FISCAL NOTE: Bond Funds

ANTICIPATED DATE FOR ACTION: May 31, 2007

Background Information:

- Included in the 2006 Bond was the upgrade of the Network system. The Technology Department has developed a revised Network Operations Center (NOC) that increases expansion and reliability, and also conserves space in the NOC.

Administrative Considerations:

- The technology equipment for this work was approved in December 2006.
- The balance of the work included in this upgrade includes new electrical service, demolition of the existing floor and ceiling, and final finish out.
- Administration will request approval of \$60,000 for this work, using 2006 Bond funds.
