Re: Purchase Request - Genetec

Our annual Genetec software agreement is up for renewal on 7/31/26. This agreement is necessary for the successful operation of the district Genetec video recording and access control. Funds for this purchase are from regular operating budgets, split between the school and the district based on actual counts of devices at each location. All district purchasing practices have been followed.

CompuNet has offered 3 renewal options:

1 Year: \$103,145.81

3 Year: \$252,326.78

5 Year: \$358,570.37

After speaking with Finance, I would like to move forward with the Five-Year option that would save the district \$157,158.68 over the 5-year renewal.

Thank you for your consideration of this purchase. As always, I appreciate your continued support of technology in the district. If I can provide you with further clarification or answers to questions, please contact me at 801-476-7979.

Thank you.

Dr. Jennifer Boyer-Thurgood
