ACKNOWLEDGMENT AND OPT-OUT OPPORTUNITY

Please complete [this survey](#) if you wish to acknowledge your receipt and understanding of this handbook or if you wish to opt your child out of any of the following: name, photograph/video, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, student's date of attendance, and/or student's degrees and awards received.

ACCEPTABLE USE POLICY

The Board recognizes that telecommunications, electronic information sources and networked services significantly alter the information landscape for schools by opening classrooms to a broader array of resources. Electronic information research skills are now fundamental to preparation of citizens and future employees during an Age of Information. The Board expects that staff will blend thoughtful use of such information throughout the curriculum and that the staff will provide guidance and instruction to students in the appropriate use of such resources. Staff will consult the guidelines for instructional materials contained in Board Policy II/IIA and will honor the goals for selection of instructional materials contained therein.

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply (see Board Policy JG, JGDA/JGEA and JGE). The network is provided for students to conduct research and communicate with others. Access to network services will be provided to students who agree to act in a considerate and responsible manner.

The district's system will be used to provide statewide, national and global communications opportunities for staff-and students. The purpose of the district provided communication network shall be limited to "enhancing the delivery of education."

The superintendent will establish administrative regulations for the use of the district's system. The administrative regulations will be consistent with sound guidelines as may be provided by the education service district and/or the Oregon Department of Education.

Failure to abide by district policy and administrative regulations governing use of the district's system may result in the suspension and/or revocation of system access. Additionally, student violations may result in discipline up to and including expulsion. Staff violations may also result in discipline up to and including dismissal. Fees, fines or other charges may also be imposed.

(District Policy IIGBA)

ACADEMIC INTEGRITY AND AI

Students are expected to put forth their best effort on tests and assignments. Assisting others is prohibited when it would constitute academic dishonesty. Academic dishonesty includes, but is not limited to, using or sharing prohibited study aides or other written materials on tests and assignments; sharing, collaborating, or communicating with others on tests or assignments, before or during tests or assignments, in violation of directions by the class instructor; and knowingly sharing false information or knowingly misleading another to reach a false answer or conclusion.

Violation of the policy may result in discipline as deemed appropriate by the instructor or administration, based on the nature and seriousness of the offense. Specific rules for the independent use of generative artificial intelligence for assigned student work may be developed by the teacher and communicated to students.

ADMISSION

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services will not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

ALTERNATIVE EDUCATION PROGRAMS

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or

instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will not provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

In-District Alternative Education Programs

Examples of alternative education program options are not limited to, but include:

1. Evening classes;
2. Tutorial instruction;
3. Small group instruction;
4. Professional technical programs;
5. Work experience;
6. Instructional activities provided by other accredited institutions;
7. Community service;
8. Independent study;
9. Expanded Options Program;
10. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

Nondistrict Alternative Education Programs

1. Other school(s)/program(s);
2. Community college;
3. Others as approved by the district.

The district pays the alternative education program cost or an amount equal to 80 percent of the district's estimated current year's average per student cost, whichever is less, for placing students in nondistrict alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semiannual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ALTERNATIVE EDUCATION NOTIFICATION

Individual notification to students and parents regarding the availability of alternative education programs will be provided when a student is under consideration for an alternative placement by school administration.

Individual notification shall be hand-delivered or sent by certified mail. Parents shall receive individual notification prior to placement.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance. The management plan is available for public inspection in the district office. The maintenance director serves as the district's asbestos program manager and may be reached for additional information.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSIGNMENT OF STUDENTS TO CLASSES

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Parent requests to place a student in a particular class may be submitted to the principal or a counselor prior to May 15th of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student's assigned class at other times must be directed to the principal. Final decisions are the responsibility of the principal or designee.

ASSIGNMENT OF STUDENTS TO SCHOOLS

Students are required to attend the school in the attendance area in which they reside, unless as otherwise provided by state and federal law. Exceptions may be allowed in certain circumstances. Contact the school office or counselor for additional information.

While parents have the option of placing their students in a private school or obtaining additional services (such as tutoring) from a private individual or organization, the district is not obligated to cover resulting tuition or costs. If a parent wishes the district to consider a publicly-funded private placement or private services, he/she must give the district notice and opportunity to propose other options available within the public school system before the private placement or services are obtained.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement request.

ASSISTIVE DEVICES

Learning aids identified in 504 or IEP plans will be supplied by the school. Learning aids (fidgets, stress balls, etc.) not identified in 504 plans or IEP plans are not allowed at school. If a parent believes a student could benefit from an assistive device, they should contact the teacher for assistance.

ATTENDANCE

All students between the ages of 7 and 18, who have not completed grade 12, are required to attend school regularly unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five or six years of age who have been enrolled in a public school are required to attend regularly.

Any parent who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.925.

The district will notify the parent in writing that, in accordance with law, the principal will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. The written notice will include the following:

1. The superintendent or the designee has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a Class C violation;
3. A citation may be issued by the district;
4. A conference with the parent and student is required.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required.

Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

Absence and Excuses

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify parents/guardians by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent/guardian. If the parent/guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher's permission, report to the main office. The main office will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason not related to a pre-approved school activity will not be allowed to participate in school-related activities on that day or evening.

