

April 1, 2026

Dear LPSD School Board,

I think Kacy Lou should keep her job. She has been a great mentor and counselor. Miss Kacy is kind, sweet, funny, and forgiving, and she makes people feel comfortable and supported. She has hardly actually been at our school in Port Alsworth because she has been working hard in other schools and communities. I think that Miss Kacy should be able to keep her job even though she will be working remotely. She has already been working remotely because she has not been here in Port Alsworth but in other villages working hard and helping people in need of counseling. Even when she is not physically here she still makes sure that everyone is supported.

Miss Kacy Lou is an important part in so many schools and communities, she should be able to keep her job, even if she is remote

Sincerely,
Elliott
