MEMORANDUM

TO: NWABSD Board of Education
Members

DATE: June 22, 2026

NUMBER: 26-103B

FR: Office of the Superintendent

SUBJECT: MOA RESCON
Addendum # 2

ABSTRACT:

Board approval is required for expenditures that exceed \$50,000.00.

ISSUE:

At issue is Board approval for addendum #2 to Memo 25-155 RESCON for heating fuel spill clean-up for Kivalina 2021, Noorvik 2023, Kotzebue 2025, and new Noorvik spill January 6, 2026 for a cost not to exceed \$182,062.00 for FY26.

BACKGROUND AND/OR PERTINENT INFORMATION:

In 2021, 2023, & 2025, the district had fuel spills in Kivalina on the old teacher housing campus, in Noorvik behind the teacher housing 6-plex on the hill (which are not closed out) and in Kotzebue the fuel tank used for the bus barn developed a leak in April 2025 which is still in the mitigation process. RESCON was and still is being used to mitigate the spill issues in Kivalina, Kotzebue and the Noorvik spill from 2023 and now the new Noorvik fuel oil from January 6, 2026. They have been working directly with the ADEC on the four spills. We also need to retain their services in the event of any spills we would need immediate need support on. The original quote for the spring mitigation for the Noorvik January 6, 2026 spill was \$98,409.00 increasing the original MOA# 226-046 from \$95,000.00 to \$175,681.05 but the final cost because of extra cleanup time needed for the initial mitigation, cost \$102,601.00, a difference of \$6,380.95, adjusting MOA # 226-046 to \$182,062.00.

FUNDING SOURCES:

General Fund: budgeted for FY 26

ALTERNATIVES:

1. Approve the administration's request to pay RESCON additional costs for their continued efforts on the January 6, 2026 Noorvik spill an extra \$6,380.95 as per attached.
2. Disapprove the administration's request to pay RESCON additional costs for their continued efforts on the January 6, 2026 Noorvik spill an extra \$6,380.95 as per attached.
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The Administration recommends Board approval to pay RESCON an extra \$6,380.95 for incurred costs as per attached.

Re: Kotzebue Spill Response – Scope of Services and Rate of Charges

Dear Mr. Moore,

Rescon Alaska LLC (Rescon) has developed this Scope of Services and Rate of Charges on behalf of the Northwest Arctic Borough School District (NWABSD) to detail environmental activities to be performed in response to the heating oil spill in Kotzebue, Alaska.

Scope of Services:

Task 1 - Remedial Action Plan

Rescon will develop a Spill Response Plan to detail remedial soil excavation efforts to remove the impacted soil. The plan will outline the remedial strategy for excavating the soil and include discussion of the approach for hauling excavated materials to the NWABSD designated landfarm area. The plan will also include the methodologies for field screening and analytical soil sample collection and the construction of the landfarm.

Rescon will draft the plan to conform to Alaska Department of Environmental Conservation (ADEC) requirements listed in Title 18 Alaska Administrative Code, Chapter 75 Oil and Hazardous Substances Pollution Control, for soil characterization and waste management. Rescon will interface closely with the ADEC Project Manager and NWABSD representatives to enable a timely approval of the selected remedial strategy and ensure the necessary logistical preparations for a successful project execution

Task 2.1 – Remedial Excavation

Upon approval of the Spill Response Plan, Rescon will mobilize two field scientists/operators to the site. This Scope of Services (and the attached Rate of Charges) assumes that the NWABSD will provide the heavy equipment to conduct the work. If additional equipment is needed, Rescon will secure the rental equipment through local providers at additional cost to NWABSD. Upon arrival at the site, the field team will commence a remedial excavation of the impacted soil. The field team will initially excavate test pits around the spill area to quantify the volume of impacted soil prior to initiating the main removal activity. After establishing an estimated area and volume

of contaminated soils that can reasonably be removed, the field team will commence excavation and hauling of contaminated soils to the landfarm treatment area.

The field scientist will use a photoionization detector (PID) and visual/olfactory observations to guide the removal activities. If field screening results indicate that all accessible soils exceeding ADEC criteria were removed, the field team will collect additional screenings and analytical samples from the excavation in accordance with the ADEC Field Sampling Guidance. The analytical samples will be submitted for the following analyses, as required for Arctic Diesel in Appendix F of the Field Sampling Guidance:

- Gasoline range organics (GRO) by Alaska (AK) Method 101,
- Diesel range organics (DRO) by AK Method 102,
- Volatile organic compounds (VOCs) by EPA Method 8260, and
- Polycyclic aromatic hydrocarbons (PAHs) at 25% of the total number of samples by EPA Method 8270.

Task 2.2 – Landfarm Construction

Rescon proposes to construct a landfarm treatment cell at the property location identified by NWABSD contingent on ADEC plan approval. Using this approach, the excavated soil will be transferred to the designated landfarm area and spread in a loose one-foot lift. Following the construction of the cell, the landfarm would require weekly tilling by NWABSD staff or contractors throughout the summer season.

At the completion of the summer, two Rescon environmental scientists would return to the site to collect post-treatment samples from the landfarm.

Note: The costs for the post-treatment sample collection is not included in the attached Rate of Charges.

If the end of summer post-treatment samples indicate that petroleum contamination still remains in the landfarm soil, the landfarm cell would be covered with a weighted liner and the tilling treatment would need to resume the following summer. Under that scenario, the Rescon scientists would return again at the end of the summer season to sample the landfarm. This process would need to repeat until the post-treatment samples confirm that the remedial objectives have been met.

If the post-treatment samples indicate that the tilling was effective in remediating the contaminated soil, the NWABSD would be able to deconstruct the landfarm and the soil would be available for conditional reuse. Following the removal of the landfarm, the Rescon scientists would have to return once more to sample the underlying soil to ensure that it was not negatively impacted by the landfarmed soil.

Task 3 – Reporting

Following completion of the initial response activities Rescon will develop a Spill Response Report for the site to detail the field activities and observations, a discussion of the analytical data results and an analysis of the site conditions. The report will quantify the amount of impacted material

removed from the excavation and note any areas where remnant impact remains in the ground due to distance to infrastructure or other excavation limitations. The report will also provide recommendations for further actions, if necessary, pertaining to the management of the release area or the landfarm soil.

General Project Assumptions:

1. Additional costs may apply for delays to project not the fault of Rescon Alaska (i.e., excessive weather conditions, site access issues, etc.).
2. NWABSD will provide private utility locating services to identify and mark any utilities in the area prior to commencing ground disturbance activities.
3. ADEC approves the selected remedial approach of transferring the impacted soil to the landfarm area as well as the proposed sample suite. Additional costs will apply if the soil must be transferred offsite in one (1) yard DOT-approved supersacks.
4. The attached Rate of Charges assumes that the NWABSD will provide all excavation equipment, fuel and at least one equipment operator to support the work.
5. All analytical samples will be submitted to the laboratory on a standard turnaround time basis.
6. Rescon will not be responsible for backfilling the open excavations. This Scope of Services assumes that NWABSD will be able to self-perform the sourcing and importing of backfill from a local source. If requested, Rescon can include this service at an additional expense.
7. NWABSD personnel will perform tilling of the landfarm to promote degradation of contaminants. Tilling activities will be performed roughly every week through the duration of the summer season.

Rate of Charges:

The costs to conduct the above scope will be charged as follows:

| | | |
|-------------------------------------|-----------------------|----------------|
| Task 1 – Spill Response Plan | Lump Sum Cost: | \$6,280 |
|-------------------------------------|-----------------------|----------------|

Task 2 – Spill Response Activity

| | |
|-------------------------------|-----------------|
| T2. Lump Sum Cost: | \$10,476 |
| T&M Portion Cost*: | \$20,193 |

**Task 2 T&M Rates will be charged based on actual number of days/samples required to perform remedial excavation, hauling, and confirmation sampling. Listed costs assume 4 days and 10 samples will be required.*

| | | |
|---------------------------|-----------------------|----------------|
| Task 3 – Reporting | Lump Sum Cost: | \$6,830 |
|---------------------------|-----------------------|----------------|

TOTAL BASE COST: \$43,779

A detailed cost breakdown for the project tasks is attached below.

Rescon requires a signed authorization of this Scope of Services. Upon receipt of authorization, Rescon will begin developing the remedial approach for the selected strategy for ADEC approval.

Project Authorization:

Rescon Alaska requires authorization in spaces provided at the end of this letter.

RESCON ALASKA, LLC
GENERAL TERMS AND CONDITIONS

The following Terms and Conditions govern the work to be performed by Rescon Alaska, LLC ("Consultant") for the client ("Client") identified in the accompanying proposal. By accepting the proposal or authorizing any portion of the work to be performed by the Consultant (the "Agreement"), client shall accept these Terms and Conditions, as if they had been set forth in full in the proposal.

1. **Performance:** Consultant shall perform the services set forth in the Agreement in a manner consistent with the level of care and skill ordinarily exercised by members of Consultant's profession currently practicing in similar locations and under similar conditions. Client acknowledges that Consultant has made no expressed or implied representations, guarantees or certifications regarding the results to be achieved upon the completion of the services set forth in the Agreement.
2. **Payment:** All invoices submitted by Consultant shall be immediately due and shall be payable within fifteen (15) days after their receipt by Client. Any invoice not paid by that time shall be subject to interest at a rate not exceeding one-and-one-half percent (1.5%) per month. Client shall notify Consultant in writing objecting to any charges that it does not believe are accurate or appropriate, within fifteen (15) days after receiving the invoice containing such charges. Any remaining charges that are not in dispute shall be considered valid, due and owing to Consultant. If any invoice becomes more than thirty (30) days past due, Consultant reserves the right to terminate any contract underlying to or relating to the invoice without incurring any liability to the Client. Client agrees to pay for all of Consultant's services, expenses and fees (including fees from Consultant's vendors at a rate of cost plus fifteen percent) up to and including the termination date. Client also agrees to pay for all costs associated with collecting the amounts due under the invoice, including, without limitation, attorney fees.
3. **Changes:** The Agreement may not be changed or altered except by further written agreement between the parties. The parties acknowledge that changes in the condition of property, in the information that is known with respect to the property, the scope of work requested by client or to the applicable law may occur after the Agreement was executed by the parties but before the completion of the services by Consultant under that Agreement. If these or any other changes occur, the Agreement shall be amended to provide for additional Consultant compensation commensurate with the nature and scope of the change(s).
4. **Client Cooperation:** Client agrees to fully cooperate with Consultant in the performance of its obligations hereunder. In addition to providing or securing access to the property, Client shall provide Consultant with all information in its possession or under its control that is relevant or material to Consultant's scope of work, including but not limited to reports, maps, data, site plans, communications with regulating authorities, material safety data sheets, hazard communication plans, due care plans, surveys, previous environmental reports, or any other documents that evidence the existing condition or proposed use of the property ("Client Information"). Consultant shall not be responsible or held liable for any inaccurate or incomplete information provided by Client, or for any information withheld by Client. Consultant shall not be responsible or liable for any incorrect or erroneous statements made by any governmental entity or third party upon which Consultant relies in the performance of the services hereunder. Client further agrees, upon request of Consultant, to disclose or have marked by an appropriate entity the location of all underground utilities or improvements. Client shall indemnify Consultant pursuant to paragraph 12 hereunder from any loss resulting from damage to underground utilities.
5. **Confidentiality:** Consultant shall retain as confidential all information and data furnished to it by Client. Consultant shall not disclose any confidential Client information to any third party except as directed by Client, ordered pursuant to court order or required by law.
6. **File Retention:** Consultant shall maintain client files, including copies of any reports, for a period not to exceed three (3) years after completion of the services pursuant to the Agreement. Unless otherwise requested by Client, Consultant may destroy any files after three (3) years. In the event that Client desires to have its files returned to it at that time, it shall so notify Consultant in writing and Client shall bear all costs and expenses that Consultant may incur in closing and transferring those files to Client. Consultant may retain one copy of any report for its files.
7. **Final Product:** Client acknowledges that any report prepared hereunder reflects the condition of the property to the extent information is known or reasonably ascertainable to Consultant at the time the report is issued. Any material change in use or condition of the property after the report is completed shall immediately terminate any findings or conclusions of the report that are contrary to the use or condition of the property as of the date the report was completed. Any information that Client becomes aware of after the report is completed, but which was not provided to Consultant prior to the issuance of the report, that would materially alter the findings or conclusions contained therein shall be immediately made known to

Consultant. Consultant shall have the opportunity to revise the report to include or take account of the newly provided information. Consultant may charge Client on a time and materials basis for reviewing and analyzing the newly provided information, and for all costs associated with revising the report. Such additional compensation shall be based upon Consultant's then current published rates for time and materials.

8. **Right of Entry:** Client shall obtain or grant Consultant, including its personnel and contractors, lawful access to all property as may be necessary for Consultant to complete its obligations under the Agreement. Such access shall include the right to perform and complete all acts, investigations, assessments, studies, evaluations, delineations or other actions required under the Agreement.
9. **Delays or Increased Costs:** Consultant shall use commercially reasonable efforts in performing its obligations under the Agreement in a timely manner. Consultant shall not be held responsible for any delays or increased costs caused by or attributable to: a) the failure by Client (including its employees, contractors or agents) to provide Consultant with Client information; b) the failure by Client to provide or arrange for Consultant's access to the property or to any other documents, material, information or contractors; c) the failure of Client to secure the cooperation of any necessary third party; d) any act of God, labor trouble, fire, act of governmental authority, inclement weather or other force majeure condition; e) the discovery of unanticipated site conditions (including, but not limited to hazardous substances); or f) any other reason that is beyond Consultant's ability to control. In the event Consultant, for any reason listed herein, is unable to complete its obligations under the Agreement, it shall be given a reasonable amount of time to complete those obligations once the underlying condition is remedied. In the event one or more condition listed herein necessitates a change in the scope of work under the Agreement, Consultant shall be entitled to additional compensation for any additional efforts that may be required, based upon a time and materials basis. Such additional compensation shall be based upon Consultant's then current published rates for time and materials.
10. **Termination:** This Agreement may be terminated by either party upon fifteen (15) days written notice. In the event this Agreement is terminated by Client, Consultant shall be entitled to payment in full for all activities completed as of the date termination becomes effective. Any payment to which Consultant is entitled shall be calculated on a time and materials basis, based upon Consultant's then current published rates for time and materials.
11. **Indemnification:** Client shall indemnify, protect and hold harmless Consultant, its owners, agents, officers, directors, employees, subcontractors and agents from and against any and all liability, claims, demands, losses, damages, expenses, fines, levies and costs, including actual attorneys fees, whether direct, indirect or consequential, arising out of, related to or otherwise resulting from Consultant's performance under the Agreement. All claims brought against Consultant, relating to the Agreement or otherwise, whether based upon contract, tort, statute or otherwise, must be brought within one (1) year from the completion of the services under the Agreement or they shall be forever barred.
12. **Insurance and Limits of Liability:** Consultant shall procure and maintain, at its own expense, during the term of the Agreement, such insurance as may be required by law. Consultant's liability for any claimed damages arising out of or related to any services provided under the Agreement shall be limited to the amounts, limits, exclusions and conditions of the insurance maintained by Consultant. In no event shall Consultant be liable for any claims based upon contract or tort for any loss of business opportunity, profits or any special, incidental, consequential or punitive damages.
13. **Lien:** In order to secure payment of the amounts for which it has contracted hereunder, including amounts that it may have advanced in furtherance of its obligations under the Agreement between Consultant and Client, Consultant hereby notifies Client that it intends to utilize any rights that it may have under Alaska Statutes. Client hereby authorizes Consultant to execute and record on its behalf any and all documents (including any applicable lien waivers or releases) necessary or desirable to comply with the law.
14. **Compliance with Laws:** With respect to the services provided to Client hereunder, Consultant shall comply with all applicable federal, state and local laws, ordinances, rules and regulations duly promulgated. Client represents that it possesses all necessary permits, licenses and permissions for the continuation of Consultant's activities at the property.

