Policy 3295 has been updated to comply with HB 785 by expanding requirements related to inappropriate online behavior and cyberbullying. Key changes include requiring districts to notify students and parents about the bullying policy and to investigate certain online behavior that harms the reputation, dignity, or safety of students or school employees, or includes obscene or discriminatory content.

The accompanying procedure has been revised to align with HB 785 by adding a definition of cyberbullying, outlining investigation requirements, and incorporating HB 515's requirement to notify the parents of both victims and offenders in cases of serious cyberbullying. Additional revisions include minor stylistic updates and the removal of the requirement to report complaints to the State Department of Education, as this is no longer required.

Administration recommends adopting policy 3295 and 3295P(1). The recommendation aligns with the MDSD Strategic Plan.

IV. Continuous Improvement

- 2a. Comply with state and federal laws by reviewing and updating policies periodically.