Exemptions from Compulsory Attendance

The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such request must be submitted in writing to the principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

Truancy

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, expulsion, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

BIAS INCIDENT AND COMPLAINT

All students are entitled to a high-quality educational experience, free from discrimination or harassment based on perceived race, color, religion, gender identity, sexual orientation, disability or national origin.

“Bias incident” means a person’s hostile expression of animus toward another person, relating to the other person’s perceived race, color, religion, gender identity, sexual orientation, disability or national origin, of which criminal investigation or prosecution is impossible or inappropriate. Bias incidents may include derogatory language or behavior.

“Symbol of hate” means nooses, symbols of neo-Nazi ideology or the battle flag of the Confederacy.

The district prohibits the use or display of any symbols of hate on school property²⁴, or in an education program except where used in teaching curriculum that is aligned with state standards of education for public schools.

The complaint process is outlined in administrative regulation ACB-AR - Bias Incident Complaint Procedure.

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the band, choir, rally, dance, drama and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone the main office so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting. For those diseases indicated by an asterisk (*) below, the restriction may be removed by a school nurse. For head lice, indicated by a double asterisk (**) below, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated. These diseases include chicken pox*, cholera, diphtheria, measles, meningitis, mumps*, lice infestations**, whooping cough, plague, rubella, scabies*, staph infections*, strep infections*, tuberculosis and pandemic flu. Parents with questions should contact the school office.

COMPUTER USE

Students may be permitted to use the district's electronic communications system only to conduct business related to the management or instructional needs of the district or to conduct research related to education consistent with the district's mission or goals. Personal use of district computers, including e-mail access, is strictly prohibited. The district's electronic communications system meets the following federal Children's Internet Protection Act (CIPA) requirements:

1. Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or with respect to the use of the computers by students, harmful to students;
2. Educating minors about appropriate online behaviors, including cyberbullying awareness and response, and interacting with other individuals on social networking sites and in chat rooms;
3. The online activities of students are monitored;
4. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
5. Procedures are in place to help ensure the safety and security of students when using e-mail, chat rooms and other forms of direct electronic communications;
6. Unauthorized access, including so-called "hacking" and other unlawful activities by students online is prohibited;
7. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
8. Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted received or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited.

To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district

reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

CONCUSSIONS AND TRAUMATIC BRAIN INJURIES

Upon receipt of written notification from a parent or guardian that a student has been diagnosed with a concussion or other brain injury by a health care professional and that accommodations are being requested, the district shall follow all procedures developed by the Oregon Department of Education (ODE) to develop and implement an immediate and temporary accommodation plan. Written notice is not required for the district to begin following concussion protocols. Any accommodations will be communicated to the parent or guardian, to all teachers who provide instruction to the student and to other employees who have regular responsibilities for the student's supervision or health.

Accommodations will be in effect no later than 10 school days after the written notification is received by the district and will be reviewed as needed, but no later than every two months.

For information related to concussions and participation in sports, see School Sports Participation.

CONDUCT

Students are responsible for conducting themselves properly, in accordance with the policies of the district and the lawful direction of staff. The district has the responsibility to afford students certain rights as guaranteed under federal and state constitutions and statutes.

Student Code of Conduct

The district has authority and control over a student at school during the regular school day, at any school-related activity, regardless of time or location and while being transported in district-provided transportation.

Off campus conduct and outside of school time conduct that violates the district's Student Code of Conduct may also be the basis for discipline up to expulsion if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others.

Students will be subject to discipline including detention, suspension, expulsion, denial and/or loss of awards and privileges and/or referral to law enforcement officials for the following, including but not limited to:

1. Assault;
2. Hazing, harassment, intimidation, bullying, menacing or teen dating violence
3. Coercion;
4. Violent behavior or threats of violence or harm
5. Disorderly conduct, false threats and other activity causing disruption of the school environment;
6. Bringing, possessing, concealing or using a weapon*;
7. Vandalism, malicious mischief and theft, including willful damage or injury to district property; or to private property on district premises or at district-sponsored activities;
8. Sexual harassment as prohibited by Board policy JBA/GBN - Sexual Harassment and accompanying administrative regulation;
9. Use of tobacco**, alcohol** or drugs**, including drug paraphernalia;
10. Use or display of profane or obscene language;
11. Disruption of the school environment;
12. Open defiance of a teacher's authority, including persistent failure to comply with the lawful directions of teachers or school officials;
13. Violation of district transportation rules;
14. Violation of law, Board policy, administrative regulation, school or classroom rules.

* Under state and federal law, expulsion from school is required for a period of not less than one year for any student who is determined to have brought, possessed, concealed or used a firearm on school property or at a school sponsored activity. The superintendent may modify the expulsion requirement for a student on a case-by-case basis. Additionally, in accordance with Oregon law, any person who intentionally possesses a firearm, unless the person possesses a valid license under ORS 166.291 and 166.292, or other dangerous weapon in or on district property or recklessly discharges a firearm in school is subject to criminal prosecution, a maximum five years imprisonment, \$125,000 fine and forfeiture of firearm and/or other dangerous weapon or both. Any person 13 to 17 years of age convicted of intentionally possessing a firearm in a public building is subject to denial of driving privileges for 90 days.

