l. New Business.

4. BP 3515.6 Safety and Security Recording Systems (1st Read).

Background Information: After further review, it is recommended that Cordova School District replace their current policy with AASB model policy. This version has improved organization along with 3 considerations missing in CSD current policy. These 3 are within Security and who can install cameras, clarity around who can view recordings and why, and clear support of FERPA regulations.

Motion: I move to approve BP 3515.6 Safety and Security Recording Systems (1st Read), as presented in the Board Packet.

Motion: _____

Second: _____
