

Indian Hill Fence

We are requesting approval to install a new fence to the Indian Hill field to address current space constraints. As illustrated on the map, this addition will provide students with a significantly larger, protected environment for group activities and directly support our physical education curriculum during outdoor classes. Included in the price are guard rails where the District Office parking lot is located to provide additional protection.

To ensure transparency and strict adherence to fiscal policies, independent bids were collected from four regional fencing contractors. All these companies were recommended to us by Studio GC.

Our recommendation is to move forward with Fence Masters. They responded immediately to our request, sending a representative out to the Indian Hill field alongside Nikki from Studio GC. This collaborative site visit allowed us to quickly evaluate the area and map out the most practical, cost-effective options for the district.

Contractor Company	Proposed Quote	Budget Variance (vs. Lowest)	Bid Evaluation
Peerless Fence	\$29,500	—	Lowest Bidder / Full Compliance
Fence Masters, Inc.	\$29,766	+\$266	Competitive / Within Range
Action Fence Contractors, Inc.	\$30,930	+\$1,430	Moderate Variance
Proline Fence Company	\$39,500	+\$10,000	Highest Variance / Exceeds Range
