Background Information and Rationale:

- A School Health Advisory Council (SHAC) is a group appointed by the school district to serve at the district level.
- Members of the SHAC come from different areas of the community and from within the school district.
- The majority of members must be parents who are not employed by the district. Texas law (Texas Education Code, Title 2, Subtitle F, Chapter 28, Subchapter A, §28.004) requires the establishment of a SHAC for every school district.
- SHACs are required to meet at least four times each year.
- SHAC Bylaws state we should have 13-17 members with the majority of its members being parents.

Support of Strategic Goals:

- Goal 1: DISD supports students in a multitude of ways to nurture learning and ensure high performance.
- Goal 3: DISD fosters relationships with students, families and community members to ensure a culture of excellence.

Fiscal Implication:
If SHAC recommends a health curriculum or resource, it may require financial support from the district.

Administrative Recommendation: It is recommended that the board approve the 2026-2027 members to the School Health Advisory Council (SHAC).
