Re: Second Reading and Approval of Policies

Recommendation:

It is the recommendation of the Superintendent to complete the second reading of policies and approve these policies as presented.

Background Information:

The Illinois Association of School Boards (IASB) released their latest updates of policies. School Boards have 4 months to review, edit, and adopt policies through the use of the IASB Policy Services portal. Each policy needs to be on 2 board meeting agendas, at the second of which adoption occurs. This month we have first reading of policies in 2 categories: Draft Update - items in which IASB or the administration has recommended changes, and Review and Monitoring - an 5 year cycle in which each policy is reviewed by the Board but there are no recommended changes by either IASB or administration at this time:
