No Action Required.

BACKGROUND INFORMATION:

Stillwater Public Schools operates under the Oklahoma School Budget Act, which integrates our legal and administrative budgets into a unified framework for fiscal efficiency and transparent governance. Throughout the 2025–2026 fiscal year, the district effectively balanced revenues from local ad valorem taxes, state funding allocations, and federal grants against key expenditure priorities, including direct instruction, student support services, and facility operations. This financial review outlines our performance against projected budgets, highlights key adjustments made in response to inflationary pressures and state funding updates, and demonstrates our continued commitment to strategic fiscal stewardship in support of student learning.