MEMORANDUM

TO: NWABSD Board of Education
Members

DATE: June 23,2026

NUMBER: 26-189

FR: Office of the Superintendent

SUBJECT: Approval of 2026-
2027 MOA-Redgrave
Education

ABSTRACT:

Board approval is required for contracts that exceed \$50,000.

ISSUE:

At issue is the Board's approval of the 2026-2027 Memorandum of Agreement (MOA) with Redgrave Education LLC for an amount not to exceed \$140,800

BACKGROUND AND/OR PERTINENT INFORMATION:

An RFP was announced in the fall of 2025 to seek assistance in the refinement of the Inupiaq place-based science curriculum project. Two individuals applied, and the RFP was awarded to Redgrave Education LLC for the duration of the project.

Redgrave Education LLC will support coordination and oversee project activities related to refining the Inupiaq place-based science curriculum.

Total MOA cost of \$128,000 with a not-to-exceed cost of \$140,800 (10% buffer to account for travel overages)

Funded by grant fund 360, Indian Education and Johnson O'Malley

ALTERNATIVES:

1. Approve the 2026-2027 Memorandum of Agreement (MOA) with Redgrave Education LLC in the amount not to exceed \$140,800, as presented.
2. Disapprove the 2026-2027 Memorandum of Agreement (MOA) with Redgrave Education LLC in the amount not to exceed \$140,800, as presented.

FR: Office of the Superintendent

NUMBER: 26-190

SUBJECT: Approval of MOA
Frontier Fire Protection

ABSTRACT:

Board approval is required to expend \$50,000.00 and higher.

ISSUE:

At issue is board approval of the administration's request to pay Frontier Fire Protection an amount not to exceed \$150,000.00 to inspect, certify and make repairs to district fire protection equipment in FY27 school year.

BACKGROUND AND/OR PERTINENT INFORMATION:

Alaska law requires public schools to have all fire protection equipment inspected and certified annually by a licensed and bonded company. For the past 23 years, Frontier Fire Protection has provided inspection, testing, maintenance, and repair services for the district's fire alarm systems, sprinkler systems, portable fire extinguishers, and kitchen range hood suppression systems.

These inspections are conducted during the summer months when schools are not in session. During the inspection process, mechanical deficiencies are identified and documented. Upon completion of the inspections, a list of deficiencies is provided to the Director of Property Services and the State Fire Marshal. The State Fire Marshal then issues directives requiring the district to correct identified deficiencies within a specified timeframe.

To ensure compliance with state requirements and maintain the safety of students, staff, and facilities, the administration requests School Board authorization to contract with Frontier Fire Protection for an amount not to exceed \$150,000 for FY27. This authorization will cover all required inspections, testing, certification services, and necessary repairs to fire protection equipment at district facilities requiring service.

FUNDING SOURCE:

Property Services Budget.

ALTERNATIVES:

1. Approve the administration's request to pay Frontier Fire Protection an amount not to exceed \$150,000.00 to perform inspections and make repairs on fire safety equipment at NWABSD sites in FY27 school year.
2. Disapprove the administration's request to pay Frontier Fire Protection an amount not to exceed \$150,000.00 to perform inspections and make repairs on fire safety equipment at NWABSD sites in FY27 school year.

3. Take no final action.

MOA Proposal from Refrigerated Solutions

MOA PROPOSAL 2026/2027

This proposal is to provide ongoing refrigeration system maintenance, repair support, monitoring services, and refrigeration electrical/power safety oversight for District facilities located throughout the **Northwest Arctic Borough School District**.

Refrigerated Solutions will continue to provide preventative maintenance, repair coordination, monitoring systems, and technical support intended to improve equipment reliability, reduce emergency failures, protect food storage assets, and enhance operational safety.

Proposal - \$165,000.00

Refrigeration Maintenance & Repairs — \$100,000

Services include maintenance and repair support for refrigeration systems located within all 11 village school facilities, including but not limited to:

Walk-in coolers and freezers, Reach-in refrigeration equipment, Ice machines, Refrigeration controls and components, Emergency refrigeration diagnostics, Preventative maintenance inspections, Coordination of repair logistics and service scheduling, Technical troubleshooting support, Recommendations for replacement or upgrade when necessary.

Monitoring & Safety Services — \$65,000

Services include installation, management, and oversight of monitoring and safety systems, including:

Refrigeration temperature monitoring, Alarm notification systems, Voltage and power quality monitoring, Power interruption tracking, Electrical safety monitoring, Remote notification for critical failures, Monitoring support and reporting, Assistance in preventing food loss and equipment damage

Refrigerated Solutions will assist the District in identifying developing electrical or refrigeration issues before catastrophic equipment failure occurs whenever possible.

LIMITATIONS

This proposal does not guarantee uninterrupted operation of equipment due to factors outside **Refrigerated Solution's** control including but not limited to:

Utility power failures, Shipping delays, Weather-related access limitations, Manufacturer defects, Catastrophic equipment failure, Pre-existing equipment deficiencies

NUMBER: 26-192

SUBJECT: Approval of Purchase of
Flatbed Pickup for
Property Services

ABSTRACT:

Purchase of 2025 Chevrolet Silverado 3500 (one ton) flatbed from Chevrolet of South Anchorage

ISSUE:

Property Services in Kotzebue currently operates with two half-ton flatbed pickups, model years 2015 and 2016. Both vehicles are aging, experience frequent mechanical issues, and require increasing amounts of maintenance, resulting in reduced reliability and operational efficiency.

Due to the volume and weight of freight regularly received and transported for the district, a one-ton flatbed truck is needed to adequately support Property Services operations. The acquisition of a one-ton flatbed truck was identified as a priority need and was considered during the development of the FY27 budget.

BACKGROUND AND/OR PERTINENT INFORMATION:

It has been several years since a replacement flatbed pickup truck has been purchased for the Kotzebue Property Service Department. The two remaining flatbeds are often in need of repair, it is indispensable that the department has third newer and hopefully more reliable flatbed truck. Property Services has put an offer on a 2025 one ton flatbed pickup truck and it is being held for a Board decision by Chevrolet of South Anchorage. Price includes barge shipping to Kotzebue from Anchorage.

Funding Source:

General Funds in Property Services FY27 Budget

ALTERNATIVES:

1. Approve the administration's request to purchase the 2025 Chevrolet 3500HD flatbed pickup truck from Chevrolet of South Anchorage not to exceed \$67,790.00.
2. Disapprove the administration's request to purchase the 2025 Chevrolet 3500HD flatbed pickup truck from Chevrolet of South Anchorage not to exceed \$67,790.00.
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends the Board approval of the administration's request to purchase the 2025 Chevrolet Silverado 3500HD from Chevrolet of South Anchorage not to exceed \$67,790.00.

STRATEGIC PLAN/BOARD GOAL:

Goal 4: Support Systems
Strategy 3: Improve School Facilities

ABSTRACT:

Board approval is required for purchases that exceed \$50,000.

ISSUE:

At issue is approval of an FY27 MOA for DD Strait Consulting, LLC for Capital Projects Management Services in an amount Not to Exceed \$150,000.

BACKGROUND AND/OR PERTINENT INFORMATION:

In early 2024 DD Strait Consulting, LLC was selected as the replacement capital projects manager following a competitive Request For Proposal process. That contract may be renewed up to four additional years, and the position must be advertised every five years.

Scope of Work for the position includes grant applications to various entities, management of any funded projects, and additional duties as requested. The District currently has roughly \$102M in design and construction projects being managed by DD Strait Consulting.

The contract includes both direct labor costs and reimbursable costs, such as travel, printing or postage, etc. as they arise. As a contractor instead of a district employee, DDSC does not receive District benefits.

ABSTRACT:

Board approval is required for purchases that exceed \$50,000. The administration requests School Board approval to enter into a contract with NANA Management Services, LLC, in the amount of \$153,088.32 to provide twelve-hour nighttime security at the STAR dormitory.

ISSUE:

At issue is the approval of a Memorandum of Agreement (MOA) with NANA Management Services, LLC. All MOAs that exceed \$50,000 require Board approval.

BACKGROUND AND/OR PERTINENT INFORMATION:

This Memorandum of Agreement (MOA) will allocate STAR of the Northwest Magnet School funds to provide a 12-hour overnight security guard, 7 days a week, for 38 weeks while the magnet school dormitory is open. This will ensure consistent, professional nighttime security for STAR and Readistar students.

Funding: Grant STAR

ALTERNATIVES:

1. Approve the MOA with NANA Management Services, LLC in the amount not to exceed \$153,088.32 as presented;
2. Disapprove the MOA not to exceed \$50,000 with NANA Management Services, LLC;
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends that the Board approve the Memorandum of Agreement with NANA Management Services, LLC, in the amount not to exceed \$153,088.32 as presented.

SHORT-TERM SECURITY SERVICES AGREEMENT

THIS AGREEMENT is made by and between NANA Management Services, LLC, an Alaska Limited Liability Company located at 4041 B St., Anchorage, Alaska 99503 (“Vendor”), and Northwest Arctic Borough School District located at PO Box 51, Kotzebue, AK 99752 (“Client”), hereinafter individually referred to as “Party” and collectively referred to as the “Parties”.

In consideration of the promises and mutual covenants set forth herein, the Parties hereto agree as follows:

AGREEMENTS

- 1. Term. This Agreement commences on August 10, 2026 and will continue until June 1, 2027, unless terminated earlier as provided in Section 5 of this Agreement.
- 2. Scope of Work. Vendor shall provide a single security officer for 12-hour shifts, 7 days a week.
- 3. Assumptions.
 - Client will provide suitable housing and meals for the security officer.
 - Services will be provided for 38 weeks. Any additional weeks will billed at the weekly rate, partial weeks will be billed per hour.
 - If service duration does not total 38 weeks, the remaining weeks will not be billed.
 - Client will provide reimbursement for security officer travel with no additional markup.
 - In the event meals are not available, client will reimburse for actual meal costs, not to exceed the Federal meal allowance for the Kotzebue region.
- 4. Pricing. Vendor shall charge Client for services at the rates below.

| | Hourly Bill Rate | Weekly Total |
|------------------|------------------|---------------------|
| Security Officer | \$47.96 per hour | \$4,028.64 per week |

- 5. Payment Terms. Vendor shall submit an invoice to Client upon completion of the work. Payment is due fifteen (15) days after receipt of invoice by Client. Invoice will be sent to:

Northwest Arctic Borough School District
 PO Box 51
 Kotzebue, Alaska 99752

Vendor may charge, and Client agrees to pay, an administrative fee on late payments equal to one and onehalf percent (1.5%) per month or, if it is less, the maximum allowed by law, from the date payment is due until paid. Upon termination of the Agreement, all outstanding amounts shall become immediately due and payable.

- 6. Termination.

- a. Voluntary Termination. Either Party may terminate this Agreement, in whole or in part, for any or no reason, on thirty (30) days' written notice to the other Party.
- b. Termination for Cause. Each Party hereto shall have the right to terminate this Agreement in the event of a material breach by the other Party if such breach is not remedied within five (5) days after written notice of such default from the non-breaching Party.

A termination for cause will not deprive the terminating Party of any and all claims for damages arising out of the breach, or of any other remedy available at law or in equity. In no event will either Party be liable to the other for consequential or special damages or lost profits resulting from such breach.

Upon termination of this Agreement, all outstanding amounts for services provided prior to the date of termination shall immediately become due and payable.

7. Insurance. Vendor shall obtain and maintain during the term of this Agreement the following minimum limits of insurance coverage:
 - a. Workers' Compensation Insurance as required by AS 23.30.045. This coverage must include statutory coverage and employer's liability protection for not less than \$100,000 per occurrence.
 - b. General Liability Insurance with coverage limits not less than \$1,000,000 combined single limit per occurrence and annual aggregates where generally applicable.
 - c. Automobile Liability Insurance covering all owned, hired, and non-owned vehicles with coverage limits not less than \$100,000 per person/\$500,000 per occurrence bodily injury and \$50,000 property damage, or \$500,000 combined single limit per accident.

Client shall keep Client's buildings, including the Premises and all property contained therein, insured against loss or damage from fire, explosion or other cause normally covered by standard broad form property insurance policies.

8. Indemnity. Each Party (as the "Indemnifying Party") shall indemnify, defend, and hold harmless the other Party (as the "Indemnified Party"), their affiliates, officers, directors, employees, agents, and other representatives from and against any and all claims, demands, losses, liabilities, damages, expenses (including reasonable attorney fees) and causes of action (hereinafter "Claims") for Claims caused by or resulting from the fault, negligent or reckless acts or omissions of the Indemnifying Party, its officers, employees, agents, contractors, licensees or invitees. Any Claims that are the result of negligence or willful misconduct of both Parties, their officers, directors, employees, agents, contractors, licensees or invitees shall be apportioned on a comparative fault basis, and each Party shall indemnify the other Party for any liabilities and damages assessed against them in excess of their percentage of liability. This provision shall survive the termination of this Agreement.
9. Amendments. This Agreement may only be amended in writing signed by both Parties.
10. Assignment. This Agreement may not be assigned, in whole or in part, by either Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld, except

Vendor may, without prior approval and without being released from any of its responsibilities hereunder, assign this Agreement to any Affiliate of Vendor. Any purported assignment in violation of this section shall be null and void and of no force and effect. Subject to the terms hereof, this Agreement shall be binding on, and inure to the benefit of, the Parties, their heirs, successors and permitted assigns.

