Dear Superintendent:

The Illinois State Board of Education (ISBE) has completed its annual LEA Determination review of Illinois school districts. The Individuals with Disabilities Education Act (IDEA), Section 616, requires all states to make determinations about the performance of their local districts regarding the provision of special education and related services to students with disabilities.

Based on this annual review, ISBE has determined that your district **Meets Requirements** in implementing one or more of the requirements of IDEA. This determination is based on multiple data points and indicators described in detail in the Illinois Special Education Accountability and Support System information packet located on the LEA Determinations webpage.

ISBE creates an Illinois Special Education Accountability and Support System LEA Determination Matrix for each district to display the district's performance as compared to the state target on each compliance or results indicator. Your LEA Determination Matrix is enclosed for review.

A determination of **Meets Requirements** requires no further action unless the district has an open finding of noncompliance. **Findings of noncompliance are tied to annual LEA Determinations and the Illinois Special Education Accountability and Support System.** Therefore, please review the district's September 2026 LEA Determination carefully to determine if corrective action is required. Districts with open findings of noncompliance must work with their ISBE SPP contact to complete the corrective action plan process for the identified indicator(s). The required ISBE Corrective Action Plan template to be used for the corrective action plan process is available on the [LEA Determinations webpage](#).

For districts that **Meet Requirements** and have no findings of noncompliance, universal (Tier 1) supports are available for optional use. Please see the [Tiered Supports and Resources webpage](#) for universal (Tier 1) support information and technical assistance resources. ISBE appreciates the district's efforts to improve results for students with disabilities. For further information contact the Special Education Department at 217-782-5589.

Sincerely,

Dr. Nakia Douglas
Director of Special Education
Illinois State Board of Education