** In accordance with Oregon law, any person under age 18 possessing a tobacco product commits a Class D violation and is subject to a court-imposed fine, as provided by ORS 167.400. Any person who distributes, sells or causes to be sold, tobacco in any form or a tobacco-burning device, to a person under 18 years of age commits a Class A violation and is subject to a fine, as provided by ORS 163.575. An unlawful drug is any drug not prescribed by a licensed medical practitioner. Unlawful delivery of a controlled substance to a student or minor within 1,000 feet of district property is a Class A felony, as provided by ORS 475.999.

“Dangerous weapon” is defined by Oregon law as any weapon, device, instrument, material or substance which, under the circumstance in which it is used, attempted to be used or threatened to be used, is readily capable of causing death or serious physical injury.

“Deadly weapon” is defined as any instrument, article or substance specifically designed for and presently capable of causing death or serious physical injury.

“Firearm” is defined by federal law as any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. This includes the frame or receiver of any such weapon or firearm, muffler or silencer, or any destructive device.

“Destructive device” is defined as any explosive, incendiary or poison gas component or any combination of parts either designed or intended for use in converting any device into a destructive device or from which a destructive device may be readily assembled. A destructive device does not include any device which is designed primarily or redesigned primarily for use as a signaling, pyrotechnic, line-throwing, safety or similar device.

In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a school zone is prohibited. A “school zone” as defined by federal law means, in or on school grounds or within 1,000 feet of school grounds.

Student Rights and Responsibilities

Among these student rights and responsibilities are the following:

1. Civil rights – including the right to equal educational opportunity and freedom from discrimination, the responsibility not to discriminate against others;
2. The right to attend free public schools, the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school;
3. The right to due process of law with respect to suspension, expulsion and decisions which the student believes injure his/her rights;
4. The right to free inquiry and expression, the responsibility to observe reasonable rules regarding these rights;

5. The right to assemble informally, the responsibility to not disrupt the orderly operation of the educational process, nor infringe upon the rights of others;
6. The right to privacy, which includes privacy in respect to the student's education records;
7. The right to know the behavior standards expected, the responsibility to know the consequences of misbehavior.

CONFERENCES

Regular conferences are schedule annually in the fall and spring to review student progress.

Students and parents may also expect teachers to request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher's preparation period or request that the teacher call the parent to arrange a mutually convenient time.

COUNSELING

Academic Counseling

Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements. All students in grades 9-12 and their parents shall be notified annually about the recommended courses for students. Students who are interested in attending a college, university or training school, or pursuing some other advanced education, should work closely with their counselor so that they may take the courses that will best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

Personal Counseling

A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol or tobacco dependency. The counselor may also make available information about community resources to address personal concerns. Outside community counseling supports are also available via referral from the school counselor.

CYBERBULLYING

The district prohibits any form of harassment, intimidation or bullying, through electronic means, which is known as cyberbullying. A student may be subject to discipline, up to and including expulsion, for a violation. A student may also be referred to law enforcement for a violation. Students or volunteers may report cyberbullying anonymously. Remedial action shall not be based solely on an anonymous report.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. If the cost is \$50 or more, the district will notify the student and parent. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fees, Fines and Charges.

DANCES/SOCIAL EVENTS

The rules of good conduct and grooming shall be observed for school dances and social events. Students who are not enrolled in the school are not allowed school dances and social events. A student attending a dance or social event may be asked to sign out when leaving before the end of the activity. Anyone leaving before the official end of the activity will not be readmitted.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law

enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Detention

A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than

45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective; or c) when required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which endangers district property.

The district may require a student to attend school during nonschool hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

DISTRIBUTION OF MATERIAL

All aspects of K-8 school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school sponsored media. School sponsored media prepared by student journalists are subject to reasonable time, place and manner restrictions pursuant to state and federal law.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a nonstudent without the approval of the administration.

Materials not under the editorial control of the district may be subject to administrative review, restricted or prohibited, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district.

The district may designate the time, place and manner for distribution.

If material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved. Disapprovals may be appealed by submitting the disapproved materials to the superintendent; material not approved by the superintendent within three days is considered disapproved. This disapproval may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present his/her viewpoint.

DIVISION 22 STANDARDS COMPLAINTS

Any resident of the district, parent of a student attending district schools, or a student attending a school in the district may express a concern alleging violation of the district's compliance with a Division 22 educational standard as provided by the State Board of Education. The complainant should first discuss the nature of the alleged violation with the individual involved.

If the complainant wishes to pursue the matter further, the complainant will follow the complaint process outlined in Board policy KL – Public Complaints and any accompanying administrative regulations.

After exhausting local procedures or if the district has not resolved the complaint within 30 days at any step or within 90 days of the initial filing of a complaint with the district (whichever occurs first), any complainant may appeal directly to the Deputy Superintendent of Public Instruction.

DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.