11. Binding. This Agreement shall be binding upon the Parties hereto, their successors and assigns.
12. Compliance with Law. Parties are in compliance with and shall comply with all applicable laws, regulations and ordinances. Parties have and shall maintain in effect all the licenses, permissions, authorizations, consents and permits required to carry out the obligations under this Agreement.
13. Entire Agreement. This Agreement and all Work Orders issued pursuant to this Agreement constitute the entire Agreement between the Parties and supersede and replace any prior or contemporaneous oral or written contracts or communications concerning the matters contained herein. If any provisions of this Agreement or any Work Orders issued pursuant to this Agreement shall be determined to be invalid or unenforceable, the remaining provisions shall remain in full force and effect.
14. Force Majeure. Neither Vendor nor Client shall be liable for failure to perform its respective obligations hereunder when such failure is caused by earthquakes, fire, explosion, water, act of God, civil disorder or disturbance, strikes, vandalism, war, sabotage, weather and energy related closings, governmental rules or regulations, or like causes beyond the reasonable control of either Party.
15. Governing Law and Forum. This Agreement shall be construed and interpreted in accordance with the laws of the State of Alaska, excluding choice of laws principals, and the laws of the United States. Any suit shall be brought in Superior Court in Anchorage, Alaska.
16. Insolvency. In addition to all other rights herein, either Party hereto may terminate this Agreement without prior notice should the other Party become insolvent, voluntarily file for bankruptcy or receivership, or make any assignment for the benefit of creditors, or should the other Party have commenced against it any proceeding, suit or action in bankruptcy or receivership provided such proceeding, suit or action is not dismissed within thirty (30) days.
17. Independent Contractor. Vendor shall be an independent contractor and shall retain full and complete control over its employees, agents, and subcontractors. Nothing in this Agreement shall be deemed to create any employee employer relationship between Vendor's employees and Client. Nothing in this Agreement shall be deemed to create any partnership, agency or joint venture relationship.
18. Notice. Any notice required to be given under this Agreement shall be in writing and shall be delivered personally or sent by express courier, by electronic mail, or by United States certified mail, postage prepaid with return receipt requested, addressed to the other Party as follows:

To Vendor:

NANA Management Services, LLC
Attention: Corporate Counsel
4041 B St., Anchorage, Alaska 99503

To Client:

Northwest Arctic Borough School District
PO Box 51
Kotzebue, Alaska 99752

or to such other persons or places as either of the Parties may hereafter designate in writing. All such notices shall be effective when received.

19. Severability. Each portion, part or term of this Agreement shall be considered severable. If any provision of this Agreement is held to be unenforceable for any reason, it shall be adjusted rather than voided, if possible, in order to achieve the intent of the Parties. In any event, all other provisions of this Agreement shall be deemed valid, binding and enforceable.
20. Survival of Obligations. The obligations of the Parties concerning indemnification, and liability shall survive the completion, termination or expiration of this Agreement.
21. Taxes. Any applicable sales or use taxes imposed by a taxing jurisdiction(s) in connection with or incidental to Services to be performed under this Agreement will be collected by Vendor and remitted to the appropriate taxing jurisdiction(s). Any sales or use tax to be collected and remitted by Vendor will be separately stated on all invoices.
22. Waiver/Construction and Effect. A waiver of any failure to perform under the Agreement shall neither be construed as nor constitute a waiver of any subsequent failure. No waiver by either Party of any default or breach on the part of one Party will affect the rights or remedies of either Party hereto in the event of subsequent violation or breach. The article and section headings used herein are used solely for convenience and shall not be deemed to limit the subject of the articles and sections or be considered in their interpretation. Any Exhibits referred to herein are made a part of the Agreement by reference, provided that in the event of a conflict between the terms of such exhibit or any other document incorporated herein, and the terms of this Agreement, the terms of the Agreement shall govern.
23. Consequential Damages. Neither party shall be liable to the other for any special, incidental, indirect or consequential damages, nor for any loss of profits, production or business interruption arising out of or in connection with Vendor' performance under this Agreement.
24. Personnel Obligations. Each party hereto shall be solely responsible for all employment and personnel actions and all claims arising out of injuries occurring on the job for employees on its respective payroll.

- 25. Safe Work Environment. Client will provide Vendor a safe work environment.
- 26. Counterparts and Electronic Signatures. For the convenience of the Parties, any number of counterparts of this Agreement may be executed by any one or more Parties hereto, and each such executed counterpart shall be, and shall be deemed to be an original, but all of which shall constitute, and shall be deemed to constitute, in the aggregate but one and the same instrument. This Agreement may be circulated for signature through electronic transmission, including, without limitation, facsimile and email, and all signatures so obtained and transmitted shall be deemed for all purposes under this Agreement to be original signatures until such time, if ever, as original counterparts are exchanged by the Parties.
- 27. Signatories and Authority. Each of the signing officials below represents, on behalf of his/her organization, that he/she has been duly authorized to enter into and execute this Agreement and to commit to the performance of the contract obligations stated herein.

IN WITNESS WHEREOF the Parties hereto have executed this Agreement.

MEMORANDUM

TO: NWABSD Board of Education
Members

DATE: June 23, 2026

NUMBER: 26-195

FR: Office of the Superintendent

SUBJECT: Approval of MOA with
Northern Industrial
Training for FY27

ABSTRACT:

The administration requests School Board approval to enter into a contract with Northern Industrial Training (NIT) in the amount of \$692,545 with, not to exceed \$761,799 to provide training in Heavy Equipment Operator (CET) training, Commercial Driver's License (CDL) training, Heavy Equipment Mechanic training, Light Duty Mechanic training, Simulator-to-Equipment Certification, and Microsoft Office 365 training.

ISSUE:

At issue is the approval of a Memorandum of Agreement (MOA) with Northern Industrial Training (NIT). All MOAs that exceed \$50,000 require Board approval.

BACKGROUND AND/OR PERTINENT INFORMATION:

This Memorandum of Agreement (MOA) will utilize Technical Vocational Education Program (TVEP) funds. ATC is partnering with Northern Industrial Training of Palmer to provide CDL, Heavy Equipment Operator, Heavy Equipment Mechanic, Light Duty Mechanic, Simulator-to-Equipment Certification, and Microsoft Office 365 training services in Kotzebue and at the NIT facility in Palmer. This model offers the most economical delivery of this type of certification and training, encompassing both classroom and hands-on instruction, as well as testing and certification.

MEMORANDUM

TO: NWABSD Board of Education
Members

DATE: June 22, 2026

FR: Office of the Superintendent

NUMBER: 26-196

SUBJECT: Approval to contract with
NW Electric

ABSTRACT:

Board approval is required for purchases that exceed \$50,000. The administration requests the School Board's approval to contract NW Electric to install the Verkada security camera system for the STAR Dormitory, ATC Dormitory, and ATC building for the amount of with a note not to exceed \$157,410 (10% Buffer).

ISSUE:

At issue is the approval of an MOA with NW Electric to install the Verkada security camera system for the ATC building and the adult and student dormitories, which exceeds \$50,000 and requires Board approval.

BACKGROUND AND/OR PERTINENT INFORMATION:

The Verkada security system purchased for the ATC, adult, and STAR dorms needs to be installed at the respective locations. Grant funds are available to contract for installation. Property Services is understaffed and unable to provide installation before FY27. The camera system has been purchased and is in Kotzebue. NW Electric could install the system in the FY26 time frame.

Funding: Grants: TVEP and STAR

ALTERNATIVES:

1. Approve of an MOA with NW Electric to install the Verkada security camera system for ATC, STAR Dorms, and ATC Adult Dorms not to exceed \$157,410 as presented;
2. Disapprove the contract of the MOA with NW Electric to install the Verkada security camera system not to exceed \$157,410.
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends the Board approve the MOA with NW Electric to install the Verkada security camera system, not to exceed \$157,410 as presented.

PROPOSAL

No. 2026-59

To: NWABSD
Attn: Paul Wood

Project: Verkada Cameras and Access Points
RE: Cameras, Vape Sensors and Access Points at the ATC and Adult Dormitory

SCOPE OF WORK:

NW Electric will provide labor, materials and installation of owner supplied equipment to include 5 Access Points and 9 cameras interior and exterior at the Adult Dormitory, and 26 interior and exterior cameras and 9 Vape Sensors on the 1st and 2nd floors of the ATC building. Cabling to be installed concealed when able, in areas where this is not possible Wiremold surface raceway will be used. With assistance from the Owners Representative NW Electric personnel will assist with aiming and focusing of the cameras.

This proposal is based on drawings supplied via email from 5/28/2026 and updated 2nd floor drawing received on 6/1/2026 from Paul Wood. In addition to this scope the student dorm was asked to be considered also and price broken out for 3 buildings. The breakout is as follows:

- 1) ATC building \$77,100.00
- 2) Adult Dorm \$33,000.00
- 3) Student Dorm \$33,000.00-considered similar to adult dorm as no floor plan was provided.

SUBJECT: Approval of Fiscal Year
2026-2027 NANA
Management Services
Contract for Food Service
for All K-12 Sites

ABSTRACT:

Board approval is required for all purchases over \$50,000.

ISSUE:

At issue is the approval of the Food Service Contract between NWABSD and NANA Management LLC (NMS) for Fiscal Year 2026-2027.

BACKGROUND AND/OR PERTINENT INFORMATION:

The School District went out to Request for Proposals for Food Service Management for FY27 with the option to renew the contract for up to four (4) years through FY31. NANA Management Services, LLC was the single proposer that the district had and is offering competitive prices for their services. Additionally, NANA Management recognizes the uncertain funding situation that the District is currently in and is willing to waive the suggested 3% increase in the proposal (see below).

| Meal | Current Pricing | Pricing for FY27 | Increase |

Natalie Dickey
Director of Administrative Services
Northwest Arctic Borough School District
PO Box 51
Kotzebue, Alaska 99752

March 20, 2026

Dear Ms. Dickey and Evaluation Committee,

NMS is proud to have partnered with the Northwest Arctic Borough School District for the past 15 years and that experience uniquely qualifies us to continue managing your food service program. We believe we have developed a strong understanding of the District's goals and the operational realities of providing consistent service in a remote region.

Your mission to provide a learning environment that inspires and challenges students and employees to excel closely aligns with our approach to school nutrition. We recognize that reliable service, culturally relevant menus, and consistent operations play an important role in supporting student readiness and success.

Our experience operating in rural Alaska, combined with established logistics, trained local staff, and an experienced leadership team already in place, ensures continuity, trusted relationships, and uninterrupted service from day one.

Continuing our partnership will bring the following benefits to the District:

- **Proven Experience.** NMS brings decades of K-12 food service experience in Alaska, including a strong record of successfully operating programs in rural communities.
- **Nutritious, Student-Focused Meals.** Our program prioritizes participation, nutritional quality, and consistent service across all schools.
- **Safety and Compliance.** Accurate record keeping and reporting ensure compliance with the requirements of the National School Lunch Program and School Breakfast Program, while strong food safety practices guide daily operations.
- **Transparent Communication.** Clear processes, detailed reporting, and open communication provide the District with confidence in both program performance and accountability.

NMS accepts all terms and conditions of the RFP except the following:

* Insurance, Bonding, and Liability Obligations: under section 7, "Each party shall indemnify, defend, and hold the other harmless from and against any claims, liabilities, and expenses related to or arising out of the indemnifying party's failure to fulfill its responsibilities under this section." We take exception to this requirement to defend.

* Legal Venue and Fee Exposure: Any disputes must be litigated in the District or Superior Court, the State of Alaska, in Kotzebue, Alaska, and the prevailing party is entitled to full reasonable attorneys' fees. We object to prevailing party pays and to payment of attorneys' fees in its proposal.

We value our long-standing partnership and appreciate the opportunity to continue supporting your students throughout the District.

Sincerely,

SUMMARY

To continue delivering a stable, compliant, and student-centered food service program while strengthening operational efficiency, menu quality, and student engagement.

As the incumbent provider, we offer continuity of leadership, established systems, and a workforce ready to operate successfully in a roadless rural environment. This continuity eliminates transition risk while allowing the District to benefit from ongoing program improvements rather than a program restart.

Our Commitments to the District

- **Operational Stability and Staffing.** Our experience allows us to anticipate and manage logistical challenges unique to the District. We maintain staffing and service across all sites through targeted training, employee retention strategies, and leadership oversight. This approach minimizes disruption and ensures schools receive dependable daily meal service.
- **Cost Control and Purchasing Power.** Through participation in one of the largest food procurement networks in the industry, we secure competitive pricing on quality products. Our wages and benefits structure, including priority access to the Federal Employees Health Benefits program, supports employee retention while helping control long-term labor costs for the District.
- **Student Nutrition and Menu Quality.** Menus are designed to promote student participation, meet all state and federal nutrition requirements, and reflect community preferences. We are committed to expanding scratch cooking where feasible and incorporating traditional foods when local donations allow.
- **National School Lunch Program (NSLP) Compliance.** Including menus that meet nutritional criteria of the NSLP and the taste preferences of students, accurate record keeping and reporting, and software solutions that provide tracking.
- **Special Meals and Activities.** Working with school districts across Alaska, we make food fun and educational. We offer a variety of possibilities from bringing in a chef for a special event, preparing meals that can be reheated and shipped to smaller communities, taking students fishing and helping them prepare their catch, or hosting cultural food days.

ABOUT NMS

For more than 50 years, NMS has partnered with Alaska's schools, businesses, government agencies, healthcare facilities, and Tribal organizations to deliver award-winning support services. Our operations began with food and security services on the North Slope during construction of the Trans-Alaska Pipeline. We now deliver services that include food and facilities management, custodial, security, and remote camps' support.

We are an Alaska Native-owned company and certified Minority Business Enterprise, uniquely positioned to support schools and businesses across Alaska. Our family of companies includes ownership by both NANA and Sodexo, allowing us to offer global solutions that are competitive and technologically focused while operating with the expertise and responsiveness of a local operator.

ALASKA SCHOOLS AND NMS

Alaska school districts and NMS have worked together for decades to provide a great school dining experience for students. We look forward to continuing our partnership with the Northwest Arctic Borough School District. Our goal is to deliver high-quality, nutritious meals, while working diligently to match the fiscal expectations of the District as well as meet all federal, state, and local requirements. The NMS Plan highlights the following key areas:

- Quality National School Lunch Program with focused nutrition
- Cohesive partnership with District leadership
- Training schedules that include quality and increased safety standards
- Balancing nutrition and tradition through scratch-made and Indigenous foods

OUR TEAM

Our management team combines local knowledge with proven operational experience to support the Northwest Arctic Borough School District's schools and communities. Our leadership is familiar with the District's communities, logistics, and operational environment, putting NMS in position to maintain reliable service while adapting to the unique needs of each school.

Brad Kuugnaaluk Osborne, President

Brad Kuugnaaluk Osborne is a NANA shareholder with family from Kotzebue. Brad has held management positions in accounting, IT, finance and strategy, as well as vice president of operations. Among his various roles he has led the team that implemented a companywide enterprise resource planning system, served as president of NANA Oil Field Services, and acted as the senior advisor to the chief operations officer.

