

Note: In 2009, Alaska adopted the Interstate Compact on Educational Opportunity for Military Children. [AS 14.34.010-.090](#). The purpose of the law is to remove barriers to educational success for military children that exist due to frequent moves and deployment of their parents. The law provides rules on student enrollment, attendance, placement, advancement, eligibility for educational programs and extracurricular activities, and on-time graduation. School districts are required to be flexible in applying district rules in order to meet the needs of these students.

The School Board recognizes the challenges to academic success faced by children of military families due to frequent moves and deployments of parents/guardians. Students of military families should have all opportunities available for educational achievement. The Superintendent or designee should direct and oversee the removal of barriers to educational success for these children in accordance with law, including the provision of academic resources, services, and opportunities for educational programs and extracurricular activities.

(cf. 5118 - Transfers)