Specific Guidelines for Dress:

1. Students, both boys and girls, are not permitted to wear hats or caps at school. Caps for warmth in the winter and for medical reasons (with a doctor's note) will be allowed. Sweatshirt hoods are not allowed to be worn inside of the building.

At least one fire drill will be conducted each month for students in grades K-12.

At least two drills on earthquakes and two drills for safety threats for students will be conducted each year for students in grades K-12.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Student in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The district's drug, alcohol and tobacco prevention program will be reviewed and updated annually. Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

EMERGENCY SCHOOL CLOSING INFORMATION

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

EXTRACURRICULAR ACTIVITIES

All students, regardless of their ability levels, are encouraged to take part in extracurricular activities and the many worthwhile learning experiences that involvement in student government, student clubs, organizations, athletics and other activities has to offer.

Interested students should contact the office for additional information.

FEES, FINES AND CHARGES

Materials that are part of the basic educational program are provided without charge to a student. A student is expected to provide his/her own supplies of pencils, paper, erasers and notebooks and may be required to pay certain other fees or deposits, including:

1. Club dues;
2. Security deposits;
3. Materials for a class project the student will keep in excess of minimum course requirements and at the option of the student;
4. Personal physical education and athletic equipment and apparel;
5. Voluntary purchases of pictures, publications, class rings, graduation announcements, etc.;
6. Student accident insurance and insurance on school-owned instruments;
7. Instrumental rental and uniform maintenance;

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
3. The creation of the notice of the debt owned would cost more than the potential total debt collected relating to the notice;
4. There are mitigating circumstances as determined by the superintendent or designee that preclude the collection of the debt.

A written notice will be provided to the student and his/her parent(s) of the district's intent to collect fees, fines and damages owed. Notice will include the reason the student owes money to the district, and itemization of the fees, fines or damages owed and the right of the parent to request a hearing. The district may pursue possible restrictions and/or penalties through a private collection agency or other method available to the district.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/or penalties, until the debt is paid and possible referral of the debt to a private collection agency or other methods available to the district. A request to waive the student's debt must be submitted in writing to the superintendent or designee. Such requests must be received no later than 10 calendar days following the district's notice.

FIELD TRIPS

Field trips may be scheduled for educational, cultural or other extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. This means students are subject to the school's student conduct rules, applicable Board policy and such other rules as may be deemed appropriate by the field trip supervisor.

FLAG SALUTE

Students will be provided an opportunity to salute the United States flag at least once a week by reciting The Pledge of Allegiance.

Individual students who do not participate in the salute must maintain a respectful silence during the salute.

Student organizations, clubs or classes, athletic teams, outside organizations and/or parent groups may occasionally be permitted to conduct fund-raising drives. An application for permission must be made to the principal at least 10 days before the event.

All funds raised or collected by or for school-approved student groups will be receipted, deposited and accounted for in accordance with Oregon law and applicable district policy and procedures. All such funds will be expended for the purpose of supporting the school's extracurricular activities program. The principal and/or activities director is responsible for administering student activity funds. The student body business manager or treasurer serves as the student government representative in administration of student activity funds.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements.

A gang is defined as any group that identifies itself through the use of a name, unique appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (gestures, handshakes, signs, etc.) signifying gang membership or affiliation. No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct.

It is not a defense against hazing that the student subjected to hazing consented to or appeared to consent to the hazing.

“Harassment, intimidation or bullying” means any act that substantially interferes with a student’s educational benefits, opportunities or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, that may be based on but not limited to, the protected class of a person, having the effect of:

1. Physically harming a student or damaging a student’s property;

The building principal or superintendent will take reports and conduct a prompt investigation of any report of an act of hazing, harassment, intimidation or bullying, menacing, teen dating violence and acts of cyberbullying. Any employee who has knowledge of conduct in violation of this policy shall immediately report his/her concerns to the superintendent who has overall responsibility for all investigations. Any student who has knowledge of conduct in violation of this policy or feels he/she has been hazed, harassed, intimidated or bullied, menaced, a victim of teen dating violence and acts of being cyberbullied in violation of this policy is encouraged to immediately report his/her concerns to the superintendent who has overall responsibility for all investigations. This report may be made anonymously. A student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate district official.

The district shall incorporate age-appropriate education about teen dating violence into new or existing training programs for students in grades 7 through 12.

All complaints will be promptly investigated in accordance with the following procedures:

Step 1: Any hazing, harassment, intimidation or bullying, menacing, acts of cyberbullying and incidents of teen dating violence information (complaints, rumors, etc.) shall be presented to the building principal. Complaints against the principal shall be filed with the superintendent. Complaints against the superintendent shall be filed with the Board chair. Information may be presented anonymously. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The district official(s) conducting the investigation shall notify the complainant and parents as appropriate, in writing, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the superintendent.

Step 3: If the complainant is not satisfied with the decision at Step 2, he/she may submit a written appeal to the superintendent or designee. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal. The superintendent or designee shall provide a written decision to the complainant's appeal within 10 working days.

Step 4: If the complainant is not satisfied with the decision at Step 3, a written appeal may be filed with the Board. Such appeal must be filed within 10 working days after receipt of the Step 3 decision. The Board shall, within 20 working days, conduct a hearing at which time the complainant shall be given an opportunity to present the complaint. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.