Clinton Lasley, VP of Operations, Food & Facilities Management

Clinton Lasley brings more than 30 years of leadership experience to NMS, including managing complex, multimillion-dollar operations throughout Alaska and the Lower 48. In his current role, he provides strategic oversight for a wide range of services across healthcare, education, transportation, senior living, corporate, and remote sectors. Alaska born and raised, Clinton's leadership of the Tribal Child Welfare Compact, representing 170 Alaska Native Tribes, highlights his commitment to culturally responsive partnerships and community-centered service.

Jeremy Wagner, Senior Director of Health, Safety, Security and Environment (HSSE)

Jeremy Wagner has been with NMS for 25 years. He started as a maintenance lead on the North Slope where he developed a passion for training and workplace safety. Jeremy holds an Occupational Hygiene and Safety Technician certification from the Board of Certified Safety Professionals. He currently oversees health, safety, security, environmental quality and training.

Scott Evers, Director of Operations

Scott Evers has more than 15 years of experience with NMS and brings extensive expertise in catering, food service operations, and National School Lunch Program (NSLP) management. Born and raised in Alaska, Scott studied at the California Culinary Academy and has managed some of the industry's most respected kitchens, combining culinary excellence with strong operational leadership to create dining programs that serve students well while meeting the unique needs of Alaska's schools.

Linda McDermott, General Manager

Linda McDermott brings more than 30 years of foodservice experience and has been supporting the K-12 nutrition program at the Northwest Arctic Borough School District for 14 years. Her leadership has contributed to consistent success in NSLP audits for the District. Linda is also a ServSafe Certified Instructor, bringing added expertise in food safety training.

Amy Foote, Executive Chef and Director of Indigenous Cuisine

Amy Foote brings over 20 years of experience in the food industry and is recognized as an award-winning visionary committed to revitalizing Indigenous food systems through the use of traditional and Native foods. She has developed innovative food programs in partnership with Tribal organizations, healthcare providers, the agricultural sector, and the National School Lunch Program (NSLP). A certified dietary manager, Amy also serves on multiple advisory boards, contributing her expertise to shape healthy, culturally relevant food initiatives.

Bec McDorman, Registered Dietician

Bec McDorman is a registered dietician and clinical nutrition manager with extensive experience in menu and nutrition development for schools and healthcare organizations. She is a member of the Academy of Nutrition and Dietetics, the Alaska Academy of Nutrition and Dietetics, and the Weight Management Dietetic Practice Group. She is certified in food protection management and is a registered ServSafe Examination Proctor.

FOOD SERVICE PROGRAM

PROGRAM INFORMATION

At NMS, we're continually working to improve what a school food service program should look like. From where we get our ingredients to how we prepare, present and serve meals to your students, every part of the process is carefully considered by our team of experts. Our goal is to improve the quality and taste of the food served while teaching nutrition and wellness, supporting a sustainable food system, and creating a program that connects health and nutrition so students can achieve their full potential both inside and outside the classroom.

Our school meal program is structured around the concept that the lunchroom is as much a part of the school learning environment as the classroom. Our elementary, middle and high school meal programs combine delicious, fresh foods with promotions and events that add to the overall dining experience. All food programs strive to offer healthy and delicious foods, but our creative menu engineering is the difference between a basic program and a holistic one that engages the whole student and encourages participation.

School Breakfast Program

A strong start fuels student success. Whether served in the classroom or cafeteria, before school or after first period, offering flexible breakfast options helps students focus and thrive. Our breakfast program delivers a comprehensive, proven approach to service options, resources, and support to create an engaging and nutritious breakfast experience for every student.

School Lunch Program

Our program follows the USDA-supported Smarter Lunchrooms Movement to encourage healthier student choices. Focusing on fruits, vegetables, milk, defined healthy entrées, and reimbursable meals, we apply simple strategies—like positioning nutritious options prominently, creating attractive displays, offering choices, and using creative names—to increase selection, reduce waste, and promote student health and achievement.

Fresh Pick

This program is offered when and where possible and reinforces the many benefits of eating a diet rich in fruits and vegetables, while introducing new varieties that may be less familiar to both students and families. A new fruit or vegetable is highlighted each month, in order to make nutrition fun.

SCHOOLS TO BE SERVED

NMS will serve all 11 schools in the Northwest Arctic Borough School District, providing breakfast and lunch each school day in alignment with the estimated participation levels listed in the RFP. Our program ensures consistent, high-quality service across all sites, including Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Selawik, Shungnak, and Kotzebue JNES/KMHS. With years of experience operating in rural and remote communities, we are prepared to meet each school's unique needs while maximizing participation and student satisfaction.

MEAL PLANNING

The NMS on-site team develops menus according to district-required intervals. All menus are certified by our CNP and fully comply with USDA Meal Pattern requirements, delivering reimbursable breakfast and lunch meals that meet federal nutrition standards.

Menus are procured via automated grocery lists entered into the Market Connection portal. Lists are adjusted for inventory, substitutions, and local changes by our culinary team. We collaborate with the District to ensure meals are suitable, acceptable, and sufficient so that every student receives a complete meal each day.

Our culinary team works at each school to guarantee the freshest possible product is being served—a challenge in Alaska, but a process NMS has mastered. Operational plans incorporate wellness, student health and safety training.

DELICIOUSLY INDIGENOUS

NMS developed *Deliciously Indigenous* to incorporate traditional and Indigenous foods into USDA-compliant school meal programs. The program connects students to culture through foods such as locally harvested fish, game, and traditional ingredients while supporting partnerships with local producers and Tribal organizations. By integrating culturally relevant foods into school menus, districts can increase student participation, strengthen community engagement, and create opportunities for local economic development.

NUTRITION AND WELLNESS

Our Food Program provides well-balanced, wholesome breakfasts, lunches, and snacks to help students perform at their best in the classroom, on the field, and in life. Our registered dietitians, certified chefs, menu planners, and program operators continuously innovate to ensure meals meet or exceed expectations.

Key program features include menus that emphasize whole grains and vegetables while reducing sodium, saturated fat, high-fructose corn syrup, and added sugars. We prioritize scratch-made offerings and incorporate fresh fruits and vegetables whenever available.

Nutrition Analysis

Our software streamlines menu planning, nutritional tracking, cost management, and ingredient transparency for audits. Program managers are trained and supported by regional and national menu experts.

To ensure safety for students with food allergies or sensitivities, we provide daily alternatives, coordinate with school nurses, parents, and students, and post nutrition information in the cafeteria, office, and online. Our process aligns with USDA guidance on accommodating special dietary needs in school meal programs.

Choose My Plate provides a visual guide to balanced nutrition, encouraging students to fill 25% of their plate with lean protein, 25% with wholesome grains, and 50% with colorful fruits and vegetables. This USDA initiative teaches students how to select the right mix of foods from all groups and is integrated across all NMS School Food Programs.

SPONSORED FOOD PROGRAMS

NMS fully supports all federal compliance programs and state initiatives, partnering with school districts and agencies to ensure proper administration in every school.

Buy American promotes U.S. agriculture while providing nutritious meals. NMS purchases, whenever practicable, domestic commodities or food products processed in the U.S. using primarily U.S.-grown agricultural commodities.

USDA Fresh Fruit and Vegetable Program provides free fresh fruits and vegetables to students in participating schools, expanding variety, encouraging healthier choices, and increasing fruit and vegetable consumption.

Alaska and USDA Farm to School prioritize fresh, seasonal, and locally sourced foods. Using our distribution partnerships and a specialized database linking local farms and producers to distributors, NMS connects schools with regional growers, supporting sustainable and locally produced goods.

Alaska's Fish to School Program introduces students to local fish and seafood while supporting the community's economy. Our menus incorporate in-season Alaska seafood whenever available, offering healthy, locally sourced options.

MANAGEMENT SERVICES

MANAGEMENT PLAN

Our management approach is reflected in our mission, which establishes our commitment to both our clients and our employees. Our mission is to provide management and support services at a level of quality, value, safety, and expertise beyond client expectations. By implementing a comprehensive plan, we ensure that students will thrive in an environment where they feel valued, connected, and heard. Getting to know the preferences of the students in Northwest Arctic Borough School District is very meaningful work and we are excited for the opportunity to engage with your students and community.

RECRUITMENT AND HIRING

We start with hiring the right people and training them well and often because we recognize that our employees are critical to the delivery of a successful program. Our goal is to attract, train, and keep the highest quality personnel available.

NMS further supports our staff with comprehensive health and welfare programs to support their personal and family needs. Access to the Federal Employer Health Benefit program (FEHB) ensures we are offering the best coverage available in the outsourcing industry. Our rigorous recruitment strategy yields one of the highest retention rates in the industry. Turnover within NMS is approximately 25% while the industry average is 60% or higher.

TAKING CARE OF OUR PEOPLE

To attract and retain top talent and provide a highly engaged workforce, NMS utilizes a variety of employee-centered programs designed to engage and motivate staff.

Key elements include:

- Focused recruitment and hiring process
- Staff transitioning and retention
- Orientation, training, and development
- Performance management
- Monetary incentives

STAFF TRAINING AND DEVELOPMENT

When students line up to receive meals, they are greeted by friendly faces and served by employees equipped with the skills, positive attitude, and enthusiasm to deliver an A+ nutritional food program. One of our top priorities is to develop our employees to hold long-term positions and to advance their skills and roles. Each member of the Food Service Team is trained and supported to ensure the health and wellness of your students.

Key training goals include:

- Physical safety programs to reduce accidents.
- Food safety and HACCP training to ensure safe, high-quality meals.
- Culinary training to enhance production and presentation skills.
- Cross-training and skills development to increase productivity.
- Equal opportunity and affirmative action training.
- Workforce safety, including background checks and drug testing.

Training is delivered through a combination of in-person and online sessions, refresher courses, and monthly team meetings. Specialized programs include customer service, food safety, occupational health and safety, compliance management, and food allergy training.

HEALTH AND SAFETY

NMS maintains the highest standards of cleanliness and safety through hands-on teaching, emphasizing both the “what” and “why” of procedures. Our Hazardous Analysis Critical Control Points (HACCP) program, recognized by multiple health departments, standardizes critical control points, monitoring, and verification systems. Key components include:

- Temperature monitoring during cooking, holding, serving, cooling, and reheating.
- Preventing cross-contamination.
- Proper handwashing and glove use.
- Tracking food from procurement to service.
- Self-inspections, monthly audits, and independent third-party evaluations.

Food safety starts at the source. NMS regularly audits suppliers, inspects facilities, and monitors procedures to ensure every product meets the highest standards. Leveraging industry relationships, we collaborate with leading companies to review policies and practices, securing the safest, highest-quality food for our school partners.

Daily checklists, preventative maintenance, and certified management ensure safe, clean facilities. Cleaning schedules and self-inspections follow daily checklists that cover everything from the kitchen to the restrooms to the receiving area, and preventative maintenance plans keep equipment and facilities in safe working condition.

Each manager is certified in ServSafe Applied Foodservice Sanitation, a course recognized by the National Restaurant Association. Staff are trained in equipment operation, lifting, mopping, cutting, and protective gear use to minimize injuries. OSHA-compliant safety audits, chemical hazard communication, and accident prevention training are implemented across all sites.

QUALITY ASSURANCE

Our Quality Assurance Program drives excellence through measurable initiatives and a “zero defect” approach. Our team focuses on understanding expectations, delivering on service standards using standardized processes, measuring performance, and implementing corrective actions when needed.

We maintain strict compliance with school food program regulations, including:

- **Alaska Food Code & Food Safety.** Ensured through rigorous HACCP training, regular site visits, and inspections.
- **Health Certifications & USDA Regulations.** Maintained and monitored by our Health, Safety, Security & Environment (HSSE) division, supported by independent certified inspectors.
- **USDA Program Oversight.** NMS leadership manages delivery of Child Nutrition Programs (CNP), National School Lunch Program (NSLP), School Breakfast and Healthy Snacks programs.
- **Meal Count & Nutrition Management.** With over 25 years of experience, NMS ensures accurate meal counts, proper nutrition, and active student engagement.

COMPLIANCE AND ACCOUNTING

NMS brings extensive experience serving reimbursable meals, ensuring full compliance with federal and state regulations. Our management team supports district reviews and inquiries from agencies such as the Alaska Department of Agriculture and local health boards. We audit suppliers, inspect facilities, and maintain strict standards across the supply chain to ensure safe, high-quality food for every student.

Meals are tracked at the point of service using POS systems, meal tickets, or to ensure accurate daily counts. Free, reduced, paid meal counts are carefully monitored to comply with USDA program requirements. On-site managers reconcile meals served with production sheets to prevent discrepancies, and detailed records support monthly, quarterly, and annual reporting to the district and USDA. Documentation is maintained to ensure readiness for NSLP audits and financial reviews, promoting transparency and accountability.

PROCUREMENT AND BUYING POWER

We prioritize local suppliers whenever possible, provided they meet our high standards of quality and price. All products are purchased according to our strict specifications for K-12 school operations. Our sustainable procurement goals include:

- Sourcing produce and products from local vendors to support healthy eating and local-farming education, as much as practical.
- Identifying Alaska farms to provide produce such as potatoes, carrots, lettuces, grains, and proteins to our nutrition program and integrating them into our school menus when in season and possible.
- A shared commitment to increasing our presence in all USDA food programs, especially the Farm to School Program that brings fresh seasonal items to our menus.

NMS has access to one of the largest private purchasing networks in the nation through The Market Connection. This platform provides ordering, inventory control, and product recall systems. Our national buying power delivers competitive pricing, a wide selection of products, marketing materials, special promotions, custom-created items, product testing, and third-party training opportunities.

NMS specialists are trained directly with USDA commodity officials to maximize value for your District. By matching commodity and commercial products, monitoring bonus commodities, and integrating these items into menus, we ensure students consistently receive high-quality meals while optimizing federal resources.

SUSTAINABILITY

At NMS, environmental responsibility guides everything we do.

We source locally and regionally, prioritize American-made products, minimize waste through recycling and inventory management, and track student preferences to reduce uneaten food. These practices reduce our environmental impact while supporting student engagement, nutrition, and operational efficiency.

COMMUNICATIONS AND MARKETING

NMS develops and implements communication strategies that monitor needs, expectations, and satisfaction. Programs are customized for each District, and visually engaging materials help promote student nutrition initiatives to the community.

We follow a proactive approach—engaging early and often to identify opportunities for improvement and address concerns. Feedback from students, staff, principals, families, and the broader community is actively encouraged and valued. Clear expectations, measurable goals, and consistent communication are central to successful partnerships.

On-site managers provide dependable follow-up throughout the year, sharing updates on accomplishments, financial performance, new initiatives, and operational matters. This collaborative approach ensures ongoing alignment with district goals.

