

Lakeview Junior High School
September 2026 Board Report

Goal One – Learning

Mrs. Newman's art class has a new piece of equipment ~ Chompsaws! Chompsaws are student safe electric power tools that are designed to cut cardboard, craft foam and fabric.

FIRST DAY WITH CHOMPSAWS!!

Goal Two – Whole Student Development

In keeping with our school theme, “**Be the Difference,**” we have created an opportunity for students and staff to recognize someone who has made a positive difference in their day. Each week, members of the Lakeview community can nominate a student or staff member who has demonstrated kindness, encouragement, helpfulness, or simply made someone's day a little better.

Each Monday, nominees are recognized through a PowerPoint displayed on the large screens in the lunchroom, allowing us to celebrate the individuals who are making a difference throughout our school community.

You can view our first week's recognition [here](#)

Goal Three – Environment

All Lakeview students have completed their fall benchmarking assessments, and teams are beginning to dig into the data to identify trends, celebrate areas of growth, and determine instructional priorities moving forward.

Learning is in full force throughout the building. Students have selected their exploratory courses and are actively engaged in creating, collaborating, and learning. It is wonderful to have Lakeview once again buzzing with the energy and sounds of learning as we begin the school year.
