

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: August 17, 2026

AGENDA ITEM: Consider Approval of Purchase of Technology Annual License and Warranty Renewals

PRESENTER: Brooks Moore, Chief Technology Officer

BACKGROUND INFORMATION:

- Per Board Policy CH (Local), any single, budgeted purchase of goods or services that costs \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.
- The District's technology infrastructure depends on enterprise hardware, software, and licensing that support teaching and learning, cybersecurity, communications, and day-to-day business operations. Several infrastructure components and enterprise agreements are due for renewal or replacement to maintain manufacturer support, security updates, software functionality, and system reliability.
- The proposed purchase includes Cisco HyperFlex infrastructure and related Cisco enterprise licensing, including Cisco Flex, the Cisco DNA Enterprise Agreement, the Cisco Security Enterprise Agreement, and Cisco SmartNet support, which together provide the foundation for the District's data center, network infrastructure, and cybersecurity environment. The purchase also includes Microsoft licensing to support productivity and collaboration, VMware licensing to maintain the District's virtual server environment, and Palo Alto Cortex XDR licensing to strengthen endpoint detection, threat prevention, and incident response capabilities.
- Collectively, these solutions provide the core technology infrastructure that supports instructional and business operations across the District. Approval will ensure continued access to vendor support, software updates, cybersecurity protections, and reliable operation of mission-critical systems while supporting the District's long-term technology lifecycle plan.
- The Board of Trustees first discussed this agenda item at the June 15, 2026 regular Board meeting.

FISCAL INFORMATION:

The total cost of these items is \$522,249.27 and will be paid from 2026-27 General Fund 199, 2023 Bond Technology Funds, and 2023 Bond Safety and Security Funds.
