**RE: Request for used Modular Building(s)**

Dear Mr. McRae

It was a few months ago that I spoke with you via the phone regarding the possibility of the school district having any used modular buildings that are no longer being used, and possibly available for The Salvation Army to acquire.

The Salvation Army is a nonprofit, tax-exempt charitable organization under Section 501(c)(3) of the Internal Revenue Code. Internationally we are about to celebrate our 150<sup>th</sup> anniversary this May. We have been in Southern Nevada for 70 years, and have been established and assisting the community of the Pahrump Valley for 23 years.

In those 23 years we have seen much growth. However in these days the need of many community members is greater than ever. We find ourselves in a position where we have had to relocate our Social Service office due to limited space. We desperately need to acquire some building(s) to house that program to help us continue to effectively provide these services.

As mentioned The Salvation Army is a nonprofit organization, and so we too rely on the support of the community to meet the need. And so we come to the Nye County School District to see if there is any way that you can help with one of your used and available buildings.

Sincerely,

Lt. Timothy C. Brown

Commanding Officer  
The Salvation Army  
Pahrump Valley Corps
