Foley Public Schools
Superintendent Daniel Posthumus
Principal Peter Wittmer

Dear Mr. Wittmer, Mr. Posthumus, and members of the Foley School Board,

I am writing you to formally retire from my position as an Education Assistant for the Foley Public School district. I appreciate the growth in myself that I have made these past 32 plus years by being part of the district. Helping students grow, be successful with their informative years, along with the relationships I have made with staff within the school district are definitely two of the most important things I will miss. With much consideration and self-reflection I have not taken into ending this career lightly. Please let me know if there are any questions I can answer. Best regards to everyone for a successful 2026-2027 school year.

Thank you,

Michelle du'Monceaux
