ROTHSCHILD MURAL PROJECT

PURPOSE

- Transform our elementary school's gym stage into a beautiful, strong, and impactful visual centerpiece that uplifts, unites, and inspires our students.
- As the heart of our building—where we gather for celebrations, performances, and daily activities—the stage is a natural canvas for a message of belonging, resilience, and Rothschild pride.
- Promote our positive identity as Rothschild Raptors, and reinforce the belief that every child has greatness within them. By partnering with local artists and community businesses this project will not only beautify our space, but also strengthen community connections, and cultivate a sense of ownership and joy within our school.
