Re: SignGlasses Contract

Rationale:

We have a student whose Individualized Education Program (IEP) requires sign language interpretation services in order to access his/her educational program. The District has been unable to hire a qualified interpreter with the training and expertise necessary to provide these services.

To ensure the District is able to provide the services outlined in the student's IEP, we would like to enter into a contract with SignGlasses to provide sign language interpretation services. SignGlasses provides qualified interpreters remotely, allowing the District to meet the student's communication and educational needs throughout the school day.

Recommendation:

We recommend approval of a contract with SignGlasses to provide sign language interpretation services in an amount not to exceed \$90,000.

Total Contract Amount – Not to exceed \$90,000

The cost of these services is eligible for reimbursement through Nebraska's special education reimbursement process.
