July 30, 2026

East Chambers Board of Trustees:

We have just completed our summer strength & conditioning program. Participation was again much better than most 3A schools. We averaged about 129 athletes a day during the 6 weeks of summer strength and conditioning workouts. We had 34 of our high school football players that attended at least 20 of the 24 summer workouts. We will continue to emphasize the importance of year around commitment to strength and conditioning in all sports to achieve the success that we all desire.

High school football practice is now underway and we have about 80 players that will be participating in August practices. Our first varsity football game will be at home vs Jasper on Friday, August 28th at 7:30 pm.

High School Volleyball practice will be starting next week. Our first varsity volleyball game will be on August 8th at PNG.

Thanks again for your support and we are looking forward to another excellent school year.

Sincerely,

Russ Sutherland
Athletic Director/Head Football
East Chambers ISD
