School Board Meeting Agenda Item

Topic: Cardiac Emergency Response Plan
Presenter(s): Bob Jaszczak, Superintendent

Nature of Action Requested

Board Action

Board Information or Report

X

Background Information

The cardiac emergency response plan (CERP) was developed to provide a comprehensive strategy for the preparation of and response to cardiac emergencies in the school setting.

Every school district and charter school in Minnesota is required to have a written, practiced CERP integrated into its building crisis management plan.

Plans outline specific emergency roles, placement and access to Automated External Defibrillators (AEDs), coordination with local first responders, and annual staff training/drills.

School Boards are required to conduct an annual review and evaluation of the CERP, Minnesota Statutes 2025, section 121A.241, subdivision 2(6).

The CERP is presented to the board for review.