Direct complaints related to educational programs and services may be made to the U.S. Department of Education, Office for Civil Rights.

Documentation related to the incident may be maintained as a part of the student's education records. Additionally, a copy of all hazing, harassment, intimidation or bullying, menacing, acts of cyberbullying and incidents of teen dating violence complaints and documentation will be maintained as a confidential file in the district office.

HOMELESS STUDENT SERVICES AND COMPLAINTS

The district provides full and equal opportunity to students in homeless situations as required by law, including immediate enrollment. School records, medical records, proof of residence or other documents will not be required as a condition for admission. A student is permitted to remain in his/her school of origin for the duration of his/her homelessness or until the end of any academic year in which he/she moves to permanent housing.

Transportation to the student's school of origin will be provided, at the request of the parent, or in the case of an unaccompanied student, at the request of the district's liaison for homeless students. For additional information concerning the rights of students and parents of students in homeless situations or assistance in accessing transportation services, the district's liaison for homeless students.

In the event a dispute arises over school selection or enrollment of a student in a homeless situation, the student will be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. The student or parent may appeal the school's written decision in accordance with the McKinney-Vento Act dispute resolution and appeal process, including final appeal to the Oregon Department of Education (ODE) State Coordinator. Additional information may be obtained by contacting the district's liaison for students navigating housing instability.

HOMEWORK

Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest. Whatever the task, the experience is intended to be complementary to the classroom process.

IMMIGRATION ENFORCEMENT

We strictly protect the privacy of our students, staff, and families, and we comply with all Oregon state laws and federal regulations regarding school records and safety.

Oregon law prohibits disclosure of school records or information to federal immigration authorities for the purpose of enforcing federal immigration laws. Federal and state laws also make records and information related to students confidential and permit disclosure only in limited circumstances.

To make sure our procedures are followed correctly and to avoid any disruption to the learning environment, individual staff members do not answer questions or handle requests from immigration authorities.

Our school district has a designated Primary Point of Contact, Superintendent Heidi Sipe, who handles all interactions with immigration officials on campus. If she is unavailable for any reason, the school principal may serve as the back-up contact.

No staff member is permitted to give immigration officers access to non-public school areas or student records without approval from the District Superintendent.

If federal immigration officers visit our campus, a school-sponsored event, or a school bus, they are asked to wait outside the door until the Superintendent and legal advisors have reviewed any paperwork. The school will comply with requests accompanied by a valid judicial warrant. Administrative papers issued directly by immigration agencies do not allow access to non-public areas nor student records.

If a legal action must take place, the school will take precautionary measures to ensure it happens in a manner that prioritizes student well-being and causes as little disruption as possible to the school day.

IMMUNIZATION AND VISION SCREENINGS

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as he/she has met immunization requirements. Parents will be notified of the reason for this exclusion. A hearing will be afforded upon request.

The parents of a student who is 7 years of age or younger and is beginning an education program with the district for the first time shall, within 120 days of beginning the education program, submit a certification that:

1. The student has received a vision screening or eye examination; and
2. Any further examination, treatments or assistance necessary.

The certification is not required if the parent or guardian provides a statement to the district that:

1. The student submitted a certification to a prior education provider; or
2. The vision screening or eye examination is contrary to the religious beliefs of the student or the parents or guardian of the student.

INFECTION CONTROL/HIV, HBV AND AIDS

Although HIV, AIDS and HBV* are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where nonintact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person.

Since any risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

HIV, HBV, AIDS – Students

A student infected with HIV1, HBV or AIDS is entitled to remain in a regular classroom setting and eligible for all rights, privileges and services as provided by law and Board policy. The district recognizes that a student (parent) has no obligation to report an HIV, HBV or AIDS condition diagnosis to the district.

If the district is informed, the district is also prohibited by law from releasing information unless the infected person or parent gives permission for such release.

If a student (parent) wishes to divulge such information and continues attending school, the district will meet with the infected individual or representative to develop appropriate procedures.

Individuals with questions regarding these requirements of law or district procedures should contact the superintendent.

Human Sexuality, AIDS/HIV and Sexually Transmitted Disease Instruction

An age-appropriate plan of instruction about Human Sexuality, AIDS, HIV and Sexually Transmitted Diseases has been included as an integral part of the district's health curriculum. Any parent may request that his/her student be excused from that portion of the instructional program required by Oregon law by contacting the principal for additional information and procedures.

INSURANCE

At the beginning of the school year, the district will make available to students and parents a low-cost student accident insurance program. Parents are responsible for paying premiums (if coverage is desired) and for submitting claims through the district office. The district shall not be responsible for costs of treating injuries or assume liability for any other costs associated with an injury.

Before participating in a school-sponsored trip outside the district or in school-sponsored athletics, students and parents must have: (1) purchased the student accident insurance; (2) shown proof of insurance; or (3) signed a form rejecting the insurance offer.

