

To Whom It May Concern:

It is my pleasure to highly recommend Jordan Stephens. Jordan is an exceptional educator who brings energy, positivity, kindness, and a genuine commitment to students to everything he does. He is the type of teacher who makes a lasting impact—not only through what he teaches, but through the relationships he builds with students.

One of Jordan's greatest strengths is his ability to connect with students. His students genuinely love and respect him, and it is evident that they enjoy coming to his class each day. Jordan creates an environment where students feel welcomed, valued, and supported. His high-energy personality and positive attitude make his classroom an engaging place to learn, while his kindness and consistency help students know that he truly cares about them and their success.

Jordan also goes above and beyond the classroom. He helps coach golf, giving his time and talents to support students outside of the school day. His involvement in activities and athletics demonstrates his commitment to developing the whole student and being an active member of our school community.

Another quality that makes Jordan such a valuable educator is the breadth of his experience. He has experience working in both Secondary and Elementary Education, giving him a unique understanding of students at different stages of their educational journey. This experience has helped him develop the flexibility, perspective, and relationship-building skills necessary to meet students where they are and help them grow.

Jordan consistently demonstrates the qualities we hope to see in an educator and a member of our school community. He is dependable, enthusiastic, compassionate, and willing to step up wherever he is needed. Most importantly, he believes in students and works hard to help them recognize their own potential.

Jordan truly embodies what it means to be a Laker and what a Laker should be. He represents our school with pride, treats others with kindness and respect, and works every day to make a positive difference in the lives of our students.

I give Jordan Stephens my highest recommendation and am confident that he will continue to be an outstanding educator and positive influence wherever his career takes him.

Sincerely,
Laker Administration Team
