Cc Sullivan, Lisa <sullivanl@clinton-county.org>

Tim,

I have had an opportunity to speak with our Chief Judge Lisa Sullivan about your request regarding the Court providing monthly reports to the County. While we like to be good partners with the County funding unit, monthly reports for all of the Courts would require a large amount of additional work. We already have multiple reports that we are required to provide to the State Court Administrative Office on both a quarterly and annual basis. Below is a link to the data that is publicly available regarding court statistical information for Gratiot County. It is from 2023 but has statistical information similar to what you might be looking for.

If you need something additional, please let us know what specifically you are looking for and we will do our best to provide that to you. If you have any specific questions, we are happy to answer those as well.

Thank you,

Jennifer Wood
