Preseason Meetings**

We originally planned to host our All Activities Meeting on Tuesday, August 11. However, due to the primary elections, we were forced to postpone the meeting. The meeting has been rescheduled for Monday, August 17, which is the first day of high school fall sports.

This meeting will be a great opportunity to connect with our community, build relationships, and share important information regarding our activities programs.

### **Weight Room Project**

We have been informed by our vendor that the equipment for the weight room project has been delayed. We now have a new delivery date of August 27. The technicians will deliver and install all of the equipment on the same day.
