### Partners in Education

Warren Reed Insurance, as well as the Reed family foundation are heavily involved in the education of our youth.

In 1999, the Warren & Ethyl Reed – Carson Valley Lions Scholarship Foundation was formed by Alan Reed. The tax-exempt foundation was set up according to the laws governing same by the Internal Revenue Service.

It was Warren Reed’s ambition to be able to provide scholarships to students of single parents who have a true financial need for assistance. The scholarship is open to students who live in single parent households. Students from Smith Valley, Coleville, Whittell and Douglas High Schools are eligible to apply for a scholarship of up to \$2,000 annually.

Warren Reed had a long record of public service to the Carson Valley Lions Club, and the award aptly names his affiliation with same.

Scholarship winners to date are:

Attn: Blake Smith

Dear Mr. Smith and The Board of Trustees,

Enclosed please find a detailed summary of coverage terms and conditions for the upcoming year.

### **The 2026 POOL Renewal Process**

POOL regularly shops for quality carriers, as well as competitive terms. This process started months ago (as noted below).

October 2025- Association of Governmental Risk and Insurance POOL meetings conducted in Austin, Texas. Meetings were held with 6 markets wherein market conditions, and options were explored.

March 2026- Alternate markets were approached for Cyber and Liability in pursuit of gap filling with respect to liability and replacement carriers for cyber.

February 2026- Meetings conducted with 17 potential syndicate partners. We were assisted by our London broker, Steve Firman and our U.S. affiliate, Willis Towers Watson. As well, the property market has stabilized since 2024.

As a result of POOL's efforts, your membership voted to accept proposals from County Reinsurance Limited, Public Risk Mutual, Government Entities Mutual, Lloyds of London, Tokio Marine and Travelers Boiler Re.

### **Membership Report**

There are now 144 public entities in POOL. Approximately 45 members have voting rights. New members include Beatty GID, Cave Rock Estates GID, East Fork Fire Protection District and Tahoe Transportation District. The members have effectively pooled together as a risk sharing pool for more than 40 years.

### **Carrier Review and Financial Discussion**

The voting members considered several factors in making their renewal decision. Those included current carrier relationships, stability in pricing, claims handling, and auxiliary services provided to the membership, as well as coverage enhancements.

In an effort to increase their long-range viability and financial strength, the membership has continued to develop a number of member owned insurers that over time, have and will continue to participate in the program structure. These companies assist POOL/ PACT by participating in coverage layers within the insurance programs. The presence of these member owned captives has strengthened the financial position of POOL/PACT. They have also helped in the negotiation of coverage contracts with respect to increased levels of coverage that are dependent on financially strong underlying companies. One additional goal is to continue increasing investment earnings.

The major purpose of any pool is to provide consistency in terms of coverage availability and pricing which can also be described as taking the unexpected bumps out of the road that may occur from time to time, due to hardening and softening within the marketplace.

In the case of POOL/ PACT, the member owned captives are Public Risk Mutual (PRM) and Public Compensation Mutual (PCM). These non-profit captives participate within the program structure. As well, the Pool has a financial stake in two risk retention groups (RRG's), Government Entities Mutual (GEM) and County Reinsurance Limited (CRL) who also participate in coverage layers. One traditional insurance company, Travelers Re, as well as one syndicated insurance provider, Lloyds of London participate in the property coverages. Ironshore Insurance provides environmental protection.

Carrier Spotlight-Government Entities Mutual-GEM was formed in 2003 and is currently owned by twenty three public entity pools from seventeen states, including the Nevada Public Agency Insurance Pool (POOL). They are a pool of pools. They also participate in POOL's coverage layers. GEM is domiciled and regulated in Washington, D.C.. The GEM Proposition-A dependable, stable source of reinsurance acting in the best interests of our members.

Financial statements are available to any interested party. In short, the member owned entities continue to grow in key areas including net assets (well over \$200,000,000). As POOL/PACT are quasi public entities, they are subject to Nevada Statutes with respect to safeguarding their financial assets. Same includes preservation of principal, and adequate liquidity to meet operating needs. However, they are also offered an opportunity at income and growth which typically, governmental entities are not. Both organizations received clean opinions from the independent auditor.

**Did you know? The Nevada Public Agency Insurance Pool is a non-profit organization.**

## **State of the Insurance Market**

### **Property**

- The property market has leveled, and capacity is again available. CAT losses have not declined, and secondary losses continue to be more frequent, such as climate change, wind, hail, and wildfire.

### **Liability**

- Due to inflation, including social inflation, and its impact on claim costs, civil turmoil/law enforcement and continued Sexual Assault and Molestation, liability markets remain conservative in pricing.

### **Workers Compensation**

- With the continued rise in health care costs, markets will continue to look for rate increases. With respect to public entities, presumptive legislation and resulting laws will no doubt, provide challenges going forward.

### **Cyber**

- Although some market stabilization has occurred in 2026, losses continue to happen. Markets continue to press for improved cyber security practices on behalf of insureds. Higher rates, reduced limits, larger retentions and deductibles are impacting this sector.