Program Review and Feedback

NMS combines reports, surveys, and meetings to gather actionable feedback and support continuous improvement. Partnership Reports are conducted twice yearly and highlight trainings, achievements, and Key Performance Indicators. The reports can be shared with school leadership, the school board, and the community. Annual Expectation and Transition meetings help clarify objectives, identify areas for improvement, and address program adjustments. Mini-review boards and stakeholder surveys provide additional opportunities for input, allowing senior leadership to review feedback and implement enhancements that strengthen program performance.

Marketing Programs

NMS offers a variety of programs and initiatives that districts can select to increase student participation and strengthen engagement with families and the community. Options include:

- **School Nutrition Webpages** can be hosted on school sites to provide menus and information for families..
- **Nutrition Awareness Programs** transform dining areas into extensions of the classroom. Programs such as Mindful, student fairs, food presentations, and culinary career assemblies encourage students to make healthy choices both inside and outside the cafeteria.
- **Chef's Day** offers hands-on experience in the kitchen where students assist in preparing a special lunch while learning about cooking methods, presentation, nutrition, portion sizes, food safety, and culinary career opportunities—all in a fun, interactive environment.

Formulation Statement for Documenting Grains in Child Nutrition Programs

(Crediting Standards Based on Grams of Creditable Grains (ounce equivalent))

Program operators should include a copy of the label from the purchased product package in addition to the following information on letterhead signed by an official company representative.

Product Name: Cocoa Puffs ® Cereal Bar Code No.: 16000-45577

Manufacturer: General Mills, Inc. Serving Size: 1.42 oz (40g) (raw dough weight may be used to calculate creditable grain amount)

I. Does the product meet the Whole Grain-Rich Criteria: Yes X No

II. Does the product contain non-creditable grains: Yes X No How many grams: <3.99g (Products with more than 0.24 ounce equivalent (oz eq) or 3.99 grams (g) for Groups A-G or 6.99g for Groups H and I of non-creditable grains do not credit toward the grains requirement for school meals.)

III. Use Exhibit A: Grain Requirements for Child Nutrition Programs in the Food Buying Guide for Child Nutrition Programs (FBG) to determine if the product fits into Groups A-G (baked goods), Group H (cereal grains) or Group I (RTE breakfast cereals).

Indicate to which Exhibit A Group (A-I) the Product Belongs: D

Table with 4 columns: Description of Creditable Grain Ingredient, Grams of Creditable Grain Ingredient per Portion (A), Gram Standard of Creditable Grains per Oz Eq (16g or 28g) (B), and Creditable Amount (A ÷ B). Rows include Whole Grain Oats, Whole Grain Corn, Whole Grain Wheat, Brown Rice Flour, Total, and Total Creditable Amount.

*Creditable grains vary by Program. See the FBG for specific Program requirements. 1(Serving size) X (% of creditable grains in formula); serving sizes other than grams must be converted to grams. 2Standard grams of creditable grains from the corresponding Group in Exhibit A. 3Total Creditable Amount must be rounded down to the nearest quarter (0.25) oz eq. Do not round up.

Total weight (per portion) of product as purchased 1.42 oz (40g)

Total contribution of product (per portion) 1.0 oz equivalent

I certify that the above information is true and correct and that a 1.42 ounce portion of this product (ready for serving) provides 1.0 oz eq grains. I further certify that non-creditable grains are not above 0.24 oz eq per portion.

Product Formulation Statement (Product Analysis) for Meat/Meat Alternate (M/MA) Products

Product Name: Reduced Sodium Smoked Uncured Turkey Frank, 2.0 oz. Code No.: 612530

Manufacturer: Jennie-O Turkey Store Case/Pack/Count/Portion/Size: 2/5 LB

I. Meat/Meat Alternate

Please fill out the chart below to determine the creditable amount of Meat/Meat Alternate

| Description of Creditable Ingredients per Food Buying Guide | Ounces per Raw Portion of Creditable Ingredient | Multiply | Food Buying Guide Yield | Creditable Amount * |
|---|---|----------|-------------------------|---------------------|
| Turkey Franks | 2.0000 | X | 100% | 2.0000 |
| | | X | | |
| A. Total Creditable Amount¹ | | | | |

*Creditable Amount - Multiply ounces per raw portion of creditable ingredient by the Food Buying Guide yield.

II. Alternate Protein Product (APP)

If the product contains APP please fill out the chart below to determine the creditable amount of APP. If APP is used, you must provide documentation as described in Attachment A for each APP used.

| Description of APP, manufacture's name, and code number | Ounces Dry APP Per Portion | Multiply | % of Protein As-Is* | Divide by 18** | Creditable Amount APP*** |
|--|----------------------------|----------|---------------------|----------------|--------------------------|
| | | X | | ÷ by 18 | |
| B. Total Creditable Amount¹ | | | | | |
| C. TOTAL CREDITABLE AMOUNT (A + B rounded down to nearest 1/4 oz) | | | | | |

*Percent of Protein As-Is is provided on the attached APP documentation.

**18 is the percent of protein when fully hydrated.

***Creditable amount of APP equals ounces of Dry APP multiplied by the percent of protein as-is divided by 18.

¹Total Creditable Amount must be rounded **down** to the nearest 0.25oz (1.49 would round down to 1.25 oz meat equivalent). Do **not** round up. If you are crediting both M/MA and APP, you do not need to round down in box A until after you have added the creditable APP amount from box B.

Total weight (per portion) of product as purchased 2.00 oz.

Total creditable amount of product (per portion) 2.0 oz.

(Reminder: Total creditable amount cannot count for more than the total weight of product)

I certify that the above information is true and correct and that a 2.00 ounce serving of the above product (ready for serving) contains 2.0 ounces of equivalent meat/meat alternate when prepared according to directions.

I further certify that any APP used in the product conforms to the Food and Nutrition Service Regulations (7 CFR Parts 210, 220, 225, 226, Appendix A) as demonstrated by the attached supplier documentation..

Appendix

*Ounce Equivalent Grains are calculated by dividing the amount of creditable grains per serving by 16 grams and rounding down to the nearest 0.25.

†In Whole Grain-Rich products, the grain portion contains at least 50% whole-grains and the remaining grain, if any, must be enriched. Whole Grain-Rich products also provide a minimum of 8g of whole grain per serving.

Example of Calculations:

•15094, Giant Cinnamon Goldfish® Grahams, has 17.3 g of combined grains, including 8.8 grams of whole grain flour and 8.5 grams of enriched flour.

•Ounce Equivalent Grain calculation: $17.3 / 16 = 1.08$ which rounds down to 1 ounce equivalent grain.

•Whole Grain-Rich calculation: $8.8 \text{ grams whole grain} / 17.3 \text{ grams of total grains} = 0.51 \rightarrow 51\%$ AND the 8.5 grams of non-whole grain flour is enriched. Both of these facts are required to satisfy the definition of Whole Grain-Rich.

One serving of the products above meet the necessary requirements to qualify for the amount of Whole Grain-Rich Ounce Equivalent Grains listed as defined by the U.S. Department of Agriculture's Memo Code SP 30-2012 for Grain Requirements for the National School Lunch Program and School Breakfast Program. These products meet both the minimum serving size requirements per product category specified in Exhibit A of the SP 30-2012 Memo (pages 7-8) and contains the required 16 grams of enriched or whole grain flour per serving for each ounce equivalent grain.

I certify the above is true and correct.

7.7 Product Formulation Statement for Documenting Grains in Child Nutrition Programs

(Crediting Standards Based on Grams of Creditable Grains (ounce equivalent))

Program operators should include a copy of the label from the purchased product package in addition to the following information on letterhead signed by an official company representative.

Product Name: Pillsbury Pull-Apart Soft Mini Bagels Filled with Strawberry Neuchatel Cheese Code No.: 18000-38413

Manufacturer: General Mills, Inc. Serving Size: 2.43 OZ (69g) (raw dough weight may be used to calculate creditable grains)

I. Does the product meet the whole grain-rich criteria: Yes [X] No []

II. Does the product contain non-creditable grains: Yes [X] No [] How many grams: <3.99g (Products with more than 0.24 ounce equivalent (oz eq) or 3.99 grams (g) for Groups A-G or 6.99g for Groups H and I of non-creditable grains do not credit toward the grains requirement for school meals.)

III. Use Exhibit A: Grain Requirements for Child Nutrition Programs in the Food Buying Guide for Child Nutrition Programs (FBG) to determine if the product fits into Groups A-G (baked goods), Group H (cereal grains) or Group I (RTE breakfast cereals).

Indicate which Exhibit A Group (A-I) the Product Belongs: B

Table with 4 columns: Description of Creditable Grain Ingredient, Grams of Creditable Grain Ingredient per Portion, Gram Standard of Creditable Grains per Oz Eq, and Creditable Amount. Rows include Whole Wheat Flour, Enriched Flour, and a Total Creditable Amount of 2.0.

*Creditable grains vary by Program. See the FBG for specific Program requirements. 1(Serving size) X (% of creditable grains in formula); serving sizes other than grams must be converted to grams. 2Standard grams of creditable grains from the corresponding Group in Exhibit A. 3Total Creditable Amount must be rounded down to the nearest quarter (0.25) oz eq. Do not round up.

Total weight (per portion) of product as purchased 2.43 OZ (69g)

Total contribution of product (per portion) 2.00 oz eq

I certify that the above information is true and correct and that a 2.43 ounce portion of this product (ready for serving) provides 2.0 oz eq grains. I further certify that non-creditable grains are not above 0.24 oz eq per portion.

I. Meat/Meat Alternate

Please fill out the chart below to determine the creditable amount of Meat/Meat Alternate

| Description of Creditable Ingredients per Food Buying Guide (FBG) | Ounces per Raw Portion of Creditable Ingredient | Multiply | FBG Yield/ Servings Per Unit | Creditable Amount * |
|---|---|----------|------------------------------|---------------------|
| Pork Sausage | 1.56 oz | X | 0.47 | 0.7332 oz |
| | | X | | |
| | | X | | |
| A. Total Creditable M/MA Amount¹ | | | | 0.7332 oz |

*Creditable Amount - Multiply ounces per raw portion of creditable ingredient by the FBG Yield Information.

II. Alternate Protein Product (APP)

If the product contains APP, please fill out the chart below to determine the creditable amount of APP. If APP is used, you must provide documentation as described in Attachment A for each APP used.

| Description of APP, manufacturer's name, and code number | Ounces Dry APP Per Portion | Multiply | % of Protein As-Is* | Divide by 18** | Creditable Amount APP*** |
|--|----------------------------|----------|---------------------|----------------|--------------------------|
| NA | | X | | ÷ by 18 | NA |
| | | X | | ÷ by 18 | |
| | | X | | ÷ by 18 | |
| B. Total Creditable APP Amount¹ | | | | | NA |
| C. TOTAL CREDITABLE AMOUNT (A + B rounded down to nearest 1/4 oz) | | | | | 0.50 oz |

*Percent of Protein As-Is is provided on the attached APP documentation.

**18 is the percent of protein when fully hydrated.

***Creditable amount of APP equals ounces of Dry APP multiplied by the percent of protein as-is divided by 18.

¹Total Creditable Amount must be rounded down to the nearest 0.25oz (1.49 would round down to 1.25 oz meat equivalent). Do not round up. If you are crediting M/MA and APP, you do not need to round down in box A (Total Creditable M/MA Amount) until after you have added the Total Creditable APP Amount from box B to box C.

Total weight (per portion) of product as purchased 1 Patty (1.50 oz)

Total creditable amount of product (per portion) 0.50 oz

(Reminder: Total creditable amount cannot count for more than the total weight of product.)

I certify that the above information is true and correct and that a 1.50 ounce serving of the above product (ready for serving) contains 0.50 ounces of equivalent meat/meat alternate when prepared according to directions.

I further certify that any APP used in the product conforms to the Food and Nutrition Service Regulations (7 CFR Parts 210, 220, 225, 226, Appendix A) as demonstrated by the attached supplier documentation.

GENERAL MILLS

Formulation Statement for Documenting Grains in School Meals
Required Beginning SY 2013-2014
(Crediting Standards Based on Grams of Creditable Grains)

School Food Authorities (SFAs) should include a copy of the label from the purchased product package in addition to the following information on letterhead signed by an official company representative. Grain products may be credited based on previous standards through SY 2012-2013. The new crediting standards for grains (as outlined in Policy Memorandum SP 30-2012) must be used beginning SY 2013-2014. SFAs have the option to choose the crediting method that best fits the specific needs of the menu planner.

Product Name: Whole Grain-Rich Biscuit Dough Easy Split® Code No.: 94562-32268

Manufacturer: General Mills, Inc. Serving Size: 2.51 OZ (71g)

I. Does the product meet the Whole Grain-Rich Criteria: Yes [X] No
(Refer to SP 30-2012 Grain Requirements for the National School Lunch Program and School Breakfast Program.)

II. Does the product contain non-creditable grains: Yes No [X] How many grams:
(Products with more than 0.24 oz equivalent or 3.99 grams for Groups A-G or 6.99 grams for Group H of non-creditable grains may not credit towards the grain requirements for school meals.)

III. Use Policy Memorandum SP 30-2012 Grain Requirements for the National School Lunch Program and School Breakfast Program: Exhibit A to determine if the product fits into Groups A-G, Group H or Group I.
Indicate to which Exhibit A Group (A-I) the Product Belongs: B

Table with 4 columns: Description of Creditable Grain Ingredient*, Grams of Creditable Grain Ingredient per Portion¹, Gram Standard of Creditable Grain per oz equivalent (16g or 28g)², and Creditable Amount. Row 1: Whole Wheat Flour, Enriched Flour Bleached. Total Creditable Amount³: 2.00

*Creditable grains are whole-grain meal/flour and enriched meal/flour.
¹(Serving size) X (% of creditable grain in formula). Please be aware serving size other than grams must be converted to grams.
²Standard grams of creditable grains from the corresponding Group in Exhibit A.
³Total Creditable Amount must be rounded down to the nearest quarter (0.25) oz eq. Do not round up.

Total weight (per portion) of product as purchased 2.51 OZ (71g)
Total contribution of product (per portion) 2.00 oz equivalent

I certify that the above information is true and correct and that a 71g/2.51 ounce portion of this product (ready for serving) provides 2.00 oz equivalent Grains. I further certify that non-creditable grains are not above 0.24 oz eq. per portion. Products with more than 0.24 oz equivalent or 3.99 grams for Groups A-G or 6.99 grams for Group H of non-creditable grains may not credit towards the grain requirements for school meals.

Order 11738, an applicable implementation plan as described in section 110(d) of the Clean Air Act (42 U.S.C. 1957c-5(d)), an approved implementation procedure or plan under Section 111(c) or Section 111(d), respectively, of the Air Act (42 U.S.C. 1857c-6(c) or (d)), or approved implementation procedure under Section 112(d) of the Air Act (42 U.S.C. 1857c-7(d)).

