What Does a School Board Do?

School board members help make decisions that shape public education in our community. The board acts as a team, not as individuals. Every decision - big or small - is made together, by majority vote, at a public meeting. That's what makes it official school board action.

A SCHOOL BOARD:

1 Hires and evaluates the superintendent

2 Adopts and approves policies for governance of the district

3 Reviews and approves the annual budget and recommended curriculum

4 Advocates for our school district

We want to hear from you and work together to support and encourage student success!

Email the Cordova School Board and Superintendent with questions or comments at csd_board@cordovasd.org.

Attend a school board meeting to make a public comment. Non-agenda items can only be addressed at the very end of the meeting.

If you can't make it to a meeting you can watch online on the district website.
