

LOGAN VIEW STUDENT SERVICES UPDATE!

The school year is off to a busy start in Student Services! Our focus has been on getting services and supports in place for students, completing beginning-of-the-year IEPs and evaluations, and meeting state reporting and monitoring requirements.

State Reporting & Monitoring

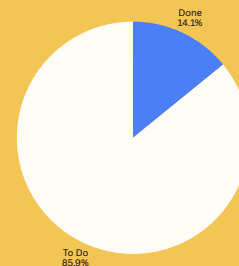

- Indicator 11 reporting (initial testing) has been completed and submitted to NDE.
- Indicator 12 notification is upcoming and will focus on transition planning for students moving from Early Development Network (EDN) services into school-age services

Evaluations & Referrals

- 21 evaluation consents have been sent to families as we begin first-semester evaluations and reevaluations.
- We are also working through two EDN referrals and coordinating the evaluation and service process for these students and families.

IEP Services

- The year has started with a busy IEP schedule, with 14 IEP meetings completed so far.

English Learner (EL) Services

- I have been working through the English Learner (EL) process and continuing to build my understanding of the requirements and supports involved.
- This has included coordinating ELPA screening, establishing appropriate student plans, and communicating those plans and supports with staff.
