RE: Request to Repeal Policy #7260 – Student Activity Funds

During a review of district policies, staff identified multiple policies addressing student body funds and miscellaneous funds, resulting in inconsistencies and potential conflicts within the policy manual.

These policies included the following:

- 3510 – Student Body Funds
- 7411 – Micellaneous Funds
- 7415 – Student Body Program Funds

To ensure clear and current guidance, staff reviewed the Idaho School Boards Association (ISBA) model policy manual and recommends repealing adopting Policy #7260 – Student Activity Funds after repealing Policies 3510, 7411, and 7415. Policy #7260 incorporates the regulatory pieces from all three of the previous conflicting policies creating a more streamlined and clear policy governing Student Activity Funds.

Strategic Plan Alignment
IV. Continuous Improvement: The district shall implement practices and procedures that promote contiuous improvement in the organization.

2. Comply with state and federal laws
    a. Review and update policies and procedures periodically.