## **POOL's Cyber Cover**

**POOL affords Cyber Liability to each member. The limit is \$1,000,000 per cyber security event. Claims include but are not limited to malware attacks, leakage of sensitive information, unwanted e-mails to wireless devices and computers without permission, improper faxes, failure to follow electronic procedures, errors arising out of social networking, web issues, improper text messaging and data breaches.**

Tokio Marine now underwrites the coverage.

POOL currently contracts with Information International Associates, Inc. to assist with data security policies, procedures, and risk evaluations. These services have been made available to the members. The cost for same is absorbed by the POOL.

### **Environmental Services**

Pollution Legal Liability is included subject to a \$2,000,000 limit for each incident and an aggregate limit of \$10,000,000. A \$25,000 deductible per incident applies. Coverage applies for (1) third party claims, (2) first party remediation expense, (3) emergency response expense and (4) business interruption.

### **Property Recap**

The POOL currently underwrites \$8,590,569,059 in Nevada property exposures. This limit also includes physical damage on those autos scheduled with broader coverage.

### **Ownership**

As mentioned above, ownership in the Nevada Public Agency Insurance Pool is vested in the membership. All decisions regarding coverage plans are made by the Executive Board and the Executive Committee with input, research and leadership provided by the POOL's Executive Director (Wayne Carlson) and POOL staff.

### **Accountability and Peer Review**

Both POOL and PACT belong to AGRiP, the Association of Governmental and Risk Pools. AGRiP is a conglomerate of several hundred governmental insurance pools in the U.S. POOL and PACT have consistently (since 1996 and 1993) received awards from AGRiP's Recognition Program. That status is achieved upon completion of rigorous examinations and a compliance process administered under AGRiP's Advisory Standards for Public Entity Risks and Employee Benefit Pools. This comprehensive process includes an in depth analysis of practices, procedures, claims and a financial review, as well.

### **Risk Management Grant Program**

The program funds for risk management and mitigation projects. Annual grants funded by POOL are approximately \$500,000 for POOL, and a similar amount for PACT.

Equipment replacement projects, cyber security software, security enhancements, parks and playground equipment, as well as fire protection upgrades are high on many public entities wish lists. Some grants were/are over \$50,000. Members use these grants to reduce their own costs that are associated with risk management. There are a variety of applications reviewed on a regular basis. Members are encouraged to take advantage of this service. Grant awards can be provided for a number of safety items (i.e. fire alarm equipment, video security, and dispatch equipment) as well as cost reimbursements for risk management conferences. As well, awards are available under the POOL's Enterprise Risk Management Excellence Program

### **The Employee Assistance Program**

The Employee Assistance Program (or EAP) through KEPRO continues to be utilized. The most widely assessed problems include Emotional Well Being, Work Life and Relationships. For those looking at legal consultations Family Law, Divorce, Separation, Elder' Law, Probate and Estates are some of the most looked at topics. More employees are accessing online according to the utilization data. KEPRO is also emphasizing the promotion and availability of teletherapy and telehealth.

POOL/PACT offers to all member employees and their dependents a confidential program to address and resolve personal and workplace challenges. Services are offered live and online. Over 15,000 employees have access to this program. Hundreds of public entity employees seek assistance each year. Of those seeking help, about 15% are dependents.

### Program Cost Summary

The Nevada Public Agency Insurance Program Cost for 2026 is \$1,260,980.63. Although the base rates are approximately 8.23% lower, there are significant exposure changes in your schedule. Replacement costs were evaluated in the past year, and the district's total insured values went from \$431,156,720 to just short of \$518,567,475 (an increase of \$87,410,755 which, constituted a jump of 20.27%). As well, your payroll increased by just over 12%, as did the fleet schedule (from 225 to 253).

(There are 6 factors that affect the program cost. They are payroll, total insured values, number of vehicles, employees, students and teachers.)

**THANK YOU FOR  
YOUR  
MEMBERSHIP!**

Dear POOL Member:

Thank you for your continuing leadership commitment to serving your communities by fulfilling your public service mission. The POOL continues to offer programs, services and support for Members' financial security and collaborating with you in support of your mission.

This Member Coverage Summary reflects the successful negotiations with multiple markets to obtain cost-effective terms, conditions and pricing for approval by the POOL Board on behalf of all Members.

As owners of the POOL, you approved the extensive risk management services, such as POOL/PACT HR services including its training courses and ELearning modules on important HR topics. Enrollment in POOL's ELearning programs include Target Solutions Fire/EMS training, KnowBe4 email security training and more. ELearning continues to reach an increasing number of employees for convenient and cost-effective learning. POOL also maintains an ongoing focus on law enforcement policies and practices targeted jail and road operations with onsite and virtual assessments and sample policies.

We encourage you to discuss the POOL's services with staff and your agent. We regularly update our website and encourage you to visit [www.poolpact.com](http://www.poolpact.com) to utilize a growing base of HR and risk management information in the resource libraries. While there, look for the POOL Coverage documents, board and committee agendas and minutes.

Thanks to all Member volunteers who serve on our boards and committees. These volunteers do a superb job of representing the interests of the Members of your POOL.

Sincerely,

Wayne Carlson  
Executive Director  
Nevada Public Agency Insurance Pool
