Rachel Robinson	9/23/26 Reading Academy ESC 20
Isabell Rivas Solana Molinar	8/25 & 8/26 Vision/Hearing/Screening Training

Principal's General Narrative:

It has been an interesting start of the school year to say the least. Thanks to a hard working custodial staff and a hard working teaching staff the start of school has been better than expected due to the changes caused by the flooding.

Pre K - 2nd Grade are currently starting their BOY testing with CLI Engage. Pre K and Kinder with Circle and 1st and 2nd utilizing TPRI.

Kinder through 5th grade are also doing the BOY testing utilizing iReady.

All of the Bluebonnet curriculum has been delivered and the teachers are doing a good job implementing the program.

I have done one walkthrough with Eddie Altomare (Bluebonnet trainer) in Mrs. Robinson's room and he was impressed with how well she had implemented the program on just her third day.

Overall with all things considered the start of the year has gone rather smoothly. Our new Pre K 3 program is getting off the ground with kids learning how to stay in a line, share toys, and socialize with each other. They do a pretty good job walking in a line, of course until a butterfly or lizard crosses their path then it gets a little interesting.

A big shout out to Mrs. Diaz and Mrs. Price for their knowledge of all the buildings and helping me figure out where to put everyone with such limited space.
