

CHELSEA SCHOOL DISTRICT

Board of Education Report

Curriculum ▾

Oct 5, 2026

CURRENT HIGHLIGHTS:

- ☐ **Math Data Dig at Beach Middle School.** We held a math data dig at Beach Middle School to review student data and identify areas of strength, as well as focus areas to guide instruction.
- ☐ **Supporting Staff Across Our Buildings.** I have been spending time in our buildings as the school year gets underway, checking in with staff to ensure they have the resources and support they need for a strong start to the year.
- ☐ **Health Education Standards Training.** Training was provided to curriculum directors on the new Health Education Standards, helping districts build a shared understanding of the updated standards and their connection to instruction.
- ☐ **Grant Reporting.** I have been working through required grant reports to ensure the district remains compliant and on track with its grant obligations.

LOOKING AHEAD:

- ☐ **Math Data Dig at Chelsea High School.** We will hold a math data dig with the high school math department, continuing the process started at Beach Middle School.
- ☐ **November 2nd District Professional Development Day.** Planning is underway for our District Professional Development Day on Monday, November 2nd.
- ☐ **CTE Programming.** I am working with Chelsea High School to review potential course changes within our CTE programming.

Respectfully submitted,
Michelle Hilla
