Item	Description	Price
1	This is for the removal of the leaning Catalpa tree on the cemetery grounds. Since there are many grave stones nearby the tree will need to be disassembled while standing. All wood and debris will be removed from the property. I assume there will need to be coordination as to not disturb the grieving visitors. No stump grinding included.	\$2,400
Discount for Clio community		-\$300
		\$2,100
