Achievement Levels

Overall scores on the Science Assessment are divided into four achievement levels: Needs Support, Approaching Proficient, Proficient, and Advanced.

Median and Mean Scale Scores

The number of students, median and mean scale scores, and standard errors are reported at the School, District, and State level in the table below.

The median is the middle number in an ordered list of numbers. The median is a way to describe the midpoint score in a group of scores. Unlike a mean (sometimes called the average), it is unaffected by very low or very high test scores. The right-hand side of the red bar represents the median scale score.

The mean is calculated by adding the values of a set of scores and dividing by the number of scores in the set. The (—●—) symbol shows the school's/district's/state's mean scale scores and standard errors of estimate (SEE), where the dark circle is the mean score and the line is the SEE. The SEE provides information about the level of confidence that a sample of students would achieve the same mean score if another sample was tested. The standard error decreases as the sample size increases.

Performance by Reporting Category

The table below shows how the performance of the school, district, and state compared to the state standard for proficiency on specific areas of the Science Assessment.

Grade	# Tested	Reporting Category and Strands	School	District	State
10	46	Physical Sciences	▼	▼	▼
		Structure and Properties of Matter and Chemical Reactions	▼	▼	▼
		Forces and Interactions	▼	▼	▼
		Energy and Waves and Electromagnetic Radiation	▼	▼	▼
		Life Sciences	▼	▼	▼
		Structure and Function	▼	▼	▼
		Matter and Energy in Organisms and Ecosystems and Interdependent Relationships in Ecosystems	▼	▼	▼
		Inheritance and Variation of Traits and Natural Selection and Evolution	▼	▼	▼

Performance Results Key

The school, district, or state

▲ *did better than* the state standard for proficiency

▬ *did about as well as* the state standard for proficiency

▼ *did not do as well as* the state standard for proficiency

■ *did not attempt any items in this reporting category or strand*