- D. The term "Clean Air Standards" means any enforceable limitation, control, condition, prohibition, standard, or other requirement which is promulgated pursuant to the Water Act or contained in a permit issued to a discharger by the Environmental Protection Agency or by a State under an approved program, as authorized by Section 402 of the Water Act (33 U.S.C. 1342) or by local government to ensure compliance with pretreatment regulations as required by Section 307 of the Water Act (33 U.S.C. 1317).
- E. The term "Compliance" means compliance with clean air or water standards. Compliance shall also mean compliance with a schedule or plan ordered or approved by a court of competent jurisdiction, the Environmental Protection Agency or an Air or Water Pollution Control Agency in accordance with the requirements of the Air Act or Water Act and regulations issued pursuant thereto.
- F. The term "facility" means any building, plant, installation, structure, mine, vessel, or other floating craft, location or sites of operations, owned, leased or supervised by the Food Service Management Company.

AFFIRMATIVE ACTION CONTRACT COMPLIANCE STATEMENT

FSMCs (Contractors) who desire to provide the Northwest Arctic Borough School District with supplies and/or professional services must comply with the following affirmative action contract requirements. During performance of this contract, the Vendor agrees as follows:

1. Vendor agrees to comply with all Local, State, and Federal Laws prohibiting discrimination with regard to race, creed, color, national origin, sex, marital status, age or the presence of any sensory, mental or physical handicap.
2. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex or mental or physical handicap. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, creed, color, national origin, sex, marital status, age or the presence of any sensory, mental or physical handicap. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
3. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration or employment without regard to race, creed, color, national origin, sex, marital status, age or the presence of any sensory, mental or physical handicap.
4. The Contractor will send to each labor union or representative or workers with which he/she has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the Contractors affirmative action commitments, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. Any Vendor who is in violation of these requirements, or an applicable Affirmative Action Program shall be barred forthwith from receiving awards of any purchase order from the Northwest Arctic Borough School District, or shall be subject to other legal action or action or contract cancellation unless a satisfactory showing is made that discriminatory practices, or noncompliance with applicable affirmative action programs, have terminated, and that reoccurrence of such acts is unlikely. This includes compliance with Section 503 and 504 of the Vocational Rehabilitation Act of 1973 and Section 2012 and 2014 of the Vietnam Era Veterans Readjustment Act of 1974.

ACKNOWLEDGMENT:

The Undersigned acknowledges that he/she has read and understands the foregoing.

Audit Committee or Chairman of the Board
Northwest Arctic Borough School District
P.O. Box 51
Kotzebue, Alaska 99752

Dear Audit Committee or Chairman of the Board:

We are pleased to confirm our understanding of the services we are to provide for Northwest Arctic Borough School District for the year ended June 30, 2026.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, including the disclosures, which collectively comprise the basic financial statements, of Northwest Arctic Borough School District as of and for the year ended June 30, 2026. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), to supplement Northwest Arctic Borough School District' basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Northwest Arctic Borough School District' RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

- 1) Budgetary comparison schedules.
- 2) Schedules of proportionate share of the net pension and the OPEB liabilities (asset) and contributions.

We have also been engaged to report on supplementary information other than RSI that accompanies Northwest Arctic Borough School District' financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS, and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements.

- 1) Schedule of expenditures of federal awards and related notes.
- 2) Schedule of state financial assistance and related notes.
- 3) Additional supplementary information.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP, and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on:

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal and state statutes, regulations, and the terms and conditions of federal and state awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

Auditor's Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, and will include tests of accounting records, a determination of major program(s) in accordance with Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We have identified the following significant risks of material misstatement as part of our audit planning:

- 1) Improper revenue recognition.
- 2) Management override of internal controls.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Our audit of financial statements does not relieve you of your responsibilities.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal and state award programs. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Northwest Arctic Borough School District' compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal and state statutes, regulations, and the terms and conditions of federal and state awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of Northwest Arctic Borough School District' major programs. For federal and state programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on Northwest Arctic Borough School District' compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal and state awards, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, schedule of state financial assistance, and all accompanying information in conformity with accounting principles generally accepted in the United States of America; and for compliance with applicable laws and regulations (including federal and state statutes), rules, and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, schedule of state financial assistance, all financial records, and related information available to us; for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers); and for the evaluation of whether there are any conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for the 12 months after the financial statements date or shortly thereafter (for example, within an additional three months if currently known). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; schedule of state financial assistance, federal and state award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, it is management's responsibility to evaluate and monitor noncompliance with federal and state statutes, regulations, and the terms and conditions of federal and state awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review at the start of the audit.

You are responsible for identifying all federal and state awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards, schedule of state financial assistance in conformity with the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. You agree to include our report on the schedule of expenditures of federal awards, and the schedule of state financial assistance, in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal awards and schedule of state financial assistance. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards, and schedule of state financial assistance, that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards, schedule of state financial assistance, in accordance with the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*; (2) you believe the schedule of expenditures of federal awards and schedule of state financial assistance, including its form and content, is stated fairly in accordance with the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards and schedule of state financial assistance,.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles (GAAP). You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Other Services

We will also assist in preparing the Federal Census Data Collection Form, financial statements, schedule of expenditures of federal awards and related notes, schedule of state financial assistance and related notes, of Northwest Arctic Borough School District in conformity with accounting principles generally accepted in the United States of America and the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes, schedule of state financial assistance, and related notes, services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities for the financial statements, schedule of expenditures of federal awards, and related notes, schedule of state financial assistance, and related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, the schedule of expenditures of federal awards, and related notes, schedule of state financial assistance, and related notes, and that you have reviewed and approved the financial statements, the schedule of expenditures of federal awards, and related notes, schedule of state financial assistance, and related notes, prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

To support effective planning, maintain audit quality, and ensure the efficient use of our professional resources, effective January 1, 2026, we have implemented a new policy regarding the rescheduling of scheduled audit fieldwork.

Audit engagements that are rescheduled or canceled less than two (2) weeks prior to the originally scheduled fieldwork start date will be subject to a late cancellation fee. This fee will range from 5% to 10% of the total audit fee, depending on the timing and circumstances of the rescheduling. This policy reflects the costs associated with reserving dedicated staff resources that cannot be readily reassigned on short notice.

We recognize that unforeseen circumstances can arise and will continue to consider exceptions on a case-by-case basis when warranted. This policy is intended to promote timely coordination and minimize disruption to both your audit timeline and our staffing commitments.

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Federal Census Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, schedule of state financial assistance, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Federal Census Data Collection Form to the Federal Audit Clearinghouse. We will coordinate with you the electronic submission and certification. The Federal Census Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's reports or nine months after the end of the audit period.

We will provide copies of our reports to Northwest Arctic Borough School District; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Altman, Rogers & Co. and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Cognizant Agency, Oversight Agency for Audit, or Pass-through Entity, or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Altman, Rogers & Co. personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Cognizant Agency, Oversight Agency for Audit, or Pass-through Entity. If we are aware that a federal or state awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Steve Wadleigh is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be at our standard hourly rates plus out-of-pocket costs (such as report reproduction, word processing, postage, travel, copies, telephone, confirmation service provider fees, etc.). We estimate our fee to be \$75,000. of the Federal Census Data Collection Form for the Federal Audit Clearinghouse and any special reports for the Alaska Department of Education and Early Development will be billed separately but estimated to be \$750. All out-of-pocket costs will be billed at actual. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 30 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report(s). You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will keep you informed of any problems we encounter and our fees will be adjusted accordingly.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the governing board of Northwest Arctic Borough School District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will state that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Both reports will state that the report is not suitable for any other purpose.

We appreciate the opportunity to be of service to Northwest Arctic Borough School District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the attached copy and return it to us.

Sincerely,

Altman, Rogers & Co.

Steve Wadleigh, CPA
Principal

RE: Request for Local Funding for NWABSD FY27 Operating Budget

Dear Mayor Moto & Assembly,

The Northwest Arctic Borough School District is requesting a maximum local contribution of \$12,334,023.

The School District is looking at a large deficit for the 2026-2027 School Year. Without an increase in revenue, NWABSD will have to make substantial reductions to district-wide staffing and programs.

Local Contribution Request:

| | | |
|-----------------------------|---------------------|---|
| Required Local Contribution | \$ 2,454,223 | — Included in Projected 2026-2027 budget |
| Borough Usage Fee | \$ 4,263,906 | — Returned to Borough in lieu of rent |
| Additional Support Request | <u>\$ 5,615,894</u> | |
| Total | \$ 12,334,023 | — maximum local contribution (Jan. 2026 OASIS report) |

Each year, NWABSD spends approximately \$12 million (20%) of General Operating Funds on the operations and maintenance of the Borough-owned school facilities, as well as leasing the buildings from the Borough for \$4,263,906.

On behalf of the School Board of Education, staff and students of Northwest Arctic Borough School District, thank you for your consideration in providing the maximum local contribution our communities.

Quyaana,

Terri Walker

SUBJECT: Approval of Payment to
United States
Department of Treasury
for Shungnak Fuel Spill

ABSTRACT:

Board approval is required for all purchases over \$50,000.

ISSUE:

At issue is the Board's approval for the payment of unpaid debt to the United States Department of Treasury, Bureau of Fiscal Service for the oil spill recovery costs of the Shungnak fuel spill as determined by the Department of Environmental Conservation.

BACKGROUND AND/OR PERTINENT INFORMATION:

According to the United States Department of Homeland Security, United States Coast Guard, the Environmental Protection Agency responded to an incident on or about June 20, 2020 near the Shungnak/Kobuk River and incurred charges for removal and damages. It has also deemed that the district as owner/operator of the facility as is, therefore, responsible for the payment of such costs in the amount of \$471,884.55.

FUNDING SOURCE:

Wells Fargo Investment Funds

ALTERNATIVES:

1. Approve the payment to the US Department of Treasury for an amount not to exceed \$471,884.55, as presented;
2. Disapprove the payment to the US Department of Treasury for an amount not to exceed \$471,884.55, as presented;
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The Administration recommends the Board approve the payment to the US Department of Treasury for an amount not to exceed \$471,884.55, as presented;

RE: Shungnak School Tank HHO Overfill, Spill No. 20389917201

Dear Mr. McConnell:

This letter is to advise you that on 6/20/2020 a pollution incident occurred at Shungnak School Tank Farm for which you may be financially responsible. Alaska Statute Title 46 authorizes the State to respond to this pollution incident and to take appropriate action to minimize damages to human health, safety or welfare or to the environment. Under Title 46, the owner or operator may be held financially responsible for any actions taken by the State. If you undertake response actions, they must be approved in advance by the Department under 18 AAC 75.300 - .396, and the adequacy of those actions will be evaluated by Graham Wood the State On-Scene Coordinator for this pollution incident. Response actions are adequate if they accord with state and federal law, including 18 AAC 75.

If you are taking adequate response actions, State involvement in the clean-up will be limited to approving cleanup plans, monitoring the progress of cleanup activities and providing guidance as necessary. Alaska Statute 46.08.070 requires that recovery be sought for certain costs, including oversight activities, incurred by the State in responding to pollution incidents. If you are determined to be a responsible party, the State will bill you at a later date for State expenditures associated with this pollution incident. Billable State expenditures include the direct costs of State staff time and indirect State overhead costs, as well as contractual and materials costs. Billable State staff time includes all time spent on activities related to the incident, including site visits, response and report reviews, telephone conversations, meetings, legal services, and interest.

Nothing in this letter shall be construed as a waiver of the State's authority or as an agreement on the part of the State to forego civil, criminal or administrative enforcement of the above-described violations or to seek recovery of damages, cost and penalties as prescribed by law. In addition, nothing herein shall be construed as a waiver of the State's enforcement authority for past, present or future violations not specifically described in this letter.

June 23, 2020

If you believe someone else may be responsible for this pollution incident or if you have any questions concerning this matter, please contact me at 907-230-2112.

Sincerely,

Jade Miller

Re: Shungnak School Tank HHO Overfill, Spill No. 20389917201

Dear Ms. Miller:

I am responding to your July 10, 2020 notice of potential financial responsibility for the June 20, 2020 Shungnak fuel spill. The Borough is the home rule regional government for Northwest Alaska. As a regional government, the Borough shares the Alaska Department of Environmental Conservation's (DEC's) interest in ensuring an adequate response to the spill. To date the Borough has contributed over \$100,000 towards the spill response. The Borough is also the owner of the Northwest Arctic Borough School District facilities on which fuel was spilled due solely to the acts of third parties.

Your letter invites the Borough's response if it believes that someone else may be responsible for the pollution incident. That is precisely the case here. While the Borough intends to cooperate with and support DEC's efforts, the Borough is not a responsible party that must pay DEC cost recovery invoices,¹ nor is it the primary party charged with carrying out initial response actions.²

As DEC's July 10, 2020 situation report describes, the spill happened when a fuel delivery scheduled for Shungnak Native Store and Alaska Village Electric Cooperative (AVEC) tanks was misdirected to a tank at the school, which then overflowed. The fuel misdirection was the result of someone leaving a three-way valve on the fuel line open in the direction of the school tank rather than in the direction of the AVEC tanks. The Borough had no role in the fuel purchase and delivery or the management of the three-way valve. Nor does the Borough ever have any role in school fuel operations.

¹ See AS 46.03.822(b), (h).

² See 18 AAC 75.310, .315, .900(108); AS 46.04.020.

Although the Borough owns the school property on which the fuel was spilled, the Borough is excluded from liability for cost recovery under AS 46.03.822(b)(1)(B). Under that section, a person is not liable for a release that occurred solely as a result of the “intentional or negligent act or omission of a third party, other than a party or its agents in privity of contract with, or employed by, the person,” provided that the person took due care and reasonable precautions, and, within a “reasonable period of time” discovered the release and started containment and cleanup operations.³ The fuel spill was caused entirely by non-Borough parties acting off of the Borough property. None of the Borough’s employees, agents, or contractors had any involvement in the misdirected delivery. Under the circumstances, the Borough exercised due care and reasonable precautions. It would be unreasonable to expect the Borough as a landowner to manage the conduct of third-party actors off its property to ensure that they do not misdeliver fuel to the school tank. And the spill was discovered, reported, and initial response actions started within a reasonable time. The Native Village of Shungnak reported the spill less than an hour after it happened, and cleanup has proceeded under the direction of the incident commander and the state and federal on-scene coordinators. The Borough has contributed over \$100,000 toward this response in addition to providing the City of Shungnak direct assistance. As a property owner whose land has been contaminated by the actions of third parties and who has responded reasonably and diligently, the Borough falls squarely within the liability protection of AS 46.03.822(b)(1)(B).⁴

In addition, to the extent any costs or damages result from actions taken in response to this spill emergency, the Borough is shielded from liability as a “municipality . . . who acts as a volunteer and is engaged in a response action under the direction of the federal or state on-scene coordinator.”⁵

Moreover, because the Borough had no role in causing or permitting the release, it is not the primary party charged with carrying out initial response actions. Under 18 AAC 75.310-.315, initial spill response actions must be carried out by a “responsible person.”⁶ “Responsible person” is defined as “a person who is required under AS 46.04.020 or AS 46.09.020 to contain or perform a cleanup of a discharge or release of a hazardous substance.”⁷ Those statutes, in turn, require containment and cleanup by a “person

³ AS 46.03.822(b)(1)(B), (2)(A)-(B).

