

REPORTING SUSPECTED CHILD ABUSE, NEGLECT, EXPLOITATION AND TRAFFICKING

Introduction

~~Under Oklahoma law, district employees have varying legal obligations to report abuse, neglect and exploitation. In addition, district employees have an obligation to report suspected abuse, neglect, exploitation or trafficking affecting students to principals or other school officials to ensure the student's safety and welfare while at school or participating in school activities. The purpose of this policy is to provide directives and guidelines to assist district employees in fulfilling their legal responsibility.~~

In accordance with Oklahoma law, any person is required to immediately report suspected cases of physical abuse or neglect involving students under the age of eighteen (18) to the statewide toll free hotline of the Department of Human Services and local law enforcement. The statewide DHS hotline number is 1-800-522-3511. Any person having reason to believe that a student age eighteen (18) or older is a victim of abuse or neglect shall immediately report the matter to local law enforcement. In addition to the above, every school employee having reason to believe, or receiving an allegation or disclosure, that a student is the victim of sexual abuse, sexual assault, or sexual misconduct shall report the disclosure, allegation or information within twenty-four hours to local law enforcement.

Local law enforcement means a law enforcement agency that is independent of the school district, campus police department and shall not include a school resource officer employed by the school district unless directed by the independent law enforcement agency. When a school resource officer is utilized, the office shall submit a written report describing the circumstances and any actions taken to the independent law enforcement agency. Reports must be made prior to any formal investigation or questioning of the subject of the disclosure or allegation.

No school investigator, administrator or official shall conduct formal interviews of the subject of the disclosure or allegation or engage in disciplinary proceedings until law enforcement has been notified and has had the opportunity to interview the involved parties, unless law enforcement determines that an immediate school response is necessary to protect student safety.

Any school employee with knowledge of a report shall not disclose information identifying the reporting school employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or the State Department of Education.

The board of education fully supports that requirement and has established this policy to facilitate such reporting.

Every teacher, support person, or other employee of this school district shall immediately report any suspected physical, mental, or sexual abuse or neglect of any school student to the Department of Human Services by telephone. The employee shall also inform the building principal who will advise the superintendent that the report was made using Form FFG-E.