LOCAL WELLNESS and FAMILY HEALTH ASSOCIATES PARTNERSHIP

Students may be encouraged or required to participate in physical activity, or receive instruction on nutrition or maintaining healthy lifestyles. We have a partnership with Family Health Associates to allow for health services for students. Students who participate in this program are eligible for well-child checks as well as during school day medical appointments with transportation included if necessary. Enrollment is free and voluntary.

LOCKERS

Lockers and other district storage areas provided for student use remain under the jurisdiction of the district even when assigned to an individual student. The district reserves the right to inspect all lockers. A student has full responsibility for the security of the locker and is responsible for making certain it is locked and that the combination is not available to others. Valuables should never be stored in the student's locker. Lockers may be routinely inspected without prior notice to ensure no item which is prohibited on district premises is present; maintenance of proper sanitation, mechanical condition and safety; and to reclaim district property including instructional materials.

LOST AND FOUND

Any articles found in the school or on district grounds should be turned in to the school office. Unclaimed articles will be disposed of at the end of the school year.

Loss or suspected theft of personal or district property should be reported to the school office.

LUNCH/BREAKFAST PROGRAM

The district participates in the National School Lunch, School Breakfast, and Commodity Programs and offers free and reduced-price meals based on a student's financial need.

Additional information can be obtained in the office. Breakfast and lunch is free to all students in Umatilla School District.

MEDIA ACCESS TO STUDENTS

Media representatives may interview and photograph students involved in instructional programs and school activities, including athletic events. Information obtained directly from students does not require parental approval prior to publication. Parents who do not want their student interviewed or photographed should direct their student accordingly. District employees may release student information only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.

MEDICINE AT SCHOOL

Students may be permitted to take prescription or nonprescription medication at school or at school-sponsored activities on a temporary or regular basis, when necessary.

District-Administered Medication

Requests for the district to administer medication shall be made by the parent in writing and shall include permission from the parent.

Written instructions of the physician are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, method of administration, frequency of administration and any other special instructions. A prescription label prepared by a pharmacist at the direction of a physician, physician assistant or nurse practitioner meets the requirements for written instructions from the physician, if the information above is included.

Written instructions, with permission of the parent, which include the information above are required for all requests to administer nonprescription medication.

All medication to be administered by the district is to be brought to school by the parent in its original container. Medication not picked up by the parent within five school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the district.

In situations when a licensed health care professional is not immediately available, designated trained staff may administer to students, by means of injection, epinephrine, glucagon or other medications as prescribed and allowed by Oregon law (OAR 851-047-0030).

A process shall be established by which, upon parent written request, a backup prescribed autoinjectable epinephrine be kept at a reasonable, secured location in the student's classroom.

Premeasured Doses of Epinephrine

A premeasured dose of epinephrine may be administered by trained, designated district staff to any student or other individual on school premises who the personnel believe, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

Self-Medication

Students in grades K-12 are permitted to self-medicate prescription and nonprescription medication upon written request and permission of the parent and principal permission, subject to age-appropriate guidelines. In the case of prescription medication, permission from the physician or other licensed health care provider is also required. Such permission may be indicated on the prescription label. An instruction for a student to self medicate with a prescription or nonprescription medication during school hours will include an assurance the student has been instructed in the correct and responsible use of the medication from the prescribing physician.

Other students who must carry medication may also be permitted to self-medicate when the necessary permission form and written instructions have been submitted.

All medication must be kept in its appropriately-labeled, original container. The student's name is to be affixed to nonprescription medication.

Students may have in their possession only the amount of medication needed for that school day. Except for manufacturer's packaging that contains multiple dosage, the student may carry one package. Sharing or borrowing nonprescription or prescription medication of any kind is strictly prohibited.

Permission to self-medicate may be revoked if the student is found to be in violation of these requirements. Students may also be subject to disciplinary action.

Contact the school office for additional information and forms.

PARENTAL INVOLVEMENT

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the districts asks parents to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;
2. Keep informed on district activities and issues;
3. Become a district volunteer. For further information contact the district office.
4. Participate in district parent organizations. The activities are varied, ranging from graduation activities to the building's site council, with its emphasis on instructional improvement.

PARENTAL RIGHTS

Parents of students may inspect any survey created by a third party before the survey is administered or distributed by the school to students. Parents may also inspect any survey administered or distributed by the district or school containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally-recognized privileged or analogous relationships such as those of lawyers, physicians or ministers;
7. Religious practices, affiliations or beliefs of the student or the student's parents;
8. Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance.

Instructional materials used as part of the school's curriculum may also be reviewed by the student's parent(s).

Requests to review materials or to excuse students from participation in these activities, including any nonemergency, invasive physical examination or screenings administered by the school and not otherwise permitted or required by state law should be directed to the office during regular school hours.

PERSONAL ELECTRONIC DEVICES AND SOCIAL MEDIA

Student possession or use of a personal electronic device is prohibited from the start of regular instructional hours until the end of regular instructional hours, except as provided below.

"Personal electronic device" means any portable, electrically powered device that is capable of making and receiving calls and text messages and accessing the internet independently from the school's network infrastructure. This includes headphones and earbuds attached to personal electronic devices. This includes phones, smart watches, glasses, wearables, and other signal receiving devices. This does not include a laptop computer or other device required to support academic activities.

Personal electronic devices may be used when use complies with the terms of:

1. The student's medical provider's order for the care and treatment of a medical condition;
2. The student's individualized education program, as defined in ORS 343.035 or an education plan developed for the student in accordance with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794);
3. A written exemption provided for the student based on a request received. Forms are available in each school office and school administration will respond to requests within ten work days.

Personal electronic devices may be kept by students in lockers or backpacks, but personal electronic devices are not to be stored on the student's person or in the student's clothing during regular instructional hours.

Students in violation of this policy will be subject to disciplinary action. Specifics for discipline are included in each school's supplemental handbook. If the actions taken by a student violate another conduct policy, the student may be subject to discipline up to and including expulsion.

Processes for personal electronic violations include:

1. First instance of noncompliance: staff will give the student a verbal reminder of the policy and expectations to reinforce appropriate use of personal electronic devices. The device will be temporarily confiscated and held at the front office and the student may pick it up at the end of the day. Parents will be notified and the discipline matrix will be followed;

2. Second instance of noncompliance: the device will be temporarily confiscated and held at the front office until the end of the school day. Parents or caregivers will be notified, and will need to come and pick up the device during school hours;
3. Third instance of noncompliance: the device will again be temporarily held, and parents or caregivers will be informed and allowed to pick the device up from the school, and the discipline matrix will be followed. A meeting with school administration and family will be arranged to review the policy and parents may choose to either purchase a pouch or keep the personal electronic device at home;
4. Fourth instance of noncompliance or failure to use the pouch or keep the personal electronic device at home: the device will again be temporarily held, and parents or caregivers will be informed and allowed to pick the device up from the school. The discipline matrix will be followed. A meeting with school administration and family will be arranged to review the policy and the student will need to turn in their device at the front office at the start of each day. If the student fails to pick up their device before leaving school for the day, it may be picked up the next school day during regular school hours or at the end of the next school day.
5. Beyond the fourth instance of noncompliance: If non-compliance continues, schools will determine additional appropriate consequences.

Necessary communications between students and parents or caregivers can be made through the school office.

The district will not be liable for personal electronic devices brought to district property and public charter school-sponsored activities. The district will not be liable for information or comments posted by students on social media websites when the student is not engaged in district activities and not using public charter school equipment.

The taking, disseminating, transferring or sharing of obscene, pornographic, lewd or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic, lewd or otherwise illegal images of photographs will be reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution and lifetime inclusion on sexual offender registries.

PHYSICAL EXAMINATIONS

Students in grades 7 through 12 must have a physical examination performed by a physician prior to practice and competition in athletics and shall additionally have a physical examination once every two years and after either a significant illness or a major surgery prior to further participation. The District partnership with Family Health Associates supports these examinations for students. To register, please contact the school office.

The physical examination is the responsibility of the parent/student and is to be paid for by the parent/student.

Record of the examination must be submitted to the district and will be kept on file and reviewed by the coach prior to the start of any sports season.

Students shall not participate without a completed school sports pre-participation examination form on file with the district.

POSTERS

Signs, banners or posters that a student wishes to display must first be approved by the principal. Signs, banners or posters displayed without authorization will be removed. Any student who posts printed material without prior approval shall be subject to disciplinary action.

PROGRAM EXEMPTIONS

Students may be excused from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district.

An alternative program or learning activity for credit may be provided.

All such requests should be directed to the principal by the parent in writing and include the reason for the request.

PROMOTION, RETENTION AND GRADE LEVEL PLACEMENT OF STUDENTS

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development.

Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain a student will be made only after prior notification and explanation to the student's parents. The final decision will rest with school authorities. Students will be placed in the grade level or course best suited to meet their needs, based on the district's evaluation of the student's transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by the district.

If the student is unable to provide appropriate documentation, the building principal or designee will make the grade level or course determination placement based on district-administered assessment(s) as deemed appropriate.

RELEASE OF STUDENTS FROM SCHOOL

A student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The main office staff will determine that permission has been granted before allowing the student to leave. A student

will not be released to any person without the approval of his/her parent or as otherwise provided by law.

REPORTS TO STUDENT AND PARENTS

Written reports of student grades shall be issued to parents 4 times per year informing parents of their student's progress toward achieving the academic content standards. Parents will receive reports on their student's absences. Letter grades will be used. Grades will be based on many factors including assignments, both oral and written; demonstrated proficiency towards content standards; special assignments; research activities and other identified criteria.

SEARCHES

Searches

District officials may search the student, his/her personal property and property assigned by the district for the student's use at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion based upon specific and articulated facts to believe that the student personally poses or is in possession of some item that poses an immediate risk or serious harm to the student, school officials and/or others at the school.

Searches shall be "reasonable in scope", that is, the measures used are reasonably related to the objectives of the search, the unique features of the official's responsibilities and the area(s) which could contain the item(s) sought and will not be excessively intrusive in light of the age, sex, maturity of the student and nature of the infraction. Strip searches are prohibited by the district.

District officials may seize any item which is evidence of a violation of law, Board policy, administrative regulation or school rule, or which the possession or use of is prohibited by such law, policy, regulation or rule.