⁴ See, e.g., *Lincoln Properties, Inc. v. Higgins*, 823 F. Supp. 1528, 1542-44 (E.D. Cal. 1992) (applying analogous CERCLA third-party defense to county whose wells were contaminated by solvent releases from neighboring property, noting there was “no evidence of conduct by the County that contributed to the releases”).

causing or permitting the discharge of oil”⁸ or a “person who causes a release of a hazardous substance.”⁹ The Borough neither caused nor permitted the fuel spill on the school property. As such, the Borough is not a responsible person under the initial response regulations and is therefore not the primary party charged with characterization and cleanup.

Finally, the Borough stands alongside the State as a governmental entity with its own rights to pursue cost recovery and damages from responsible parties under AS 46.03.822(a). The Borough is evaluating its rights under that statute, but fully intends to recover from primary responsible parties. In order to streamline recovery from those that are primarily responsible for the spill, the Borough welcomes the opportunity to discussing coordination or alignment of cost recovery efforts with the State.¹⁰

Sincerely,

NORTHWEST ARCTIC BOROUGH

Mayor Lucy S. Nelson

RE: Shungnak School Tank Heating Oil Overfill, Spill No. 20389917201

Dear Ms. Woods:

This letter is to advise you that the Alaska Department of Environmental Conservation (Department) has made a primary responsible party determination in the Shungnak School Heating Oil Overfill incident that occurred on 6/20/2020.

Previously, the Department sent a letter on 6/23/2020, advising you that Alaska Statute Title 46 authorizes the State to respond to this pollution incident and to take appropriate action to minimize damages to human health, safety or welfare or to the environment. Under Title 46, the owner or operator may be held financially responsible for any actions taken by the State. After review of the facts of the spill case, and in consultation with the Department of Law, the Department has determined the Native Village of Shungnak to be the primary responsible party of the Shungnak School Heating Oil Overfill. This determination was based on the following:

- Shungnak Store was the receiver of the fuel at the time of delivery,
- Shungnak Store employees incorrectly opened a valve that led to the fuel spill,
- Shungnak Store is owned by the Native Village of Shungnak.

As the primary responsible party, the Department has the following expectations from the Native Village of Shungnak:

- A. Completion of site characterization and delineation of the spill site by June 30, 2021.
- B. A site remediation work plan and timeline submitted to the Department by August 2, 2021.
- C. Weekly written reports of site status and clean up progress delivered via email to the Department and key stakeholders.
 - a. Key stakeholders will include government agencies, impacted and potentially impacted property owners (both public and private), and community stakeholders as identified by the Department.
 - b. Weekly reporting will continue until the Department gives notice that reporting frequency may be paused, altered, or cancelled due to seasonal conditions or completion of immediate remediation needs.

- c. Weekly reporting will include photos, and/or professional or hand drawn maps if requested by the Department.

Response actions must be approved in advance by the Department under 18 AAC 75.300 - .396, and the adequacy of those actions will be evaluated by Kimberley Maher, the State On-Scene Coordinator for this pollution incident. Response actions are adequate if they accord with state and federal law, including 18 AAC 75.

If you are taking adequate response actions, State involvement in the clean-up will be limited to approving cleanup plans, monitoring the progress of cleanup activities and providing guidance as necessary. Alaska Statute 46.08.070 requires that recovery be sought for certain costs, including oversight activities, incurred by the State in responding to pollution incidents.

The State will bill you at a later date for State expenditures associated with this pollution incident. Billable State expenditures include the direct costs of State staff time and indirect State overhead costs, as well as contractual and materials costs. Billable State staff time includes all time spent on activities related to the incident, including site visits, response and report reviews, telephone conversations, meetings, legal services, and interest.

Nothing in this letter shall be construed as a waiver of the State's authority or as an agreement on the part of the State to forego civil, criminal or administrative enforcement of the above-described violations or to seek recovery of damages, cost and penalties as prescribed by law. In addition, nothing herein shall be construed as a waiver of the State's enforcement authority for past, present or future violations not specifically described in this letter.

If you believe someone else may be responsible for this pollution incident or if you have any questions concerning this matter, please contact me at 907-269-7569.

Sincerely,

Jade Miller

Notice of Consultation for the Shungnak Oil Spill Clean-up Efforts and Cultural Resource Investigations

Dear Ms. Walker,

The Environmental Protection Agency (EPA) is conducting an oil removal assessment in the native village of Shungnak beginning on October 2, 2023. The proposed project is located at approximately Latitude 66.889053, N and Longitude 157.135091 W, within Section 09, Township 17 North, Range 08 East, Alaska-Northwest Arctic Borough, USGS Quadrangle Shungnak D-3 NE Quadrangle (Figure 1).

Purpose of Government-to-Government Consultation

The primary purpose of government-to-government consultation as described in Federal Executive Order 13175 “Consultation and Coordination with Indian Tribal Governments” to ensure that Federally Recognized Tribes are given the opportunity to provide meaningful and timely input regarding proposed EPA actions that uniquely or significantly affect Tribes.

Consultation Initiation

With this letter, the EPA is offering to consult on concerns that uniquely or significantly affect your Tribe related to the potential action described below. Early identification of Tribal concerns will allow the EPA and the landowner and operator to consider ways to avoid and minimize potential impacts to Tribal resources and/or cultural practices as project planning and alternatives are developed and refined. We would be pleased to discuss details of the proposed project and its potential impacts with you.

Project Information

This work is in response to a 15,000-gallon heating oil release that took place near the Shungnak School in 2020 and has since migrated downhill toward the Kobuk River. Ground disturbing activities include soil sampling using direct push technology (e.g., Geoprobe), and potential installation of monitoring wells. Most of the sampling is anticipated to occur within previously disturbed areas along existing roads.

Study Area/ Preliminary Area of Potential Effect (APE)

The preliminary APE for the proposed project consists of approximately 1 acre between the Shungnak School and the Kobuk River and including lands approximately 200-feet south. The preliminary APE boundary includes the direct footprint of the project, staging areas, existing disposal sites, and potential indirect effects of the project (e.g., noise, visual, atmospheric, and

cumulative effects). Indirect effects associated with the proposed project would be temporary and limited to the period that construction would occur. The APE will be finalized after comments are received from the consulting parties.

Identification Efforts

Shawna Rider, Secretary of Interior qualified archaeologist with Jacobs, examined the Alaska Heritage Resources Survey (AHRs) online database on September 01, 2023 to identify cultural resources (e.g., historic, prehistoric, and archaeological sites, structures, locations, remains, or objects) and historic properties [eligible for or listed on the National Register of Historic Places (NRHP)]. There were no previously identified AHRs sites within the preliminary APE. APE. Two previously identified sites are located within 1,000 feet of the preliminary APE (Table 1). Additional identification includes a literature review of the surrounding area from various sources.

Table 1. Previously Identified AHRs Sites

| AHRs NUMBER | SITE NAME | DESCRIPTION | NRHP STATUS |
|-------------|------------------------------|---|------------------------|
| SHU-00037 | Kiana-Selawik-Shungnak Trail | prehistoric traditional winter trail between two existing winter villages | Has not been evaluated |
| SHU-00009 | Shungak Site | Prehistoric house site | Has not been evaluated |

Consulting Parties

The EPA submitted letters initiating consultation to the Alaska State Historic Preservation Office (SHPO), Native Village of Shungnak, City of Shungnak, Northwest Arctic Borough, Nana Regional Corporation, Maniilaq Association, Northwest Arctic Borough School District.

Confidentiality

We understand that you may have concerns regarding the confidentiality of information on areas or resources of religious, traditional and cultural importance to the Tribe. We would be happy to discuss these concerns and develop procedures to ensure the confidentiality of such information is maintained.

If you have questions or comments related to this proposed project, please contact Brad Martin, Federal On-Scene Coordinator, by telephone at 206/553-4029, or by e-mail at martin.bradley@epa.gov. Your timely response will greatly assist us in incorporating your concerns into project development. For that purpose, we respectfully request that you respond prior to October 1, 2023 of your receipt of this correspondence.

Sincerely,

Brad Martin
Federal On-Scene Coordinator

RE: SHUNGNAC SCHOOL OIL DISCHARGE
FPN: UCGPE23006

Dear Sir or Madam:

This is a Notice of Potential Liability. Our records indicate that source of pollution has been identified as the source of a pollution incident that occurred on or about August 16, 2023 near the Kobuk River. The incident resulted after diesel fuel discharged from a tank and posed a substantial threat of affecting the Kobuk River near Shungnak, AK. Owners and Operators of a facility that either pose a substantial threat of a discharge of oil or are the source of an oil discharge into navigable waters of the United States (unless they can establish a defense to liability) are liable for Federal removal costs and damages as specified in the Oil Pollution Act of 1990 (33 USC 2701 et seq).

The Environmental Protection Agency responded to this incident and incurred costs as shown in the enclosed Estimated Costs as of the date of this letter. Our records also indicate that you were the owner and/or operator of the Facility at the time of the incident. If so, you may be liable as a responsible party for the resulting removal costs and damages. This is a completely separate process from any fines or penalties that may have resulted from the incident. If you have insurance that covers such pollution costs, you may want to provide a copy of this letter to your insurer.

Please contact me as soon as possible to discuss any of the following:

- If you are not the owner/operator of the Facility
- If you are the owner or operator but believe a third party caused the incident, or are claiming any other defense to liability
- Government costs specific to this incident
- Payment options
- How and where to send payment

This is a serious matter and deserves your prompt attention. If you do not communicate and work with us to resolve the matter, we may forward the case to the Department of Justice for potential litigation. If we determine you have a debt to the United States, we may forward any unpaid debt to the Department of Treasury's Debt Management Services (DMS) for collection. DMS charges additional fees for their collection efforts and can withhold income from tax refunds, social security benefits, salaries and retirement benefits of federal employees, and vendor or contractor payments.

(2) Explanation of Costs

Estimated Costs for Federal Project UCGPE23006

Estimates calculated as of 09/22/2025, subject to change.

| <u>Expenditure Type</u> | <u>Amount</u> |
|-------------------------|---------------------|
| EPA Personnel | \$16,675.16 |
| EPA Travel | \$2,881.11 |
| EPA Indirect Costs | \$53,389.71 |
| EPA Contract | \$296,558.24 |
| Total | \$369,504.22 |

Please contact us to discuss actual cost and instructions for payment.

Explanation of Costs

"EPA Personnel" Total cost of EPA personnel used to conduct, direct and/or monitor the removal action based on actual hourly salary and benefits costs.

"EPA Travel" Total cost of EPA travel to conduct, direct and/or monitor the removal action. Per diem (meals and lodging) rates are specified in the Joint Federal Travel Regulations but only actual lodging expenses are reimbursed. Travel costs are based on federal contract carrier rates on commercial aircraft or actual costs of rental cars, etc.

"EPA Indirect Costs" EPA's indirect costs consist of the administrative costs of EPA's Headquarters and Regional offices that provide administrative support to the rest of the Agency. Also included are depreciation costs as well as the costs of fringe benefits funded by the Office of Personnel Management. Also included are the Regional administrative support costs that are incurred on a regional level.

"EPA Contract" Total costs for equipment, labor and materials used by a commercial cleanup contractor hired by the Federal On-Scene Coordinator (FOSC) for the removal action or to settle claims. Also, total costs of Technical Assist Team (TAT) or Superfund Technical Assist and Response Team (START) contract support based on rates approved by the EPA Contracting Official. Each EPA region has its own TAT/START contractor. The contractor's invoice is based on rates agreed to by the Contracting Officer. The FOSC certifies on each invoice that the work was performed and that it was consistent with the National Contingency Plan (NCP) 40 CFR 300.

RE: Shungnak School Oil Discharge
FPN: UCGPE23006

Dear Sir or Madam:

This Billing Package is a follow-up to the Notice of Potential Liability sent to you on September 22, 2025, regarding an oil pollution incident.

The Federal On-Scene Coordinator identified the storage tanks at the Shungnak School as the source of a pollution incident that occurred on June 20, 2020, in the Kobuk River/ Shungnak, AK. The Environmental Protection Agency initiated pollution removal actions and the Federal Government incurred costs. The Oil Pollution Act of 1990 (33 USC 2701 et seq) provides that the Owner and/or Operator is responsible for the costs incurred.

Based on the information we have received regarding this case; the National Pollution Funds Center (NPFC) has determined that you are liable for these costs. If you have any evidence that would refute this assertion, please forward it to me, at your earliest opportunity or call me at the toll-free number below. A bill with itemized expenses and an explanation of those costs is attached to this letter (Enclosures 1-3). In compliance with various laws and regulations, personal information contained in the supporting documentation has been redacted.

This is a request for reimbursement of the costs incurred responding to this pollution incident, not a penalty or fine. Liability for pollution removal costs is in addition to other liabilities which may result from this incident, including, but not limited to, any damages or other pollution removal costs or any civil or administrative penalties arising from the incident.

Please note that the Oil Pollution Act requires that any unpaid portion of the bill is subject to interest which will begin to accrue 30 days after the date of the bill. Any payments received after this date will be first applied to the interest and then to the principal.

Please understand that this is the only written notification you will receive from the NPFC, and that Federal law requires that we forward unpaid debts to the Department of Justice for potential litigation or to the Department of Treasury's Debt Management Services (DMS) for collection. DMS charges additional fees for their collection efforts.

RIGHTS, RESPONSIBILITIES, COSTS AND COLLECTION ALTERNATIVES

YOUR RIGHTS. You have the right to an explanation of the basis and nature of the debt, an accounting and how we calculated the debt.

If you would like to inspect the documents that form the basis of the debt, please request a copy from the Case Officer assigned to your case. Copies will be provided free of charge. The Case Officer's contact information can be found on the billing letter.

You may dispute the information in the documents, submit additional material for consideration and request that we review or reconsider the determination of the debt. This request should be made within 60 days of the date of the invoice.

You may request a written repayment agreement in lieu of paying the entire balance of your debt at one time. Reconsideration for other than prompt full payment requires a review of your financial condition, including access to recent income tax returns. If funds are collected in excess of the debt, they will be promptly refunded to you, unless prohibited by law.

INSURANCE COVERAGE. If you have insurance coverage, contact your insurance agent to determine whether your policy covers any of the costs you are being billed.

