District: MERIDIAN COMMUNITY UNIT SCHOOL DISTRICT #223

Equity Impact on 2026/2027 Workers Compensation Renewal

At today's CLIC Full membership meeting, an equity return of \$6,431,736 will be announced for the CLIC Workers' Compensation program.

While equity return checks will be issued by CLIC's treasurer in the upcoming months, we encourage you and your district's board to review your CLIC Workers' Compensation renewal alongside your district's portion of the equity return.

2026/2027 Workers' Compensation Program:

Total Program Contribution:	\$105,891
Year-Over-Year Program Change:	-3.09%

Estimated Equity Return:	\$26,174
---------------------------------	-----------------

Year-Over-Year Change Factoring in Equity:	<u>-27.05%</u>
---	-----------------------

This represents the single largest equity return in the history of CLIC's Workers' Compensation Program and reflects the value of cooperatively sharing in risk with other like-minded school districts. We appreciate your district's efforts in making this possible.
