

Bagley School District 162
202 Bagley Ave NW
Bagley, MN 56621

August 20, 2026

Dear Members of the Bagley School Board,

The Bagley Flyer Booster Club respectfully requests approval to conduct fundraising and community engagement activities that support students, school programs, and community engagement. Our mission is to enhance opportunities for all Bagley Flyer students involved in district athletics, arts and activities by providing supplemental funding for equipment, activities, camps, and other needs that may not be fully covered through school funding.

Through the generous support of our community, the Bagley Flyer Booster Club has contributed to numerous athletics and activities since we became an established 501(c)(3) public charity organization in 2023. Please refer to the attached list of recent donations and support that we have been able to provide over the past two years for examples of such support. We are committed to continuing to provide support and to create opportunities that strengthen school spirit, student participation, and community involvement.

We respectfully request the School Board's approval for the following fundraising and community engagement activities that may take place upon school grounds and within school facilities with the communication and collaboration of appropriate school staff:

- Tailgating events at football games, including food service and family-friendly activities.
- Fundraising events including but not limited to raffle tickets, split-the-pot and "fill a square", as needed, with live drawings and participant rewards during sporting events.
- Halftime fan engagement activities and giveaways during athletic events including but not limited to Chuck-a-Duck, Serving Challenges, Halftime Shots and Target Throws.
- Booster Club sponsored athletic tournaments, team registrations and group camps, as permitted.
- Booster Club sponsored challenges including but not limited to our 10,000 shots club, 50,000 dribbles club, and 25,000 jump ropes club, with participant recognition and rewards during sporting events.
- Concession sales and bake sales during school events.

Approval of the above activities is requested for a 24-month period.

We appreciate your consideration of this request and your continued support of our Bagley students, athletics, arts and activities. We believe these fundraising efforts will provide meaningful benefits to our students while fostering a stronger connection between our schools and community.

Thank you for your time and consideration.

Sincerely,

Adam Broten, Brandy Broten, Josh Coyle, Samantha Coyle, Brandi Hilliard, Mandy Hoie and Matt Hoie
Members of The Bagley Flyer Booster Club
