Assistant Superintendent's Board Report

August 10, 2026

- **District Leadership & Staff Support**

- Collaborated with Mrs. Touchet and campus principals to assist with teacher certification requirements and supported the onboarding of new staff members.
- Coordinated districtwide compliance training through Public School Works for all District employees.
- All new nurses attended the Region 5 Medical Skills Day training and have received additional training from Nurse Sparks on District health protocols.
- Secretary training has been developed and is scheduled for August 10th to ensure we maintain consistent procedures and customer service across the District.

- **Texas Principal and Evaluation Support System (T-PESS)**

- Attended T-PESS certification training at Region 5 Education Service Center with Mr. Hicks to become a certified appraiser for the 2026-2027 school year.

- **School Safety**

- Sentinel - TEA School Safety Database
 - Successfully completed all required 2025-2026 SSSP reporting and initiated 2026-2027 updates to maintain TEA compliance.
- Collaborating with Mrs. Smith to complete the Texas School Safety and Security Audit Survey.
- Texas School Safety Conference
 - Attended the Texas School Safety Conference in June with Mr. Kahla, Ms. Cowart, Deputy Davis, and Sergeant Vest.
 - Participated in sessions addressing emerging school safety practices, collaborated with school administrators and law enforcement leaders from across Texas, and explored new safety initiatives and technologies.
 - Attended a session focused on countywide reunification planning, which provided valuable information to help strengthen East Chambers ISD's reunification plan.

- **Texas Child Health Access Through Telemedicine (TCHATT)**

- Participated in a Zoom meeting with UTMB Galveston and campus leaders to explore a partnership that would provide no-cost, short-term mental health and counseling services for students and families.

- **Instruction/Curriculum**

- Met with Mrs. Dreaden and Mr. Fowler to gain a better understanding about our current Career and Technology Education (CTE) pathways and their impact on College, Career, and Military Readiness (CCMR) accountability.
