RE: Annual Threat Assessment Meeting

---

## **BACKGROUND**

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property or at a District event. The Superintendent or designee shall develop, implement, and maintain a comprehensive safety and security plan. A Targeted School Violence Prevention Program using the collective efforts of local school officials, staff, students, families, and the community helps the district reduce these risks to its environment. This program is part of the District's Comprehensive Safety and Security Plan, required by Board policy 4:170.

## **SUMMARY**

The Benjamin School District 25 Threat Assessment Team (TAT) met on August 30th, 2026.

The agenda and discussion addressed the following 4 required topics:

1. We reviewed the building-level Threat Assessment Team(s) to assess and intervene with individuals whose behavior may pose a threat to safety. This team may serve one or more schools.
2. We reviewed the established process that would allow all District staff, volunteers, and contractors to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
3. We reviewed the established process that would allow parents/guardians and students to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
4. We re-confirmed that our district is in compliance with State and federal law and aligns with Board policies.

## **RECOMMENDATION(S)**

I recommend that the Board of Education accepts this annual review of information.