District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as lockers and desks, may be routinely inspected at any time. Students have no expectation of privacy regarding these items/areas. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety and to reclaim overdue library books, texts or other instructional materials, property or equipment belonging to the district. The student will generally be permitted to be present during the inspection.

Items found which are evidence of a violation of law, policy, regulation, school rule, or the Student Code of Conduct may be seized and turned over to law enforcement or returned to the rightful owner, as appropriate.

Questioning

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that when an Oregon Department of Human Services or a law enforcement official is questioning a child whom the investigating agent believes may have been a victim of abuse of a child, the investigator may exclude district personnel from the investigation and may prohibit personnel from contacting parents.

STUDENT/PARENT COMPLAINTS

District Personnel Complaints

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher. If the outcome is not satisfactory, a conference with the principal can be requested with five calendar days. If the outcome of this conference is not satisfactory, the student or parent may file a written, signed complaint with the superintendent, within 15 calendar days, who will investigate the complaint and render a decision. If the complainant is dissatisfied with the decision of the superintendent, he/she may appeal to the Board in care of the superintendent with 10 calendar days following receipt of the superintendent's decision. The superintendent will provide the complainant with necessary Board appeal procedures. Board decisions are final.

Discrimination on the Basis of Sex Complaints

A student and/or parent with a complaint regarding possible discrimination of a student on the basis of sex should contact the building principal.

Education Standards Complaints

Any resident of the district or parent of a student attending district schools may make an appeal or complaint alleging violation of the district's compliance with an educational standard as provided by the State Board of Education. The complainant should first discuss the nature of the alleged violation with the individual involved.

If the complainant wishes to pursue the matter further, he/she will be provided, upon request, a copy of all applicable district complaint procedures.

After exhausting local procedures or if the district has not resolved the complaint with 90 days of the initial filing of a written complaint with the district (whichever occurs first), any complainant may make a direct appeal to the State Superintendent of Public Instruction.

Instructional Materials Complaints

Complaints by students or parents about instructional materials should be directed to the principal. Should the student or parent, following initial efforts at informal resolution of the complaint, desire to file a formal complaint, a "Reconsideration Request Form for Re-evaluation of Instructional Materials" may be requested from the school office. The principal will be available to assist in the completion of such forms as requested.

All Reconsideration Request Forms must be signed by the complainant and filed with the superintendent.

A reconsideration committee, comprised in accordance with Board policy, will review the material and forward a recommendation to the superintendent for appropriate action and notification to the complainant. A copy of the committee's recommendation and justification will be forwarded to the complainant together with the superintendent's written decision.

The complainant may appeal the superintendent's decision to the Board, whose decision will be final.

The definition for sexual conduct does not include behavior that would be considered child abuse as outlined by Oregon law and district Board policy JHFE and JHFE-AR – Reporting of Suspected Abuse of a Child.

The district will post in each school building the name and contact information of the person designated to receive sexual conduct reports, as well as the procedures the superintendent will follow upon receipt of a report. 3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance or with an employee's ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subject to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.

Principals, the compliance officer and the superintendent have responsibility for investigations concerning sexual harassment. All complaints and other reported incidents shall be investigated. The investigator shall be a neutral party having had no involvement in the complaint presented.

The superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal. The superintendent or designee shall provide a written decision to the complainant within 10 working days.

Step 4: If a complainant is not satisfied with the decision at Step 3, he/she may submit a written appeal to the Board. Such appeal must be filed within 10 working days after receipt of the Step 3 decision. The Board shall, within 20 working days, conduct a hearing at which time the complainant shall be given an opportunity to present the appeal. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.

Direct complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries. Additional information regarding filing of a complaint may be obtained through the principal, compliance officer or superintendent.

Changes to the above procedure may be made if an administrator is named in the complaint or reported incident.

Confidentiality will be maintained. The educational assignments or study environment of the student shall not be adversely affected as a result of the good faith reporting of sexual harassment.

Students or parents with complaints not covered by this student handbook should contact the principal.

Access/Release of Education Records

By law, both parents, whether married, separated or divorced, have access to the records of a student who is under 18 years of age, unless the district is provided evidence that there is a court order, state statute or legally-binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

Parents of a minor, or an eligible student (if 18 years of age or older), inspect and review education records during regular district hours.

Provision for Hearing to Challenge Content of Education Records

Parents of a minor, or eligible student (if 18 years of age or older), may inspect and review the student's education records and request a correction if the records are inaccurate, misleading or otherwise in violation of the student's privacy or other rights. Such actions are to be made in writing to the parents.

If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and

Privacy Act. File complaints with the Family Policy Compliance Office, U.S. Department of Education, Washington D.C., 20202.

At no point will a student's social security number or student identification number be considered directory information.

Except in the case of an emergency, only staff current in the required training in accordance with the district-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student.

In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee, or volunteer as necessary when the student's behavior imposes a reasonable threat of imminent, serious bodily injury to the student or to others. The use of physical restraint/seclusion under these circumstances is only allowed so long as the student's behavior poses a threat of imminent, serious physical harm to themselves or to others.
