

Nippersink District 2 Board of Education

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Curriculum, Instruction, Program

NMS has added 12 new interactive flat panels (IFPs) to classrooms this summer, bringing the total number of IFPs throughout the building to 26. An interactive flat panel (IFP) is a large, high-definition digital touchscreen that combines a computer, interactive whiteboard, and display into one classroom tool. It serves as a modern alternative to traditional projectors and whiteboards, allowing teachers and students to present information, write directly on the screen, and collaborate during lessons. Students can write and draw on the panels, solve problems, annotate documents, manipulate images and diagrams, collaborate with classmates, access interactive learning activities, and share their work with the class.

School Celebrations

NMS has had a good turnout for our 2026 fall sports. We currently have 28 students out for Cross Country, 14 for 7th grade volleyball, and 16 for 8th grade volleyball.

During the second week of school, the NMS Administration and Student Services Team hosted a New Student Lunch for the 15 new students who joined Nippersink Middle School this year. Students enjoyed pizza, cookies, and Capri Sun while participating in fun “Get to Know Me” games and activities. The lunch provided a great opportunity for our new students to meet one another, connect with staff, and begin feeling more comfortable and connected as members of the NMS family.

Upcoming Dates

October 9 - No School, Teacher Institute

October 12 - No school. Columbus Day

October 16 - Erin's Law Presentation

October 23 - 7th Grade Timberlee Field Trip

October 24 - 2nd Quarter Begins
