l. New Business.

5. BP/AR 3522 District Data protection (1st Read).

Background Information: Currently, Cordova School District does not have this policy. The policy committee recognizes the value of a District Data Protection Program and recommends the adoption of AASB model policy, as is. The committee also recommends adoption of AASB model AR, with revisions. These include replacing Data Leader with Technology Director, including review processes that reflect our related positions, and deleting items that are not needed in our cloud-based system.

Motion: I move to approve BP/AR 3522 District Data protection (1st Read), as presented in the Board Packet.

Motion: _____

Second: _____