BANKRUPTCY. If you file for bankruptcy, or if you were in bankruptcy at the time of the incident and an automatic stay is in effect, you are not subject to any offset during the stay. Please notify us of the stay by sending evidence about the bankruptcy proceedings.

JOINT INCOME TAX RETURN. If you file a joint income tax return, contact the Internal Revenue Service before filing your return to protect the share of your spouse's tax return refund. IRS Form 8379 is required.

INTEREST. Any balance not paid within 30 days of the original bill notice is a delinquent balance. A delinquent balance will subject you to additional charges for interest from the date of delinquency.

TREASURY DEPARTMENT DEBT MANAGEMENT SERVICE (DMS).

Outstanding debts that are 60 days or older are eligible for referral to the DMS for collection action. In addition, we are required to refer debts that are 120 days delinquent to the DMS for further collection action. If the delinquent debt is referred to DMS for collection, additional fees will be added to the amount due. Those fees will vary based on whether DMS collects the debt directly or through a private collection agency. Debts may be referred to the Justice Department for collection by litigation at any time.

TREASURY OFFSET PROGRAM (TOP). In addition to the above fees, you may be charged a fee for tax offset or federal salary offset if collection is made through TOP. A separate fee is charged each time a collection is made. The U.S. Treasury is not required to send notice to debtors before it offsets payments.

Enclosure (4)

RIGHTS, RESPONSIBILITIES, COSTS AND COLLECTION ALTERNATIVES

ADMINISTRATIVE OFFSET. The DMS may collect your debt through administrative offset. DMS may withhold money owed to you by the United States Government. The offset includes:

- Income tax refunds
- Certain Social Security benefits
- Black Lung Program benefits
- Salaries of federal employees (up to 15% of current net disposable pay per pay period until debt is paid).
- Retirement benefits, including railroad, federal and military benefits
- Vendor or contractor payments
- Travel reimbursements and advances

ADMINISTRATIVE WAGE GARNISHMENT (AWG). The DMS may also collect the debt through administrative wage garnishment (AWG) without a court hearing. The DMS may contact your employer and garnish a portion of your net disposable pay. If AWG is used in the collection of the debt, you may request a hearing to review the debt by notification to the agency on or before the 15th business day following the mailing of the administrative wage garnishment notice. The notification will stay the withholding order until the debtor has been provided the requested hearing. Failure to timely request a hearing by notification to the agency on or before the 15th business day following the mailing of the administrative wage garnishment notice will still entitle you to a hearing upon request but will not delay the withholding order. 31 CFR § 285.11(f).

CONSUMER REPORTING AGENCIES. The debt may be reported to consumer reporting agencies. The information that may be disclosed to consumer reporting agencies includes the debtor's:

- Name and Address
- Social Security Number
- Taxpayer Identification Number
- Amount, status, and history of the debt
- The program under which the debt arose

DELINQUENT DEBTS ARE A BAR TO CERTAIN FEDERAL PROGRAMS.

Debtors owing money to the U.S. Government are barred from obtaining federal loans, including student loans and FHA mortgages, federal loan insurance, federal grants, or federal guarantees.

PENALTIES FOR MAKING FALSE STATEMENTS. Information provided by you must represent all material facts and must be true to the best of your knowledge and belief. Misrepresentation of facts in this matter is subject to prosecution under Federal law, including but not limited to 18 USC§ 1001, and 31 USC§ 3729.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the instructions for Part II for details).
3. The IRS tells the requester that you furnished an incorrect TIN.
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; do not leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

| IF the entity/person on line 1 is a(n) . . . | THEN check the box for . . . |
|--|---|
| • Corporation | Corporation |
| • Individual • Sole proprietorship, or • Single-member limited liability company (LLC) owned by an individual and disregarded for U.S. federal tax purposes. | Individual/sole proprietor or single-member LLC |
| • LLC treated as a partnership for U.S. federal tax purposes, • LLC that has filed Form 8832 or 2553 to be taxed as a corporation, or • LLC that is disregarded as an entity separate from its owner but the owner is another LLC that is not disregarded for U.S. federal tax purposes. | Limited liability company and enter the appropriate tax classification. (P= Partnership; C= C corporation; or S= S corporation) |
| • Partnership | Partnership |
| • Trust/estate | Trust/estate |

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

- 1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)
- 2—The United States or any of its agencies or instrumentalities
- 3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
- 4—A foreign government or any of its political subdivisions, agencies, or instrumentalities
- 5—A corporation
- 6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession
- 7—A futures commission merchant registered with the Commodity Futures Trading Commission
- 8—A real estate investment trust
- 9—An entity registered at all times during the tax year under the Investment Company Act of 1940
- 10—A common trust fund operated by a bank under section 584(a)
- 11—A financial institution
- 12—A middleman known in the investment community as a nominee or custodian
- 13—A trust exempt from tax under section 664 or described in section 4947

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

| IF the payment is for . . . | THEN the payment is exempt for . . . |
|--|---|
| Interest and dividend payments | All exempt payees except for 7 |
| Broker transactions | Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012. |
| Barter exchange transactions and patronage dividends | Exempt payees 1 through 4 |
| Payments over \$600 required to be reported and direct sales over \$5,000 ¹ | Generally, exempt payees 1 through 5 ² |
| Payments made in settlement of payment card or third party network transactions | Exempt payees 1 through 4 |

¹ See Form 1099-MISC, Miscellaneous Income, and its Instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

B—The United States or any of its agencies or instrumentalities

C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-9.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLÉ accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

⁴ List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships*, earlier.

*Note: The grantor also must provide a Form W-9 to trustee of trust.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.identitytheft.gov and Pub. 5027.

Visit www.irs.gov/identitytheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

ADDRESS

RE: UCGPE23006, Shungnak School Oil Discharge Response

Dear Mr. Fischer,

My name is Michael Caulfield, I represent the Northwest Arctic Borough School District ("the District") in matter number UCGPE23006, Shungnak School Oil Discharge. I am responding to your letter dated December 4, 2025, which was received by the District on January __, 2026. Please direct all communication regarding this matter to me.

The District contests the Coast Guard's determination that the District is responsible for cleanup costs. This determination is directly contrary to the State of Alaska Department of Environmental Conversation's ("AKDEC") finding in the same matter, which found the Native Village of Shungnak to be the Primary Responsible Party for the discharge. AKDEC is the Alaska state entity responsible for determining responsibility for pollution incidents under Alaska Title 46. A copy of the AKDEC's initial notice to the District, and its subsequent responsibility determination, are attached to this letter.

Also attached to this letter is the Northwest Arctic Borough's response to AKDEC's initial responsibility notice. It explains that the spill occurred when a fuel delivery scheduled for Shungnak Native Store and Alaska Village Electric Cooperative (AVEC) tanks was misdirected by Store employees to a tank at the school, which then overflowed. The fuel misdirection was the result of the three-way valve on the fuel line being left open in the direction of the school tank, rather than the direction of the AVEC tanks. The District and Borough did not have any role whatsoever in the delivery of the fuel.

The District requests a review and reconsideration of the Coast Guard's determination based on the finding by AKDEC, with a determination that neither the District or Borough is responsible for the costs.

Furthermore, the District requests an explanation of the basis and nature of the alleged debt, and an accounting of how the debt was calculated. Finally, the District requests a copy of the documents relied upon to make the Coast Guard's determination.

The District retains all legal rights and defenses available to it. I look forward to your response.

RE: Shungnak School Oil Discharge
FPN: UCGPE23006

Dear Mr. Caulfield,

I have reviewed your letter dated January 27, 2026, contesting the Coast Guard's determination that the Northwest Arctic Borough School District ("the District") is a responsible party for the oil discharge at the Shungnak School on June 20, 2020. After careful consideration of your arguments and the provided exhibits, the Coast Guard maintains its determination that the District is liable for removal costs and damages for this incident.

The NPFC does not dispute the facts of the incident as they are contained in the Alaska Department of Environmental Conservation's report. However, the misaligned valve does not absolve the District under the Oil Pollution Act ("OPA"). Under OPA, "each responsible party for a vessel or a facility from which oil is discharged, or which poses the substantial threat of discharge of oil, into or upon the navigable waters or adjoining shorelines or the exclusive economic zone is liable for the removal costs and damages . . . that result from such incident." 33 U.S.C. § 2702(a). Under 33 U.S.C. § 2701(32)(B), the "responsible party" for an onshore facility is defined as "any person owning or operating the facility." While your letter clarifies that the Northwest Arctic Borough holds title to the tank, the School District actively manages its fuel deliveries and uses the tank/facility for heating purposes. This establishes the District as an "operator" of the facility.

The courts have had no difficulty finding liability for oil spills under an "operator" theory of liability. Despite Congress's circular approach of using a term to define itself, "defining the term 'operating' in the context of an oil discharge is not terra nova for the courts." *U.S. v. Nature's Way Marine, LLC*, 904 F.3d 416 (5th Cir. 2018) (quoting *U.S. v. Bestfoods*, 524 U.S. 51 (1998)(The United States Supreme Court has already opined that an "operator" in the CERCLA context was one who "manage[s], direct[s], or conduct[s] the operations specifically related to pollution [...]"). "When [Congress] used the verb 'to operate,' we recognize that the statute obviously meant something more than mere mechanical activation of pumps and valves and must be read to contemplate 'operation' as including the exercise of direction over the facility's activities." *Id.* at 71, 118 S.Ct. 1876. The District is the operator of the tank farm that was the source of the oil spill and is thus squarely within the purview of OPA's liability scheme.

The District argues that the Alaska Native Industries Cooperative Association (ANICA) is the correct responsible party for this incident. There may be more than one responsible party. *See Smith Property Holdings, 4411 Connecticut L.L.C. v. U.S.*, 311 F. Supp. 2d 69, 81 (D.D.C. 2004). Therefore, if a discharge occurs as part of a single "incident" involving the transfer from a barge to a facility, the government may designate both the facility and the vessel as responsible parties. OPA imposes strict, joint, and several liability on both owners and operators; ownership is not the sole prerequisite for liability. The District may have a contribution claim against ANICA and/or the barge company that delivered the fuel, Crowley Fuels, LLC, but it remains liable for the government's removal costs.

Further, the liability determination made by the Alaska Department of Environmental Conservation (ADEC) under Alaska Statute Title 46 is separate and distinct from federal liability. The Coast Guard is authorized by federal statute to recover costs from any liable party as defined by OPA, independent of state findings regarding "primary" responsibility.

You have asserted the "Third-Party Defense" under 33 U.S.C. § 2703(a)(3), citing that the fuel was misdirected by Store employees (third parties). However, this defense is only valid if the responsible party proves that:

- The discharge was caused solely by the act or omission of the third party; and
- The responsible party exercised due care with respect to the oil concerned and took precautions against foreseeable acts or omissions of any such third party.

The SITREP indicates that fuel was able to flow into School Tank #1 and overflow. For the fuel to enter the tank, the tank's intake piping must have been open to flow. The failure to close, lock, or secure the intake valves of the school's tank during a time when no delivery was scheduled constitutes a failure to exercise due care. Had the District's facility been properly secured, the misdirection of the 3-way valve would not have resulted in an ingress of oil into the school's tank. Because the District's omission contributed to the incident, the spill was not caused solely by the third party. Please be advised that OPA requires a responsible party to pay all removal costs and damages incurred by "any claimant". 33 USC § 2702(d)(1)(B). If the District desires to assert an affirmative defense to OPA liability, it must first pay all claims and then file a request for third party defense to the fund for adjudication.

Consequently, the School District remains a Responsible Party under OPA 90. The request to rescind the liability determination is denied. The Coast Guard hereby requests payment of the outstanding debt or the initiation of a payment plan immediately. Under 33 U.S.C. § 2717(f)(2), an action to recover removal costs under OPA "must be commenced within 3 years after completion of the removal action." EPA's documentation shows that the removal action in this case was completed on October 7, 2024. Further, the 3-year limitation does not apply to referral of debts by federal agencies to the Department of Treasury's Debt Management Service for offset.

RE: Shungnak School Oil Discharge, Coast Guard Demand

Dear Senator Sullivan,

I write to you on behalf of the Northwest Arctic Borough School District (NWABSD). As Superintendent for the District, I am seeking your assistance with a demand on the District from the United States Coast Guard regarding costs for a fuel spill cleanup in 2020.

On June 20, 2020, the Village of Shungnak Store had a scheduled fuel delivery. NWABSD was not involved in the delivery, and was not even aware that a fuel delivery was occurring. During the fuel transfer process, a Shungnak Store employee improperly operated a valve that allowed fuel to flow to the School District's tank farm. This caused fuel to overflow and spill out of one of the District's tanks. This spill resulted in cleanup efforts by both state and federal environmental authorities.

A subsequent investigation by the Alaska Department of Environmental Conservation, in conjunction with the Alaska Department of Law, found that the Village of Shungnak was "the primary responsible party" for the spill.¹ Additionally, because the spill occurred partly on Borough owned property, the Northwest Arctic Borough expended over \$100,000 towards spill response.²

Despite the facts, and DEC's official determination that the District had nothing to do with this spill, in late 2025 the Coast Guard sent the District a demand that the District cover the federal government cleanup costs of almost \$370,000.00.³ Our legal counsel has already written to the Coast Guard informing them that the Village of Shungnak was found primarily responsible, and requesting that payment of the cleanup costs be borne by the party responsible.⁴ Unfortunately, the Coast Guard has refused to pursue payment from the Village of

Shungnak, and continues to assert that the District should pay these costs.⁵ The Coast Guard has also ignored our attorney's request to provide records to justifying the amounts charged, given that federal involvement in this cleanup was limited, and to the District's knowledge no federal personnel were on scene at any time during the cleanup.⁶

As you are well aware, school districts across Alaska are facing severe budgetary shortfalls. NWABSD is currently experiencing an approximate \$11 million dollar budget shortfall. What this means is that if the Coast Guard proceeds with this effort, valuable resources otherwise allocated for the education of the District's children will be diverted to pay a sum that is insignificant to the federal government, but a large and meaningful amount to the District. To then add insult to injury, the District would need to expend additional resources to engage in otherwise unnecessary litigation to seek recovery of this amount. These resources would come directly from the District's budget because insurance coverage for this payment has been denied. This unfortunate series of events can all be avoided if the Coast Guard would pursue the actually responsible party.

I respectfully request assistance to help convince the Coast Guard that its current posture is both unreasonable, and will unnecessarily cause direct harm to the District and the students it is charged with educating. The demand for payment should be withdrawn.

Enclosed with this letter is supporting documentation from DEC showing that the Village of Shungnak is the primarily responsible party, as well as the District's correspondence with the Coast Guard. Any assistance that you may be able to provide will go a long way towards helping our region's children, and ensuring that the District's limited public education dollars are spent on education for students.

Respectfully,

Terri Walker
