

PROTECTION OF PUPIL RIGHTS: STUDENT SURVEYS

It shall be the policy of Lyon County Board of School Trustees that the rights of pupils shall be protected.

It shall be the policy of the Board that all instructional materials, including teachers' manuals, films, tapes or other supplementary instructional materials, surveys, or questionnaires to be used in connection with any instruction program or project shall be available for inspection by the parents or guardians of the children who will be enrolled in such programs or projects.

It shall further be the policy of the Board that no student shall be required as part of any Lyon County School District program to submit to psychiatric or psychological examinations, testing, treatment, survey questions, or needs assessment in which the primary purpose is to reveal information concerning: 1) political affirmations; 2) mental or psychological problems; 3) sex behavior and attitudes; 4) illegal, anti-social self-incriminating, and demeaning behavior; 5) critical appraisals of any individuals with whom students have a close family relationships; 6) legally recognized privileged and analogous relationships such as those of lawyers, physicians and ministers, or 7) income (other than that required by law to determine eligibility for participating in programs or for receiving financial assistance under such programs) without the prior active consent of the student (if the student is an adult or emancipated minor), or without the prior written active consent of the parent/guardian if the student is under 18 years old. Any student may refuse to participate in the administration of a survey in the Lyon County School District.

There ~~is one~~ are two exceptions to written active consent: ~~that was put into law during the 2021 Nevada Legislative Session. Section 20 of Senate Bill 69 changed a section of NRS 392 to require that school districts administer~~ the biennial Youth Behavior Risk Surveillance System (YBRSS) developed by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, or any equivalent or successor system developed by them and the Nevada School Climate Survey (NV-SCSEL), or any equivalent or successor system developed by the Nevada Department of Education. The required administration of the YBRSS and the necessary administration of the NV-SCSEL means that parents/guardians and adult/emancipated minor students do not have to provide written active consent before participating in the survey. However, the school district and schools will provide written notice of the manner in which the surveys will be administered, the manner in which the results of the surveys will be used, and those who will have access to the results of the surveys. Parents/guardians and students may also review the surveys prior to administration by contacting the school if they wish.
