Background Information and Rationale:

The Technology Department recommends the district-wide replacement of the existing network infrastructure with DataVox. This replacement will modernize the district's network infrastructure and provide a more reliable and consistent foundation for connectivity across district facilities. Updating this equipment will support the continued operation of district systems, technology services, and daily campus operations.

$964,108.01 – Bond Funds

Support of Strategic Goals:
GOAL 4: Obj - 4.3: DISD will provide operational efficiency, effectiveness and transparency.

Fiscal Implication:
To be determined based on final device selections, vendor proposals, and purchasing options.

Administrative Recommendation:
The administration recommends approval of the district-wide network infrastructure replacement through DataVox at a total cost of $964,108.01, utilizing 2026 Bond Funds.
